RE: Greenways Public Improvement District (PID) Budget Amendment

Following up on the Greenways PID reimbursement discussion that was held a few weeks ago, it was determined that to move forward with a reimbursement, a budget amendment would be needed. Since that time, Eddie Scott has made a formal request for reimbursement of \$300,000 from the Greenways PID surplus fund balance.

Staff convened the Greenways PID Advisory Board on May 15th to discuss the reimbursement request. After consideration of the request, the Board unanimously recommended approval of the reimbursement request. City staff have also considered the request and believe the reimbursement, if approved, would not negatively affect the current or future Greenways PID fund balance.

Given State law allows for reimbursement agreements for public improvement costs and the Greenways PID Advisory Board has unanimously recommended approval of the Developer's reimbursement request, City staff recommends the reimbursement process move forward with the necessary preparation of a Greenways PID budget amendment and subsequent City Council action.

RE: Greenways Public Improvement District (PID) Budget Amendment

Following up on the Greenways PID reimbursement discussion that was held a few weeks ago, it was determined that to move forward with a reimbursement, a budget amendment would be needed. Since that time, Eddie Scott has made a formal request for reimbursement of \$300,000 from the Greenways PID surplus fund balance.

Staff convened the Greenways PID Advisory Board on May 15th to discuss the reimbursement request. After consideration of the request, the Board unanimously recommended approval of the reimbursement request. City staff have also considered the request and believe the reimbursement, if approved, would not negatively affect the current or future Greenways PID fund balance.

Given State law allows for reimbursement agreements for public improvement costs and the Greenways PID Advisory Board has unanimously recommended approval of the Developer's reimbursement request, City staff recommends the reimbursement process move forward with the necessary preparation of a Greenways PID budget amendment and subsequent City Council action.

If you have any questions or require additional information, please let me know.

In such cases, costs shall be divided proportionately among the participants (Exhibit "C").

At each polling location, joint participants shall share voting equipment and supplies to the extent possible. The participating parties shall share a mutual ballot in those precincts where jurisdictions overlap. However, in no instance shall a voter be permitted to receive a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap.

II. LEGAL DOCUMENTS

The Entity shall be responsible for the preparation, adoption, and publication of all required election orders, resolutions, notices, and any other pertinent documents required by the Texas Election Code and/or the Entity's governing body, charter, or ordinances.

Preparation of the necessary materials for notices and the official ballot shall be the responsibility of the Entity, including translation to languages other than English. The Entity shall provide a copy of their election order and notice to the Elections Administrator.

III. VOTING LOCATIONS

The Elections Administrator shall arrange for the use of all Election Day voting locations. Voting locations will be, whenever possible, the usual voting locations for Potter County. In the event a voting location is not available, the Elections Administrator will arrange for use of an alternate location with the approval of the Entity.

If polling places are different from the polling place(s) used by the Entity in its most recent election, the County agrees to post a notice no later than the day before the election, at the entrance to any previous polling places in the jurisdiction stating that the polling location has changed and stating the Entity's polling place names and addresses in effect for election. Election Day locations are listed on Exhibit "A".

In the November 3, 2020 election, Potter County will utilize county-wide voting. As such, there will be 16 polling locations. Registered voters will be able to vote on Election Day at any of the polling locations.

IV. ELECTION JUDGES, CLERKS, AND OTHER ELECTION PERSONNEL

The Elections Administrator shall arrange for the training and compensation of all election judges and clerks. The Elections Administrator shall arrange for the date, time, and place for the presiding election judges to pick up their election supplies. Each presiding election judge will be sent a letter from the Elections Administrator notifying him/her of their appointment, the time and location of training and distribution of election supplies, and the number of election clerks that the presiding judge may appoint. Election workers will be compensated for the two-hour training class.

Each election judge and election clerk will receive compensation at a rate of \$12.00 per hour as established by Potter County pursuant to Texas Election Code Section 32.091. Election judges and clerks will be entitled to receive pay at a rate of time-and-a-half per hour for all hours worked over 40 in a week. The election judge and alternant judge will share an additional sum of \$25.00 for returning the supplies and equipment to the central counting station after the polls close.

It is agreed by all parties that at all times and for all purposes hereunder, all election judges, clerks, and all other personnel involved in this election are temporary employees of the County.

V. PREPARATION OF SUPPLIES AND VOTING EQUIPMENT

The Elections Administrator shall arrange for all election supplies and voting equipment including, but not limited to official ballots, sample ballots, voter registration lists, and all forms, signs and other materials used by the election judges at the voting locations. The Elections Administrator shall provide the necessary voter registration information, instructions, and other information needed for the election. If special maps are needed for a particular Entity, the Election Administrator will order the maps and pass that charge on to that particular Entity.

The Entity shall furnish the Elections Administrator a list of candidates and/or propositions showing the order and the exact manner in which the candidate names and/or proposition(s) are to appear on the official ballot (including titles and text in each language in which the authority's ballot is to be printed). All ballot information for the ballot will be provided in both English and Spanish. This list shall be delivered to the Elections Administrator as soon as possible after ballot positions have been determined by each of the participating authorities. Each participating authority shall be responsible for proofreading and approving the ballot insofar as it pertains to that authority's candidates and/or propositions.

VI. EARLY VOTING

The Entity agrees to appoint the Elections Administrator as the Early Voting Clerk. The Entity also agrees to appoint the Elections Administrator's permanent county employees as deputy early voting clerks. The Entity further agrees that the Elections Administrator may appoint other deputy early voting clerks to assist in the conduct of early voting as necessary, and that these additional deputy early voting clerks shall be compensated at an hourly rate set by Potter County pursuant to Section 83.052 of the Texas Election Code. Early Voting by personal appearance will be held at the locations, dates, and times listed in Exhibit "B." Any qualified voter of the Election may vote early by personal appearance at any one of the early voting locations.

As Early Voting Clerk, the Elections Administrator shall receive applications for early voting ballots to be voted by mail in accordance with Chapters 31 and 86 of the Texas Election Code. Any requests for early voting ballots to be voted by mail received by the Entity shall be forwarded immediately by fax or courier to the Elections Administrator for processing.

The County Election Board shall appoint up to nine additional members to constitute the EVBB. Five people will be appointed to the Signature Verification Committee. The Elections Administrator shall determine the number of members required to efficiently process the early voting ballots.

VIII. CENTRAL COUNTING STATION AND ELECTION RETURNS

The Elections Administrator shall be responsible for establishing and operating the central counting station to receive and tabulate the voted ballots in accordance with the provisions of the Texas Election Code and of this Contract.

1. Counting Station Manager
2. Tabulation Supervisor
3. Assistant Tabulation Supervisor

The Elections Administrator will prepare the unofficial canvass reports after all precincts have been counted, and will deliver a copy of the unofficial results to the Entity as soon as possible after all returns have been tabulated. All participating authorities shall be responsible for the official canvass of their respective elections.

