 2012 Training Series #8
 Educational Opportunity

Simpson Strong-Tie Wall Bracing

DESIGNED FOR: Contractors, Home Builders, Inspectors, Design Professionals, and Suppliers

Program: WALL BRACING PROVISIONS OF THE 2012 IRC WORKSHOP

Length of Seminar: 1/2 Day – 12:00 PM to 5:00 PM Lunch Provided

Experience Level: Intermediate-advanced

Description:

This workshop will cover building code requirements for the 2012 International Residential Code. The focus will be the wall bracing section of the wall construction chapter. There will also be opportunities for hands-on plan review of wall bracing layouts that are becoming more important to the building process. This class targets contractors, framers, code officials, architects, designers, and anyone in the residential wood construction field. Continuing education credits are available. ICC CEU credit .6 (AIA, AISC, CEU available)

Objectives:

Upon completion, participants will be better able to understand:

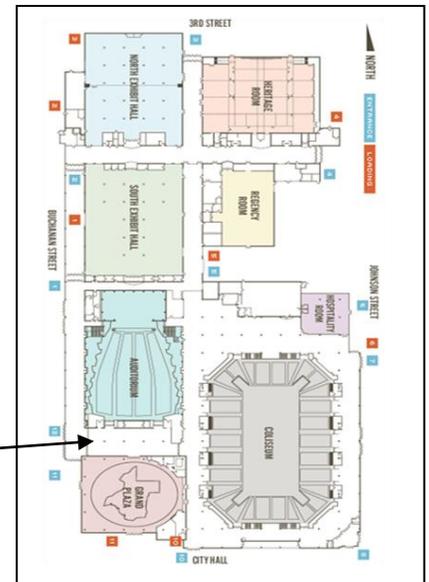

- Prescriptive Code: What is it and how was it developed
- IRC Wall Bracing Provisions
- Common Problem Areas
- Bracing Design Example
- Pre-Engineered Bracing Solutions

Cost: -----**FREE TRAINING!!!!**-----**Free Lunch!!!!**-----
Pre-Registration is required for head count on lunch

When: November 2nd, Friday 12:00pm – 5:00PM

Where: Amarillo Civic Center – Auditorium Lobby
 401 S. Buchanan, Amarillo Tx.

Instructor: Mark Walkenbach, Simpson Strong-Tie

Mark has been with Simpson Strong-Tie since December of 2003 as a retail specialist in the St. Louis market. After three years he became the Quik Drive specialist covering Central and North Florida. In 2009, he took the Territory Manager position covering Oklahoma, Central and Western Kansas, and the Texas Panhandle. In this role Mark works with the engineers, architects, building departments, and general contractors in the territory providing technical and sales support. Mark earned a Bachelors of Arts in Communication from the University of Missouri-Columbia in 2001. He has made presentations at various colleges and technical schools and he has been an active participant in local construction related trade associations. Along with the support of the team in McKinney, TX, Mark looks forward to continuing the partnership with engineers, architects, building officials, and contractors for many years. Please feel free to contact him for any Simpson Strong-Tie related questions or comments.
