

2012 City of Amarillo Educational Opportunity 2012 Training Series #10

Texas Panhandle Inspectors Association
Promoting Safety in the Built Environment

Transition from 2012 International Building Code

DESIGNED FOR: Contractors, Inspectors, Architects, Engineers Designers and Suppliers

Program: 2012 International Building Code (IBC) Transition from the 2006 IRC.

Length of Seminar: 1 Day – Lunch provided, RSVP required (see registration form attached) 8:00 AM to 5:00 PM

ICC CEU Credit: 0.8 (AIA, AISC CEU available)

Experience Level: Intermediate-advanced

Description: This program will offer a comprehensive yet practical analysis of the critical changes made between the 2006, 2009 and 2012 editions of the international Building Code. Each change is first identified and then expanded upon with in-depth discussions of how it affects real-world applications of the 2012 IBC. Coverage reflects provisions with special significance, including new and innovative design ideas and technologies, modern materials and methods of construction, and current approaches to fire safety, life safety and structural stability.

Objectives:

Upon completion, participants will be better able to:

- Identify the most significant differences between the 2006 IBC, 2009 IBC, and the 2012 IBC.
- Explain the differences between the current and previous editions.
- Identify changes in organization and code requirements.
- Identify the applicability of design, plan review and inspection requirements.

Cost: NO COST --- Lunch provided

Registration: RVSP required for lunch reservation. (See registration form attached.)

When: November 14, Wednesday 8:00AM – 5:00PM

Where: Amarillo Civic Center – Hospitality Room
401 S. Buchanan, Amarillo, TX

Instructor: Russell Thornburg, *Instructor, International Code Council*

For the last eleven years, he has written and developed code seminars, and instructed for municipalities and various code groups, as well as for the International Code Council throughout the United States.

- Served as a building technician, field inspector, and plans examiner since 1998.
- Thirty years of construction and inspection experience.
- Seventeen years of experience as an adult educator.
- Twenty years employed as a general contractor, with related teaching and volunteer positions.
- First-hand knowledge and experience as a homeowner, contractor, field inspector, and plans examiner.
- Russell teaches building inspection technology classes at community colleges, as well as continuing education seminars for local code enforcers and residential contractors.