IX. ELECTION EXPENSES AND ALLOCATION OF COSTS

The participating authorities agree to share the costs of administering the Joint Election. Allocation of costs, unless specifically stated otherwise, is mutually agreed to be shared according to a formula, which is based on the cost per polling place. Costs for polling places shared by Entity and other Political Subdivisions shall be divided proportionately among the participants utilizing that polling place. Exhibit "C" shows the formula for determining cost share per Entity and Political Subdivision.

It is agreed that a rental rate of \$250 per Verity unit will be charged for the County's voting equipment used on Election Day and/or Early Voting and shall be divided proportionately among the participants utilizing each polling location. Exhibit "D" shows an estimate of expenses for the Joint Election and cost estimate by Entity.

The Entity may withdraw from this Contract should it cancel its election in accordance with Sections 2.051 - 2.053 of the Texas Election Code, or should it be later ruled that the election is not needed. The Entity is fully liable for any expenses incurred by Potter County on behalf of the Entity. The Elections Administrator is hereby appointed joint general custodian of the voted ballots and all records of the Election as authorized by Section 271.010 of the Texas Election Code.

Access to the election records shall be available to each participating authority as well as to the public in accordance with applicable provisions of the Texas Election Code and the Texas Public Information Act. The election records shall be stored at the offices of the Elections Administrator or at an alternate facility used for storage of county records. The Elections Administrator shall ensure that the records are maintained in an orderly manner so that the records are clearly identifiable and retrievable.

That on this the date set forth below herein, THE COUNTY OF RANDALL, TEXAS acting by and through its Commissioners Court, with the full knowledge, approval, and on behalf of its duly and legally elected Tax Assessor-Collector after ratification hereof in regularly scheduled open meeting, (hereinafter called "The County") and The City of Amarillo, Texas, home rule municipal corporation, acting by and through its duly elected City Council in open session (hereinafter called "The City") do hereby enter into the following contract each with the other. Further, THE AMARILLO HOSPITAL DISTRICT, acting by and through its Board of Managers (hereafter "District") has approved this agreement prior to the Board Chair executing same upon behalf of the District.

PURPOSES: For the term of this contract, the parties intend to and do hereby consolidate all of the duties, actions, and steps of assessing and collecting property taxes for The City and The Amarillo Hospital District in one agency and entity, under Chapters 26, 31, 32, and 33 of the Texas Property Tax Code.

STATUTORY AUTHORITY: The Statutory Authority for the making of this contract by and between the above named and undersigned parties is found in Section 6.24 of the Texas Property Tax Code, and Chapter 791, Government Code.

EFFECTIVE TERM: This contract shall commence the date the last signature is affixed and end when both parties mutually agree; provided however that The City and The Amarillo Hospital District shall have the right to terminate this agreement by giving ninety (90) days written notice of their desire and intention to terminate this agreement, and The County may terminate only on July 1, if prior notice of one year is given.

SERVICES TO BE PERFORMED BY THE COUNTY:

- a. The County agrees and contracts to collect current ad valorem taxes for The City on property in Randall County that The City is entitled by law to collect, based on and assessed against real and personal property by virtue of the Constitution and Statutes of Texas. Further, The County shall perform and cooperate with The City and The Amarillo Hospital District in all of the other activities necessitated by this contract in order to promptly and efficiently perform and consummate the same, just as though The County were engaged in the assessing and collecting its own taxes.

APPROVAL OF AN ADDENDUM BETWEEN THE CITY OF AMARILLO AND NORTH HEIGHTS LINEN SERVICE, LLC FOR A CHAPTER 380 ECONOMIC DEVELOPMENT PROGRAM AGREEMENT FOR A NEW HEALTHCARE LAUNDRY FACILITY:

This item is for an addendum of a current Chapter 380 agreement with North Heights Linen Service, LLC for the construction of a new healthcare laundry facility to be located at 601 W. Amarillo Boulevard. The extension would allow for an additional six months to receive a certificate of occupancy on the building.

Agenda Item Summary

The City Council approved the original Chapter 380 agreement in August 2019. Due to the uncertainties surrounding COVID, North Heights Linen Service, LLC (NHLS) was unable to begin construction on a timely basis and will not be able to complete the project in the required timeframe. This addendum would provide an additional six months until August 31, 2021 to receive a certificate of occupancy.

Background

NHLS will construct a 25,000 square foot healthcare laundry facility to be located at 601 W. Amarillo Boulevard previously known as the Inn of Amarillo site. The project is estimated to cost \$5 million for the building and equipment in phase 1. NHLS is expected to hire as part of this 380 agreement 40 full-time employees over three years. With additional phases planned to ramp up operations that would include additional equipment and an estimated 60 additional full-time employees. Through the 380 agreement, the City will rebate back 100% of ad valorem taxes over 5 years, estimated at \$75,000 based on an assessed value of \$4 million. The City has also included a zero percent interest sale of the city-owned land this project will be built on, payable over 10 years.

Benefits of this project include:

- Initial employment of 40 full-time employees, with plans to grow to 100.
- New sales tax collections for the city on a service currently not available locally.
- Development of a \$5 million facility within the North Heights neighborhood plan boundary that would encourage employment of nearby residents for the new jobs. Utilizing a worker owned cooperative business model.
- Meets neighborhood plan goal of encouraging greater economic diversity and growth in quality jobs while building on local strengths through the strategy of encouraging economic development by approving specific incentives for the North Heights Neighborhood.
- Will provide enhanced services to our local and regional hospitals that is currently not available to them. Hospitals have been required to transport linens long distance for other healthcare standard laundry services.
- Support of a local group of citizens that developed this idea to meet a local need
- Will get the Inn of Amarillo property back on the tax rolls after being off for the last few years.

Requested Action

Approve addendum as presented.

Funding Summary

Funding would be provided through rebates of property taxes paid by the NHLS, which could be approximately \$75,000 over the five-year term based on Potter-Randall County Appraisal District assessed values for the property and equipment.

Change Order 1 adds additional bedding material to be used in locations where the ground is not suitable to provide support for the sanitary sewer pipe due to unknown conditions. The additional bedding material will allow the pipe to have a solid footing and will result in an acceptable final product.

Additionally, four segments of sanitary sewer creek crossings are being deleted from the plans and will not be constructed. This reduction of scope offsets a portion of the cost of the bedding material.

Amarillo City Council Agenda Transmittal Memo

Meeting Date	July 28, 2020	Council Priority	Transportation Systems; Highly Educated Population
Department	Amarillo City Transit (ACT)		
Contact	Marita Wellage-Reiley, Transit Director		

Agenda Caption

CONSIDERATION OF A INTERLOCAL AGREEMENT BETWEEN THE CITY OF AMARILLO AND AMARILLO COLLEGE TO PROVIDE TRANSIT SERVICES

Agenda Item Summary

This interlocal agreement between the City of Amarillo and Amarillo College (AC) allows for current AC students, faculty, and staff to ride Amarillo City Transit (ACT) in exchange for the sum of \$25,000. This proposed service will extend free service to AC as a means of increasing class participation and enrollment for students with insufficient transportation to get to AC.

