# Best of Both

Coordinate two plans with dual coverage

Are you or your family members covered under two dental plans? Dual coverage doesn't mean your benefits are doubled, but it can mean added savings on dental costs.

As soon as you're covered under two dental carriers, let your dental office know. Delta Dental will coordinate with your other carrier to share the cost of your treatment.

## Basic concepts

- When you're covered under two plans, one plan is considered your **primary carrier**. This carrier will pay a larger portion of your benefits, leaving a smaller amount to your **secondary carrier**. You can find out how to identify your primary carrier on the back of this flyer.
- Check the plan booklet for your secondary carrier to see if you have a **non-duplication of benefits clause**. If you do, your benefit will be slightly less than standard dual coverage.

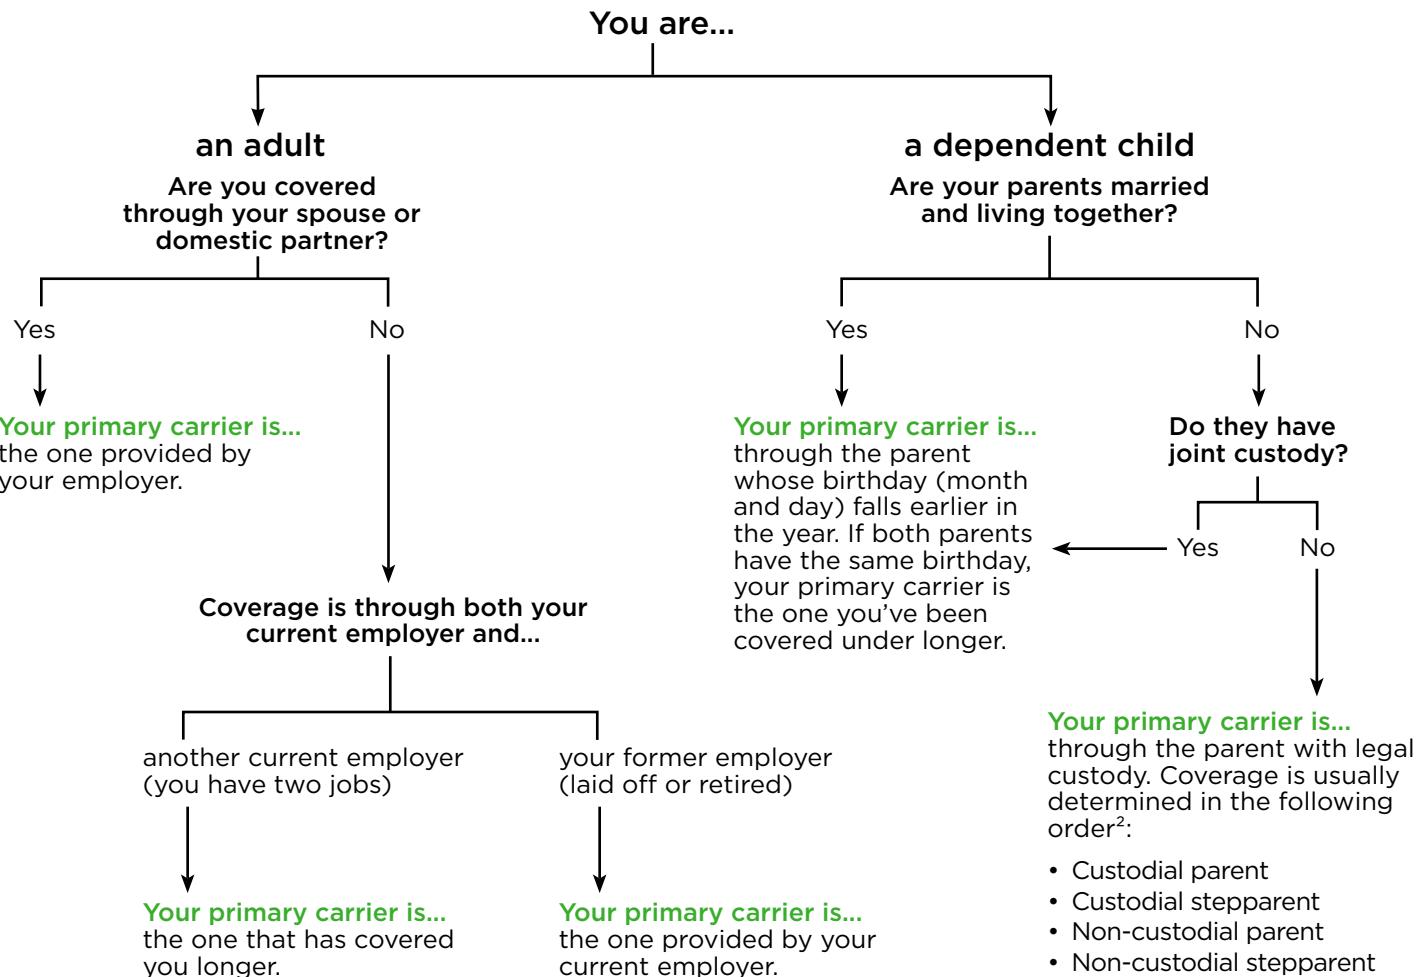

## How does dual coverage help me save?

How much you save depends on whether your secondary carrier has a **non-duplication of benefits clause**.<sup>1</sup>

Type of coverage	Primary carrier covers	Secondary carrier covers	Your coverage pays
No dual coverage	50%	N/A	<b>50%</b>
Standard dual coverage	50%	80%	<b>100%</b>
Dual coverage with non-duplication of benefits	50%	80%	<b>80%</b>

<sup>1</sup> You are responsible for any applicable deductibles, coinsurance, amounts over annual or lifetime maximums and charges for non-covered services. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan. If your primary or secondary carrier is an HMO-type plan, please contact Customer Service for details.

# Which is my primary carrier?

If you have any questions about how your employer-sponsored or Marketplace plan coordinates benefits with another plan, please call Customer Service.

<sup>2</sup> If a court decree establishes a different order of benefits for a dependent child's coverage, that decision applies instead.

# You've got options

**With a Delta Dental PPO™ or Delta Dental PPO Plus Premier™ plan, you can visit the dentist of your choice.**

You want to visit a dentist you know and trust. Most of the time, your dentist is a part of our network, one of the nation's largest. But what if they're not? We've got you covered either way. With a Delta Dental PPO™ or Delta Dental PPO Plus Premier™ plan, you're free to visit any licensed dentist, including those outside our network.