Requested Action

Request consideration of the interlocal agreement between the City of Amarillo and AC to provide transit services, authorizing the City Manager to execute the agreement.

Funding Summary

AC will provide the City of Amarillo \$25,000 annually to provide this service to current AC students, faculty, and staff until August 15, 2023. This is a benefit to current AC students, faculty, and staff will be provided through the existing ACT route structure, resulting in no additional cost to the City.

Community Engagement Summary

An AC study found that 11% of the AC students had unreliable transportation or none at all. Anyone presenting a current AC identification would be able to ride any ACT route at no cost. AC will promote the partnership to encourage usage of ACT service. ACT will benefit from a ridership increase that could increase federal funding levels. This demonstration project addresses two Council Pillars established in the Vision for the Future of Amarillo: Highly Education Population and Transportation Systems.

ACT has engaged the public as part of the Master Planning Process and continues to conduct outreach with each new initiative. AC will promote the use of ACT service community wide to encourage enrollment.

Staff Recommendation

Staff recommends approval of the interlocal agreement authorizing the City Manager to execute the agreement with AC to provide transportation services for current AC students, faculty and staff.

**INTERLOCAL AGREEMENT
BETWEEN THE CITY OF AMARILLO, TEXAS
AND AMARILLO COLLEGE
(for Group Transit Service Rates)**

This Agreement is made between the City of Amarillo, Texas (hereafter, "AMARILLO"), a home rule municipality, and Amarillo College (hereafter, "AC"), subject to Chapter 130, Texas Education Code. Pursuant to the authority granted by the "Texas Interlocal Cooperation Act," Chapter 791, Texas Government Code, as amended, providing for the cooperation between local governmental bodies, the parties hereto, in consideration of the premises and mutual promises contained herein, agree as follows:

- 1. Entity and Authority.** Each party is a local government within the State of Texas. The governing body of each entity has approved this agreement in a public meeting and, has authorized its signatory to execute this agreement and thereby legally obligate each party. AC is authorized to contract for transportation service benefits to students, faculty, and staff.
- 2. Public Benefit & Purpose.** The respective governing body of each party finds that: the subject of this Agreement is necessary for the benefit of the public; and, that each party has the legal authority to perform and to provide the governmental function, service, or transaction which is the subject matter of this Agreement; and, that the division of cost fairly compensates the performing party for the services performed under this Agreement. This service was conceived to provide service to that estimated 11% of the AC population that has transportation insufficiency. However, AC and AMARILLO agree that, for administrative convenience and efficiency, this transit service is to be made available to all current Amarillo College students, faculty and staff.
- 3. Current revenues.** A party hereto which is required to make a payment shall do so from current revenues legally available to the party.
- 4. City Obligation.** AMARILLO agrees to provide public transit service to AC students, faculty, and staff in accordance with the terms specified in Exhibit A.
- 5. College Obligation.** AC hereby (a) accepts the services, terms, conditions, limitations, procedures, fees, and scope of services stated in Exhibit A; and, (b) agrees to timely pay for such service in accordance with Exhibit A.
- 6. Exhibit incorporated.** The provisions of Exhibit A are incorporated herein by this reference as though stated here verbatim. The governing body of each Party hereby authorizes its point-of-contact official to mutually agree (without the need of further approval by either governing body) to minor adjustments in the operational procedures, allocated duties, rights, etc. described in Exhibit A to facilitate greater efficiencies, reduce opportunity for errors, and better serve the public, so long as such adjustments do not require or constitute a material change in fees, costs, or the performance required of a party.
- 7. Liability.** The purpose of this Agreement is only to set forth the rights and duties of the Parties with regard to the governmental function, services, or transaction described. This agreement does not create any right, benefit, or cause of action for any third party. By executing this Agreement, neither Party

waives, nor shall be deemed hereby to waive, any immunity or defense that would otherwise be available to it against claims arising out of the approval or performance of this agreement. Each Party shall be solely responsible for any loss, damage, injury, or death to a third party (parties) arising out of or related to the acts or omissions of it's employees or agents and not those of any other party.

8. Venue. Each Party agrees that if legal action is brought under this Agreement, then exclusive venue shall lie in the county in which the defendant Party is located and, if located in more than one county, in the county in which the principal offices of the defendant Party are located.

9. Effective date & Term. This Agreement shall become effective on the first day after it has been approved the governing body for each respective entity. This Agreement shall remain in full force and effect for a term of one (1) year from the effective date hereof. This Agreement shall automatically be renewed for additional one-year terms unless and until a Party cancels it by giving thirty (30) days written notice to the other Party.

10. Severance & Survival. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal, or unenforceable in any aspect, such invalidity, illegality, or unenforceability shall not affect any other provision hereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been stated herein. The provisions of paragraphs 7, 8, and Exhibit A inclusive, shall survive termination, cancellation, expiration or non-renewal of this Agreement.

11. Entire Agreement; Amendments. This Agreement contains all of the commitments and agreements of the Parties. Any oral or written commitment not stated herein shall have no force or affect. This Agreement may be amended or modified only by mutual agreement in a writing signed by both Parties. In the event of a conflict between the terms of this agreement and Exhibit A, then the terms of Exhibit A shall control.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their authorized officers the day and year written below.

Staff Recommendation

Staff recommends Council approval of the ordinance calling a special election to be held in the City of Amarillo, Texas on November 3, 2020 and resolving other matters incident and related thereto.

ORDINANCE NO. 17866

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS: ORDERING A SPECIAL ELECTION ON NOVEMBER 3, 2020 TO VOTE ON PROPOSED AMENDMENTS TO THE AMARILLO CITY CHARTER, AS MORE FULLY SET OUT HEREIN; PROVIDING FOR A JOINT ELECTION WITH POTTER COUNTY, RANDALL COUNTY, AND THE CITY OF AMARILLO OR OTHER ENTITY; APPROVING INTERLOCAL AGREEMENT FOR EACH COUNTY TO CONDUCT THE CITY ELECTION IN PRECINCTS OF EACH COUNTY THAT ARE WITHIN THE CITY LIMITS; ESTABLISHING POLLING PLACES AND PROVIDING GENERALLY FOR THE CONDUCT OF SAID ELECTION; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Amarillo City Charter (hereafter, "Charter" or "City Charter") was adopted by voters in 1913 when the population of Amarillo was 9,957 (per the 1910 census); and,

WHEREAS, since that time, the Charter has been updated rarely, yet there have been numerous changes in federal and state law requirements, public policy, societal behavior, expectations of government, and the needs of a city with a population approaching a quarter-million; and,

WHEREAS, in 2013, Amarillo voters approved numerous amendments updating the charter, and desiring to continue that modernization effort, the City Council has appointed a citizen committee to review the charter and recommend changes; and,

WHEREAS, the City Council finds it is desirable and in the best public interest for voters to now consider certain amendments to the Charter, in accordance with the several propositions described herein;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AMARILLO, TEXAS:

PART I. ORDER CALLING SPECIAL ELECTION.

SECTION 1.0. Pursuant to applicable provisions of the Texas Election Code and Texas Local Government Code, Chapter 9, that a Special Election is hereby called and ordered for the City of Amarillo to be held on the next uniform election date specified by the Texas Election Code, being November 3, 2020, to vote on the following propositions to amend the City of Amarillo Home Rule Charter, each of which shall be separate proposition for each subject matter, on a single ballot, for the reasons and purposes stated below for each proposition, with the ballot text for each proposition to appear and read as shown below.

Further, the proposition for issuance of bond debt to finance certain civic center improvements described in a separate Resolution, for a Special Election also called on November 3, 2020, shall be Proposition No. 1 on the City ballot, with these charter amendment propositions following and numbered as shown.

PART II. CHARTER AMENDMENTS.

SECTION 2.0 The following propositions to amend the City of Amarillo Home Rule Charter, as it currently exists as amended shall be proposed to voters, for the reasons and purposes stated below for each proposition, with the ballot text for each proposition to appear and read as shown below.

City Council, Terms of Office, Art. V, Sec. 2

WHEREAS, The *Citizens Charter Review Committee* has determined that a two-year term of office with the potential for loss of all council knowledge of issues in a single election is a modern disservice to the community. A councilmember spends the first year learning governmental organization, programs, laws, and procedures. Currently this leaves only a single year of informed service, and then that term of office is over. This fact is compounded by the possibility that an entirely new Council and Mayor can be elected in one election cycle, due to the lack of staggered terms. Accordingly, the *Citizens Charter Review Committee* recommends a longer term of office to make better use of the skills and knowledge acquired by the Mayor and Councilmembers and that staggered terms be implemented to assure a smooth and informed transition of governmental leadership, rather than removal of all incumbents and knowledge in a single election. NOW, THEREFORE, BE IT ORDAINED THAT, this proposition shall amend Article V, Section 2 of the City Charter to provide for a staggered, 4-year term of office for Mayor and Councilmembers, and Sections 3 and 8 as required to comply with State election law due to longer terms of office, to read as follows:

“SECTION 2. - TERM OF OFFICE

The Mayor and each Councilmember shall serve for a term of ~~two (2)~~ four (4) years with said terms being staggered as provided by ordinance and until a successor is elected and qualified; unless sooner removed from office as herein provided.”

“SECTION 3. - VACANCIES

(a.) Any vacancy in the office of the Mayor or Councilmember shall be filled as authorized by state law. ~~by an appointment by the remaining Councilmembers from among their number.~~

(b) Any vacancy in the office of a Councilmember for an unexpired term of 12 months or less shall be filled by an appointment by the Mayor and the remaining Councilmembers.

(c) Any vacancy in the office of the Mayor for an unexpired term of 12 months or less shall be filled by an appointment by the remaining Councilmembers. Provided that the person appointed to fill such vacancy shall hold office only during the unexpired term of office.

(d) The person elected or appointed to fill such vacancy shall hold office only during the unexpired term of office.

“SECTION 8. - ELECTION DAY

The regular municipal elections of the City of Amarillo shall be held on the date allowed by state law that occurs on or nearest to May 1 in an each odd numbered year. If state law provides two election dates which are equally near May 1, the Council shall select one.”

Ballot Text Shall State:

PROPOSITION No. 2

To amend Article V, Section 2 of the Amarillo City Charter to provide for a 4-year term of office for Mayor and each City Councilmember with those terms being staggered as provided by ordinance and conforming amendments as required by state law.

City Council Meeting Frequency, Art. V, Sec.12(a)

WHEREAS, the current charter requires weekly City Council meetings, yet modern experience is that, in some weeks or months, there is not enough public business to justify a weekly meeting. At other times, a quorum of council members is unavailable, rendering a weekly meeting a legal impossibility. In other seasons, pressing business can require multiple meetings within a single week. Aside from the variable workload, modern societal practices of taking holidays and personal time off by council and senior staff further are different than in 1913, and can be incompatible with a weekly meeting obligation. The *Citizen Charter Review Committee* determined it is desirable for the charter to assure regular meetings while allowing a reasonable flexibility for the frequency of those meetings. That *Committee* recommends setting a required total number of meetings per year will assure regular meetings while providing flexibility to not meet in some weeks. [Note: Should the stated number of meetings be exhausted prior to the end of a year, then State law allows the Council to conduct an unlimited number of special meetings as may be needed or convenient to discharge public business.] NOW, THEREFORE, BE IT ORDAINED THAT, this proposition shall repeal and restate Art. V, Section 12(a) of the City Charter to now read as follows (and other subsections unchanged):

“(a) On the day that the election results of the Council have been declared, the Councilmembers shall meet to qualify and assume the duties of their offices. Thereafter, the Councilmembers shall meet at such times as prescribed by Ordinance or Resolution, but they shall meet not less than twenty-four times per calendar year.”

Ballot Text Shall State:

PROPOSITION No. 3

To amend Article V, Section 12(a) of the Amarillo City Charter to provide for the Mayor and Councilmembers to meet to qualify for office on the day of the election canvass and thereafter meet not less than twenty-four times per calendar year.

THE STATE OF TEXAS §
 §
COUNTY OF POTTER §

**CONTRACT FOR ELECTION SERVICES
AND JOINT ELECTION AGREEMENT**

THIS CONTRACT made by and between Potter County, a body corporate and politic under the laws of the State of Texas, hereinafter referred to as "County," and the City of Amarillo, hereinafter referred to as "Entity," pursuant to Texas Election Code Sections 31.092(a) for an election to be held on November 3, 2020, and to be administered by Melynn Huntley, Elections Officer, hereinafter referred to as "Elections Administrator".

Said Entity is holding a Special Election, at their expense on November 3, 2020.

The County owns an electronic voting system, which has been duly approved by the Secretary of State pursuant to Texas Election Code Chapter 122 as amended, and is compliant with the accessibility requirements set forth by Texas Election Code Section 61.012. The Entity desires to use the County's electronic voting system and to compensate the County for such use.

NOW, THEREFORE, in consideration of the mutual covenants, agreements, and benefits to the parties, **IT IS AGREED** as follows:

I. ADMINISTRATION

The parties agree to hold a "Joint Election" in accordance with Chapter 271 of the Texas Election Code and this agreement. The Elections Administrator of Potter County shall coordinate, supervise, and handle all aspects of administering the Election as provided in this Contract. The Entity agrees to pay Potter County for equipment, supplies, services, staff overtime directly incurred as a result of the election, and administrative costs as provided in this Contract. The Elections Administrator shall serve as the administrator for the Election; however, the Entity shall remain responsible for the decisions and actions of its officers necessary for the lawful conduct of its election. The Elections Administrator shall provide advisory services in connection with decisions to be made and actions to be taken by the officers of the Entity.