But for cost savings and convenience, a Delta Dental dentist is always your best choice.

	<b>In-network dentist</b>	<b>Out-of-network dentist</b>
<b>Benefits</b>	Some plans are designed so you pay less out of pocket when you visit a Delta Dental provider.	Some plans increase your out-of-pocket costs when you go out-of-network. Check your benefit booklet to make sure you understand your benefits.
<b>Discounted fees</b>	In-network dentists agree to charge discounted rates for their services.	Out-of-network dentists have not agreed to the discounted rates.
<b>No prepayment required</b>	You'll pay only your portion of the bill, and Delta Dental will pay our share directly to your dentist.	Delta Dental will reimburse you for the service according to your benefits, but the dentist is likely to charge you up front for the full cost of the service.
<b>Protection from balance billing</b>	In-network dentists won't charge you more than your expected share of the bill.	Out-of-network dentists may charge you for the difference between what the plan pays and their usual rate.
<b>No unbundling</b>	In-network dentists agree not to charge separately for services that are part of a treatment, like tooth preparation or local anesthetic.	Out-of-network dentists may charge for these services separately, making your overall costs higher.
<b>Quality assurance</b>	All Delta Dental dentists go through a rigorous credentialing process to ensure they are properly licensed and trained and carry the required levels of liability insurance for their area of practice.	We can't verify that out-of-network dentists are properly licensed, credentialed or provide quality care.
<b>Claim submission</b>	In-network dentists file claims on your behalf.	You will likely have to file your own claims.
<b>Patient advocacy</b>	We can advocate on behalf of our members, ensuring they receive the best treatment and care.	Delta Dental can't advocate on behalf of our members.