It is understood that other Political Subdivisions may wish to participate in the use of the County's electronic voting system and polling places, and it is agreed that Potter County and the Elections Administrator may enter into other contracts for election services for those purposes on terms and conditions generally similar to those set forth in this contract. The Entity agrees that other Political Subdivisions that may have territory

located partially or wholly within the boundaries of the Entity, and in such case all parties sharing common territory shall enter into a Joint Election Agreement and share a joint ballot on the county's electronic voting system at the applicable polling places. In such cases, costs shall be divided proportionately among the participants (Exhibit "C").

At each polling location, joint participants shall share voting equipment and supplies to the extent possible. The participating parties shall share a mutual ballot in those precincts where jurisdictions overlap. However, in no instance shall a voter be permitted to receive a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap.

II. LEGAL DOCUMENTS

The Entity shall be responsible for the preparation, adoption, and publication of all required election orders, resolutions, notices, and any other pertinent documents required by the Texas Election Code and/or the Entity's governing body, charter, or ordinances.

Preparation of the necessary materials for notices and the official ballot shall be the responsibility of the Entity, including translation to languages other than English. The Entity shall provide a copy of their election order and notice to the Elections Administrator.

Each Political Subdivision shall prepare a submission to the United States Department of Justice for preclearance of any Special Election or election procedure changes, pursuant to the Voting Rights Act of 1965, as amended.

III. VOTING LOCATIONS

The Elections Administrator shall arrange for the use of all Election Day voting locations. Voting locations will be, whenever possible, the usual voting locations for Potter County. In the event a voting location is not available, the Elections Administrator will arrange for use of an alternate location with the approval of the Entity.

If polling places are different from the polling place(s) used by the Entity in its most recent election, the County agrees to post a notice no later than the day before the election, at the entrance to any previous polling places in the jurisdiction stating that the polling location has changed and stating the Entity's polling place names and addresses in effect for election. Election Day locations are listed on Exhibit "A".

In the November 3, 2020 election, Potter County will utilize county-wide voting. As such, there will be 16 polling locations. Registered voters will be able to vote on Election Day at any of the polling locations.

IV. ELECTION JUDGES, CLERKS, AND OTHER ELECTION PERSONNEL

The Elections Administrator is required to use election judges, alternate judges and clerks that have been approved by the county political parties. The Elections Administrator shall provide to the Entity a list of presiding judges and alternate judges for its election who shall be approved by the Entity as required by law. The Elections Administrator will recruit at least one polling place official who is bilingual (fluent in both English and Spanish) for each polling location.

The Elections Administrator shall notify all election judges of the eligibility requirements of Subchapter C of Chapter 32 of the Texas Election Code, and will take the necessary steps to insure that all election judges appointed for the Election are eligible to serve.

The Elections Administrator shall arrange for the training and compensation of all election judges and clerks. The Elections Administrator shall arrange for the date, time, and place for the presiding election judges to pick up their election supplies. Each presiding election judge will be sent a letter from the Elections Administrator notifying him/her of their appointment, the time and location of training and distribution of election supplies, and the number of election clerks that the presiding judge may appoint. Election workers will be compensated for the two-hour training class.

Each election judge and election clerk will receive compensation at a rate of \$12.00 per hour as established by Potter County pursuant to Texas Election Code Section 32.091. Election judges and clerks will be entitled to receive pay at a rate of time-and-a-half per hour for all hours worked over 40 in a week. The election judge and alternant judge will share an additional sum of \$25.00 for returning the supplies and equipment to the central counting station after the polls close.

It is agreed by all parties that at all times and for all purposes hereunder, all election judges, clerks, and all other personnel involved in this election are temporary employees of the County.

V. PREPARATION OF SUPPLIES AND VOTING EQUIPMENT

The Elections Administrator shall arrange for all election supplies and voting equipment including, but not limited to official ballots, sample ballots, voter registration lists, and all forms, signs and other materials used by the election judges at the voting locations. The Elections Administrator shall provide the necessary voter registration information, instructions, and other information needed for the election. If special maps are needed for a particular Entity, the Election Administrator will order the maps and pass that charge on to that particular Entity.

The Entity shall furnish the Elections Administrator a list of candidates and/or propositions showing the order and the exact manner in which the candidate names and/or proposition(s) are to appear on the official ballot (including titles and text in each language in which the authority's ballot is to be printed). All ballot information for the ballot will be provided in both English and Spanish. This list shall be delivered to the Elections Administrator as soon as possible after ballot positions have been determined by each of the participating authorities. Each participating authority shall be responsible for proofreading and approving the ballot insofar as it pertains to that authority's candidates and/or propositions.

VI. EARLY VOTING

The Entity agrees to appoint the Elections Administrator as the Early Voting Clerk. The Entity also agrees to appoint the Elections Administrator's permanent county employees as deputy early voting clerks. The Entity further agrees that the Elections Administrator may appoint other deputy early voting clerks to assist in the conduct of early voting as necessary, and that these additional deputy early voting clerks shall be compensated at an hourly rate set by Potter County pursuant to Section 83.052 of the Texas Election Code. Early Voting by personal appearance will be held at the locations, dates, and times listed in Exhibit "B." Any qualified voter of the Election may vote early by personal appearance at any one of the early voting locations.

As Early Voting Clerk, the Elections Administrator shall receive applications for early voting ballots to be voted by mail in accordance with Chapters 31 and 86 of the Texas Election Code. Any requests for early voting ballots to be voted by mail received by the Entity shall be forwarded immediately by fax or courier to the Elections Administrator for processing.

The Elections Administrator shall, upon request, provide the Entity a copy of the early voting report on a daily basis and a cumulative final early voting report following the election.

VII. EARLY VOTING BALLOT BOARD

Potter County Election Board shall appoint a Signature Verification Committee (SVC) and Early Voting Ballot Board (EVBB) to process early voting results from the Election. The County Election Board shall appoint up to nine additional members to constitute the EVBB. Five people will be appointed to the Signature Verification Committee. The Elections Administrator shall determine the number of members required to efficiently process the early voting ballots.

VIII. CENTRAL COUNTING STATION AND ELECTION RETURNS

The Elections Administrator shall be responsible for establishing and operating the central counting station to receive and tabulate the voted ballots in accordance with the provisions of the Texas Election Code and of this Contract.

The participating authorities hereby, in accordance with Section 127.002, 127.003, and 127.005 of the Texas Election Code, appoint the following central counting station officials:

1. Counting Station Manager
2. Tabulation Supervisor
3. Assistant Tabulation Supervisor
4. Presiding Judge
5. Alternate Judge

The Elections Administrator will prepare the unofficial canvass reports after all precincts have been counted, and will deliver a copy of the unofficial results to the Entity as soon as possible after all returns have been tabulated. All participating authorities shall be responsible for the official canvass of their respective elections.

IX. ELECTION EXPENSES AND ALLOCATION OF COSTS

The participating authorities agree to share the costs of administering the Joint Election. Allocation of costs, unless specifically stated otherwise, is mutually agreed to be shared according to a formula, which is based on the cost per polling place. Costs for polling places shared by Entity and other Political Subdivisions shall be divided proportionately among the participants utilizing that polling place. Exhibit "C" shows the formula for determining cost share per Entity and Political Subdivision.