# Get the facts straight

## Find out about orthodontic benefits

Preparing for orthodontic treatment? Start by reviewing these FAQs about orthodontic benefits under most Delta Dental PPO and Delta Dental Premier plans. Then, log into your online account at [deltadentalins.com](http://deltadentalins.com) to review your coverage.<sup>1</sup>

### Choosing an orthodontist

#### Can I select any orthodontist? How can I find one?

You can visit any licensed orthodontist under your plan, but you'll usually save the most if you choose a Delta Dental orthodontist.<sup>1,2</sup> Search for a dentist at [deltadentalins.com](http://deltadentalins.com) and enter "orthodontist" in the keyword field. You can also ask your general dentist to recommend an in-network orthodontist or call Customer Service for help.

Search for a  
dentist at  
[deltadentalins.com](http://deltadentalins.com)

### Orthodontic coverage

#### What's covered?

Coverage varies depending on your plan,<sup>1</sup> but most Delta Dental plans include:

- Pre-orthodontic treatment visit
- Exam and start-up records
- X-rays
- Orthodontist-recommended tooth extractions
- Comprehensive orthodontic treatment
- Post-treatment records

It is less common for plans to cover:

- Two-phase orthodontic treatment
- Appliances to correct harmful habits like thumb-sucking
- Jaw surgery to facilitate orthodontic treatment
- Treatment to prepare for any non-covered surgical procedures

#### Are retainers covered?

Typically, one set of post-treatment retainers (for orthodontic purposes) is covered in a lifetime. If your plan covers two-phase orthodontic treatment, retainers are usually covered after each phase.

## Is Invisalign® covered?

If your plan covers orthodontia, you have coverage for clear aligners. Invisalign and other clear aligners administered by a licensed dentist or orthodontist are covered at the same rate as traditional braces at no additional cost to you. If you're interested in Invisalign, ask your dentist to submit a pre-treatment estimate before you begin treatment.<sup>3, 4</sup>

## Managing costs

### How much does orthodontic treatment cost?

Costs depend on the services you need, but Delta Dental can help estimate costs before treatment begins. Ask your dentist to submit a pre-treatment estimate to us, and we'll send you and your dentist an overview of the total treatment cost, including how much your plan pays and your share of the cost.<sup>1, 3, 4</sup>

### If I began treatment under a different dental plan, is work in progress covered?

Work in progress coverage depends on your plan, and is typically only available if you are undergoing active orthodontic treatment.<sup>1, 5</sup> If your plan covers work in progress, ask your orthodontist to submit an orthodontic treatment claim to us, including:

- All charges and fees (including the down payment or installments paid by your previous dental plan)

- Banding date and length of active treatment
- Brief description of the dentition, appliance (including type) and treatment
- If you are covered by more than one plan: information about the secondary carrier

### Are claims required for orthodontic treatments?

Delta Dental orthodontists will submit claims for you. If you choose a non-Delta Dental orthodontist, you may need to submit a claim to request reimbursement.

### When does Delta Dental make payments for orthodontic treatments?

Payments are made in two installments for treatment over \$500: once banding has occurred and 12 months later.

Treatment under \$500 is paid in one lump sum once banding has occurred. Your orthodontic benefits and lifetime maximum are based on the plan that is effective on the date of service. Your benefit payment will be impacted if there is a change in eligibility or if you change plans during the course of treatment.

### Is my treatment subject to both the orthodontic lifetime maximum and regular annual maximum?

This depends on your group contract. Please check your plan booklet for more information.

<sup>1</sup> Your benefits may differ from the general information provided here. Review your plan booklet for specific details regarding your plan's orthodontic benefits, deductibles, maximums, waiting periods, limitations and exclusions.

<sup>2</sup> PPO network dentists usually offer the most cost savings; however, the Delta Dental Premier network also offers cost protections.

<sup>3</sup> A pre-treatment estimate is not a guarantee of Delta Dental's final payment. When the treatment is complete, we will calculate our payment based on your current eligibility, applicable deductibles and maximums and any dual coverage you have.