It is agreed that a rental rate of \$250 per Verity unit will be charged for the County's voting equipment used on Election Day and/or Early Voting and shall be divided proportionately among the participants utilizing each polling location. Exhibit "D" shows an estimate of expenses for the Joint Election and cost estimate by Entity.

X. WITHDRAWAL FROM CONTRACT DUE TO CANCELLATION OF ELECTION

The Entity may withdraw from this Contract should it cancel its election in accordance with Sections 2.051 - 2.053 of the Texas Election Code, or should it be later ruled that the election is not needed. The Entity is fully liable for any expenses incurred by Potter County on behalf of the Entity. Any monies deposited with the county by the withdrawing authority shall be refunded, minus the aforementioned expenses.

XI. RECORDS OF THE ELECTION

The Elections Administrator is hereby appointed joint general custodian of the voted ballots and all records of the Election as authorized by Section 271.010 of the Texas Election.

The election records shall be stored at the offices of the Elections Administrator or at an alternate facility used for storage of county records. The Elections Administrator shall ensure that the records are maintained in an orderly manner so that the records are clearly identifiable and retrievable.

Records of the election shall be retained and disposed of in accordance with the provisions of Section 66.058 of the Texas Election Code. Public hearing to consider an ordinance rezoning Lots 11 and 12, Block 5, Roy Lindsey's Addition, in Section 172, Block 2, A.B.&M. Survey, Randall County, Texas, plus one half of all bounding streets, alleys, and public ways to change from Residential District 2 to General Retail District.

Vicinity: I-27 and Washington Street

Applicant/s: Bo Wulfman for South Washington St Ltd.

Agenda Item Summary

Adjacent land use and zoning

Adjacent zoning consists of Residential District 2 to the north and east, General Retail District to the south, and Residential District 1 to the west.

Adjacent land uses consist of single-family detached homes to the north and east, two residential lots to the west (one developed and one undeveloped), and various retail development to the south across Interstate 27 (a fast food restaurant, a vacant bank, and a retail shopping center).

Staff Analysis and Planning and Zoning Commission Meeting Summary

The applicant is requesting a change in zoning in order to develop the property with retail related land uses. Uses allowed in the requested zoning designation include but are not limited to:

- Convenience store
- Liquor store
- Tattoo Shop
- Restaurant (with or without drive-thru)
- Personal service Dry Cleaner
- Auto Parts store
- Tune Up shop
- Car wash
- Bank
- Professional and Medical offices
- Hardware store
- Pharmacy
- Pawn shop
- Tire shop

Analysis of a zoning change begins with referring to conformity to the Comprehensive Plan's Future Land Use and Character Map, how a proposed change conforms to the recommended Neighborhood Unit Concept (NUC) of development, and what impacts may result on existing area zoning and development patterns.

The Future Land Use and Character Map designates "General Residential" development types for this particular area. The primary focus of this development type is detached single-family dwellings of a higher density than suburban areas. Therefore, in terms of compliance, non-residential zoning does not conform to the recommended development type (General Residential). That said, staff acknowledged that due the site's location being at a major intersection and along two major thoroughfares with high traffic patterns, residential land uses may not be the most ideal type of development for this tract.

Regarding the Neighborhood Unit Concept of development, this concept recommends non-residential land uses to be located at or near section-line arterial intersections with a transition in more restrictive zoning and land uses from the intersection towards residential uses.

In context of this concept, the applicant's tract is located at such an intersection as recommended. That said, what does not conform to the NUC is a transition in zoning away from the intersection, whereas single-family detached homes and residential zoning is found to the north, west, and east.

As such, staff did voice some concern with the intensity of uses allowed in General Retail zoning that could, in staff's opinion, have detrimental impacts (noise, traffic, nuisance lighting etc.) to the surrounding homes in such close proximity. With this being the case, staff recommended a more restrictive non-residential zoning be considered (Office or Neighborhood Services) and denial of General Retail zoning as proposed by the applicant. *Staff believed it was worth noting that there are other areas (south of Interstate 27 and several blocks north) where retail and residential zoning are found adjacent to each other.*

Staff's recommendation was based on if "more restrictive" non-residential zoning was established at this location; less intense land uses would develop that would have less of an impact on residences as well as providing the desired transition in zoning. Such a transition and less intense uses could help mitigate the negative impacts of traffic along Washington St, the intersection, and Interstate-27 and would be more in line with the NUC while allowing infill development of a long vacant tract of land.

During the July 6th Commission meeting, staff's concerns were acknowledged yet a majority of the Commission was of the opinion that due to the small size and unique location of the applicant's tract (I-27 and Washington) as well as what is being proposed (Retail adjacent to Residential) exists in the area, that allowing Retail zoning is consistent with established zoning and development patterns in the area and that an opportunity for infill development exists where homes are not likely to or desired to develop.

Requested Action/Recommendation
--

Notices have been sent to all property owners within 200 feet regarding this proposed rezoning. As of this writing, no calls have been received regarding this rezoning request.

Considering the above, a majority of the Planning and Zoning Commission recommended **APPROVAL** as presented.

Any Proceeds remaining unexpended in the Escrow Account after completion of the Project and after the final accounting has been submitted to and approved by the TWDB shall be disposed of pursuant to the provisions of the Principal Forgiveness Agreement. The City shall deliver a copy of such TWDB approval of the final accounting to the Escrow Agent together with instructions concerning the disbursement of unexpended Proceeds hereunder. The Escrow Agent shall have no obligation to ensure that such unexpended Proceeds are used as required by the provisions of the Principal Forgiveness Agreement, that being the sole obligation of the City.

SECTION 6: CERTIFICATIONS. Whether appointed by the City or a court, the successor escrow agent and escrow agreement must be approved by the TWDB for the appointment to be effective. The Escrow Agent is responsible for performance under this Agreement until a successor has been approved by the TWDB and has signed an acceptable escrow agreement.

SECTION 15: ASSIGNABILITY. This Agreement shall not be assignable by the parties hereto, in whole or in part, and any attempted assignment shall be void and of no force and effect.

SECTION 16: ENTIRE AGREEMENT. This Agreement evidences the entire Escrow Agreement between the Escrow Agent and the City and supersedes any other agreements, whether oral or written, between the parties regarding the Proceeds or the Escrow Account. No modification or amendment of this Agreement shall be valid unless the same is in writing and is signed by the City and consented to by the Escrow Agent and the TWDB.

SECTION 17: VALIDITY OF PROVISIONS. If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

SECTION 18: COMPENSATION FOR ESCROW SERVICES. The Escrow Agent shall be entitled to compensation for its services as stated in **Exhibit A**, which compensation shall be paid by the City but may not be paid directly from the Escrow Account.

SECTION 19: OTHER PROVISIONS. If the Escrow Agent is made a party to or intervenes in any litigation pertaining to this Agreement or institutes interpleader proceedings relative hereto, the Escrow Agent shall be compensated reasonably by the City for such extraordinary services and reimbursed for any and all claims, liabilities, losses, damages, fines, penalties, and expenses, including out-of-pocket and incidental expenses and legal fees occasioned thereby, unless such claim, liability, loss, damages, fine, penalty, and expense shall have been finally adjudicated to have resulted from the willful misconduct or negligence of the Escrow Agent. The Escrow Agent shall not be required to risk or expend its own funds before taking any action under this Agreement.

The Escrow Agent may execute any of the trusts or powers hereof and perform any of its duties by or through attorneys, agents or receivers, and shall be entitled to advice of counsel concerning all matters of trusts hereof and duties hereunder.

The Escrow Agent may consult with counsel, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by the Escrow Agent hereunder in good faith and in reliance thereon.

The Escrow Agent shall be protected in acting and relying upon any notice, order, requisition, request, consent, certificate, order, opinion, affidavit, letter, telegram or other paper or document in good faith deemed by it to be genuine and correct and to have been signed or sent by the proper person or persons.

SECTION 20: FAX/E-MAIL. The Escrow Agent shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to this Agreement and delivered using Electronic Means; provided, however, that the City shall provide to the Escrow Agent an incumbency certificate listing officers with the authority to provide such Instructions ("Authorized Officers") and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the City, whenever a person is to be added or deleted from the listing. If the City elects to give the Escrow Agent Instructions using Electronic Means and the Escrow Agent in its discretion elects to act upon such Instructions, the

Escrow Agent's understanding of such Instructions shall be deemed controlling. The City understands and agrees that the Escrow Agent cannot determine the identity of the actual sender of such Instructions and that the Escrow Agent shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Escrow Agent have been sent by such Authorized Officer. The City shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Escrow Agent and that the City and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the City. The Escrow Agent shall not be liable for any losses, costs or expenses arising directly or indirectly from the Escrow Agent's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The City agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Escrow Agent, including without limitation the risk of the Escrow Agent acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Escrow Agent and that there may be more secure methods of transmitting Instructions than the method(s) selected by the City; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Escrow Agent immediately upon learning of any compromise or unauthorized use of the security procedures. "Electronic Means" shall mean the following communications methods: e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Escrow Agent, or another method or system specified by the Escrow Agent as available for use in connection with its services hereunder.

SECTION 21: NO BOYCOTT OF ISRAEL. To the extent this Agreement is a contract for goods or services within the meaning of Section 2271.002 of the Texas Government Code, the Escrow Agent hereby verifies that the Escrow Agent is a company which does not boycott Israel and will not boycott Israel through the term of this Agreement. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, "company" and "boycott Israel" have the meanings ascribed to such terms by Chapter 808 of the Texas Government Code.

SECTION 22: IRAN, SUDAN AND FOREIGN TERRORISTS ORGANIZATIONS. The Escrow Agent represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website:

<https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>,

The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not contravene applicable Federal law and excludes the Escrow Agent and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Escrow Agent

understands "affiliate" to mean any entity that controls, is controlled by, or is under common control with the Bank and exists to make a profit.

NOW THEREFORE, based on these findings, the TWDB resolves as follows:

A commitment is made by the TWDB to the City of Amarillo for financial assistance in the amount of \$29,500,000 from the Clean Water State Revolving Fund through the TWDB's proposed purchase of \$28,500,000 City of Amarillo, Texas, Waterworks and Sewer System Revenue Bonds, Proposed Series 2020, and the execution of a Principal Forgiveness Agreement in the amount of \$1,000,000. 10. the Obligations must contain a provision that the TWDB may exercise all remedies available to it in law or equity, and any provision of the Obligations that restricts or limits the TWDB's full exercise of these remedies shall be of no force and effect;
11. loan proceeds are public funds and, as such, the Obligations must include a provision requiring that these proceeds shall be held at a designated state depository institution or other properly chartered and authorized institution in accordance with the Public Funds Investment Act, Government Code, Chapter 2256, and the Public Funds Collateral Act, Government Code, Chapter 2257;
12. loan proceeds shall not be used by the City when sampling, testing, removing or disposing of contaminated soils and/or media at the project site. The Obligations shall include an environmental indemnification provision wherein the City agrees to indemnify, hold harmless and protect the TWDB from any and all claims, causes of action or damages to the person or property of third parties arising from the sampling, analysis, transport, storage, treatment and disposition of any contaminated sewage sludge, contaminated sediments and/or contaminated media that may be generated by the City, its contractors, consultants, agents, officials and employees as a result of activities relating to the project to the extent permitted by law;
13. prior to closing, the City shall submit documentation evidencing the adoption and implementation of sufficient system rates and charges and/or the levy of an interest

19. the Obligations must include a provision prohibiting the City from using the proceeds of this loan in a manner that would cause the Obligations to become "private activity bonds" within the meaning of section 141 of the Internal Revenue Code of 1986, as amended (Code) and the Treasury Regulations promulgated thereunder (Regulations);
20. the Obligations must provide that no portion of the proceeds of the loan will be used, directly or indirectly, in a manner that would cause the Obligations to be "arbitrage bonds" within the meaning of section 148(a) of the Code and Regulations, including to acquire or to replace funds which were used, directly or indirectly, to acquire Nonpurpose Investments (as defined in the Code and Regulations) which produce a yield materially higher than the yield on the TWDB's bonds that are issued to provide financing for the loan (Source Series Bonds), other than Nonpurpose Investments acquired with:

- a. proceeds of the TWDB's Source Series Bonds invested for a reasonable temporary period of up to three (3) years after the issue date of the Source Series Bonds until such proceeds are needed for the facilities to be financed;
 - b. amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Regulations; and
 - c. amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed the least of maximum annual debt service on the Obligations, 125% of average annual debt service on the Obligations, or 10 percent of the stated principal amount (or, in the case of a discount, the issue price) of the Obligations;

The City may, however, to the extent permitted by law, commingle Gross Proceeds of its loan with other money of the City, provided that the City separately accounts for each receipt and expenditure of such Gross Proceeds and the obligations acquired therewith;
 - b. calculate the Rebate Amount, as defined in the Code and Regulations, with respect to its loan, not less frequently than each Computation Date, in accordance with rules set forth in section 148(f) of the Code, section 1.148-3 of the Regulations, and the rulings thereunder. The City shall maintain a copy of such calculations for at least six years after the final Computation Date;
 - c. as additional consideration for the making of the loan, and in order to induce the making of the loan by measures designed to ensure the excludability of the interest on the TWDB's Source Series Bonds from the gross income of the owners thereof for federal income tax purposes, pay to the United States the amount described in paragraph (b) above within 30 days after each Computation Date;
 - d. exercise reasonable diligence to assure that no errors are made in the calculations required by paragraph (b) and, if such error is made, to discover and promptly to correct such error within a reasonable amount of time

thereafter, including payment to the United States of any interest and any penalty required by the Regulations;