<sup>4</sup> If you choose a non-Delta Dental orthodontist, you may need to submit a claim form yourself to obtain a pre-treatment estimate.

<sup>5</sup> Under some plans, you may lose eligibility if coverage has lapsed more than 30 or 60 days.

Delta Dental PPO and Delta Dental Premier are underwritten by Delta Dental Insurance Company in AL, DC, FL, GA, LA, MS, MT, NV, TX and UT and by not-for-profit dental service companies in these states: CA – Delta Dental of California; PA, MD – Delta Dental of Pennsylvania; NY – Delta Dental of New York, Inc.; DE – Delta Dental of Delaware, Inc.; WV – Delta Dental of West Virginia, Inc. In Texas, Delta Dental PPO provides a dental provider organization (DPO) plan.

# Welcome to Delta Dental

## What you need to know about transition of care

Your dental coverage is changing on

This is your **effective date of coverage**. In general, procedures started before this date are the responsibility of your previous carrier, while procedures started on or after this date are handled by Delta Dental.

### Are my benefits the same?

Please see your benefit highlights for the details.

### How do I find an in-network dentist?

Visit [deltadentalins.com](http://deltadentalins.com) to search for a Delta Dental PPO dentist in your area. Under your plan, you can visit any licensed dentist and receive benefits, but you'll save most when you visit a PPO dentist.

### Where's my ID card?

You don't need one. Just tell the dental office you're covered under and provide your name, birthdate and enrollee ID or Social Security number. Family members covered under your plan can provide your details.

If you prefer to carry a dental plan ID card, just log in to your online account at [deltadentalins.com](http://deltadentalins.com) to print one out. Or, pull up your digital ID card on your smartphone. Just log in to the website or download the Delta Dental app.

to

procedures started before this date are handled by Delta Dental.

### What if I'm in the middle of dental work?

Here's how payment is determined:

- **Root canals:** If you started treatment before \_\_\_\_\_, your previous plan is responsible for any later treatment.
- **Crowns:** If the crown is placed on or after \_\_\_\_\_, it is covered by Delta Dental.
- **Orthodontics:** Your previous carrier will pay for treatment before \_\_\_\_\_, and Delta Dental will cover treatment starting after that date. Orthodontic payments are made in two installments: The first payment will be made upon receipt of the transition of care claim, and the second payment will be made 12 months later. If the remaining benefit is \$500 or less, only one payment will be made. See the example on the next page if this applies to you or family members covered under your plan.

# Are you currently in orthodontic treatment?

Don't worry. Delta Dental will pick up payments for your orthodontic treatment where your previous carrier left off.

## What do I need to do to continue my orthodontic coverage?

Let your orthodontist know you're switching to

Your orthodontist will need to submit a claim form that includes the banding date, total case fee and length of treatment to the following address:

## Will my lifetime orthodontic maximum reset?

No, your lifetime orthodontic maximum will carry over. This means any amount paid by your previous carrier will count toward your orthodontic maximum under Delta Dental.

## How does Delta Dental calculate in-progress orthodontic treatment?

Delta Dental covers orthodontic treatment starting on your effective date. We determine the monthly cost of orthodontic treatment based on the overall cost, number of months in treatment and amount covered by your previous carrier. Check out the example below.

## Example

This example assumes an 18-month treatment plan, with a lifetime orthodontic maximum of \$2,000, total accepted cost of \$3,500, coverage at 50% and \$750 paid under your previous carrier.

1. To calculate how much Delta Dental will cover, multiply the total cost by the percent covered (50%).  
 **$\$3,500 \times 50\% = \$1,750$**

2. Is this amount less than (or equal to) your \$2,000 orthodontic lifetime maximum?

If so, Delta Dental will pay that amount, minus the amount covered by your previous carrier (\$750).\*

**Yes,  $\$1,750 < \$2,000$ .**

3. Subtract the amount paid under your previous carrier (\$750). This is how much Delta Dental will pay.  
 **$\$1,750 - \$750 = \$1,000$**

\* If the amount is greater than your orthodontic maximum, Delta Dental will pay up to the maximum minus the amount covered by your previous carrier (\$2,000 - \$750).