22. the Obligations must include a provision prohibiting the City from taking any action that would cause the interest on the Obligations to be includable in gross income for federal income tax purposes;
23. the Obligations must provide that the City will not cause or permit the Obligations to be treated as "federally guaranteed" obligations within the meaning of section 149(b) of the Code;
24. the transcript must include a No Arbitrage Certificate or similar Federal Tax Certificate setting forth the City's reasonable expectations regarding the use, expenditure and investment of the proceeds of the Obligations;
25. the Obligations must contain a provision that the City will refrain from using from using the proceeds provided by this TWDB commitment or the proceeds of any prior bonds to pay debt service on another issue more than 90 days after the date of issue of the Obligations in contravention of the requirements of section 149(d) of the Code (relating to advance refundings);
26. the transcript must include evidence that the information reporting requirements of section 149(e) of the Code will be satisfied. This requirement may be satisfied by filing an IRS Form 8038 with the Internal Revenue Service. In addition, the applicable completed IRS Form 8038 or other evidence that the information reporting requirements of section 149(e) have been satisfied must be provided to the Executive Administrator within fourteen (14) days of closing. The Executive Administrator may withhold the release of funds for failure to comply;
27. the Obligations must provide that neither the City nor a related party thereto will acquire any of the TWDB's Source Series Bonds in an amount related to the amount of the Obligations to be acquired from the City by the TWDB;

State Revolving Fund Conditions

28. the City shall submit outlay reports with sufficient documentation on costs on a quarterly or monthly basis in accordance with TWDB outlay report guidelines;
29. the Obligations must include a provision stating that all laborers and mechanics employed by contractors and subcontractors for projects shall be paid wages at rates not less than those prevailing on projects of a similar character in the locality in accordance with the Davis-Bacon Act, and the U.S. Department of Labor's implementing regulations. The City, all contractors, and all sub-contractors shall ensure that all project contracts mandate compliance with Davis-Bacon. All contracts and subcontracts for the construction of the project carried out in whole

or in part with financial assistance made available as provided herein shall insert in full in any contract in excess of \$2,000 the contracts clauses as provided by the TWDB;

30. the Obligations must include a provision stating that the City shall provide the TWDB with all information required to be reported in accordance with the Federal Funding Accountability and Transparency Act of 2006, Pub. L. 109-282, as amended by Pub. L. 110-252. 37. prior to release of funds for professional consultants including, but not limited to, the engineer, financial advisor, and bond counsel, as appropriate, the City must provide documentation that it has met all applicable state procurement requirements as well as all federal procurement requirements under the Disadvantaged Business Enterprises program;

EXHIBIT D
Davis-Bacon Contract and Subcontract Provisions

(3) CONTRACT AND SUBCONTRACT PROVISIONS.

(a) The subrecipient(s) shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of treatment work under the CWSRF or a construction project under the DWSRF financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in 29 CFR 5.1 the Water Resources Reform and Development Act of 2014, for a CWSRF-funded project or the Consolidated Appropriations Act, 2016 (or subsequent federal law) for a DWSRF-funded project the following clauses:

(1) Minimum Wages

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Subrecipients may obtain wage determinations from the U.S. Department of Labor's web site, <https://beta.sam.gov>.

(ii)(A) The subrecipient(s), on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The TWDB shall approve a request for an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the subrecipient(s) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), documentation of the action taken and the request, including the local wage determination shall be sent by the subrecipient (s) to the TWDB. TWDB will transmit the request, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification request within 30 days of receipt and so advise the TWDB or will notify the TWDB within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the subrecipient(s) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the TWDB shall refer the request and the local wage determination, including the views of all interested parties and the recommendation of TWDB, to the Administrator for determination. The request shall be sent to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt of the request and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding

The subrecipient(s) shall, upon written request of the EPA Award Official or an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the EPA may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or

her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly, for each week in which any contract work is performed, a copy of all payrolls to the subrecipient, that is, the entity that receives the funds from the TWDB. Such documentation shall be available on request of the TWDB or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the TWDB indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week. The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on the weekly payrolls. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the subrecipient(s) for transmission to the TWDB or EPA if requested by EPA, the TWDB, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the subrecipient(s).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the TWDB, EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the EPA or TWDB may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess

of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements

The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts.

The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA determines may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination; debarment.

A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements.

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards.

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and subrecipient(s), TWDB, EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

4. CONTRACT PROVISIONS FOR CONTRACTS IN EXCESS OF \$100,000

(a) Contract Work Hours and Safety Standards Act. The subrecipient shall insert the following clauses set forth in paragraphs (a)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Item 3, above or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements

No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages.

In the event of any violation of the clause set forth in paragraph (a)(1) of this section the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (a)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages

The subrecipient, upon written request of the EPA Award Official or an authorized representative of the Department of Labor, shall withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (a)(2) of this section.

(4) Subcontracts

The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (a)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (a)(1) through (4) of this section.

(b) In addition to the clauses contained in Item 3, above, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the Subrecipient shall insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the Subrecipient shall insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the EPA, TWDB and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

(5) COMPLIANCE VERIFICATION

(a) The subrecipient shall periodically interview a sufficient number of employees entitled to DB prevailing wages (covered employees) to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The subrecipient must use Standard Form 1445 (SF 1445) found in TWDB guidance document TWDB-0156 or equivalent documentation to memorialize the interviews. Copies of the SF 1445 are also available from EPA on request.

(b) The subrecipient shall establish and follow an interview schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. Subrecipients must conduct more frequent interviews if the initial interviews or other information indicated that there is a risk that the contractor or subcontractor is not complying with DB. Subrecipients shall immediately conduct interviews in response to an alleged violation of the prevailing wage requirements. All interviews shall be conducted in confidence.

(c) The subrecipient shall periodically conduct spot checks of a representative sample of weekly payroll data to verify that contractors or subcontractors are paying the appropriate wage rates. The subrecipient shall establish and follow a spot check schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, if practicable, the subrecipient should spot check payroll data within two weeks of each contractor or subcontractor's submission of its initial payroll data and two weeks prior to the completion date the contract or subcontract. Subrecipients must conduct more frequent spot checks if the initial spot check or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. In addition, during the examinations the subrecipient shall verify evidence of fringe benefit plans and payments there under by contractors and subcontractors who claim credit for fringe benefit contributions.

(d) The subrecipient shall periodically review contractors and subcontractor's use of apprentices and trainees to verify registration and certification with respect to apprenticeship and training programs approved by either the U.S Department of Labor or a state, as appropriate, and that contractors and subcontractors are not using disproportionate numbers of, laborers, trainees and apprentices. These reviews shall be conducted in accordance with the schedules for spot checks and interviews described in Item 5(b) and (c) above.

(e) Subrecipients must immediately report potential violations of the DB prevailing wage requirements to the EPA Region 6 DB Coordinator, TWDB, and to the appropriate DOL Wage and Hour District Office listed at <http://www.dol.gov/whd/america2.htm>.
