The CoC Priority Listing includes:

 - YHDP Replacement and Reallocation.
 - Consolidations and Expansions Forms – must be completed if the CoC is consolidating eligible renewal projects or applying for new projects to expand the operations of eligible renewal projects.

 - UFA Costs Project Listing;
 - CoC planning Project Listing;
 - Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
 - For each project application rejected by the CoC, the Collaborative Applicant must select the reason for the rejection from the dropdown provided.

2. Reallocation

2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2027 to create one or more new projects? Yes

Alert:

As stated in the FY 2026 CoC Program Competition NOFO:

- CoCs may reallocate YHDP projects from any Round to create new YHDP Replacement projects.
- If a CoC reallocates funding from a renewal project that was previously awarded DV Bonus funding, any new project created with such funding must be 100 percent dedicated to serving individuals and families who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, and stalking and who qualify as homeless under paragraphs (1) or (4) of the definition of homeless at 24 CFR 578.3 or Section 103(b) of the McKinney-Vento Homeless Assistance Act.

2A. Reallocation - Grant(s) Eliminated

CoCs reallocating eligible CoC Renewal, DV Renewal or YHDP renewal project funds to create new project application(s) may do so by eliminating one or more expiring eligible projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.

Grant Number of Eliminated Project: TX0153L6T112518
Eliminated Project Component Type: PH-PSH
Funding Type: CoC Renewal
Eliminated Project Annual Renewal Amount: \$70,536

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.
(limit 2500 characters)

In determining which projects to advance in the FY2026 CoC Program Competition, the CoC considered the reduced Tier 1 funding threshold, HUD's priorities for projects outside Tier 1, which did not prioritize PSH, and the need to strategically allocate limited funding across the local project portfolio. The CoC also considered project performance, including the project's funding utilization during the two most recent grant cycles, which fell below the CoC's 95 percent expenditure benchmark. Based on these factors, the CoC determined that the project's funding should be reallocated to support other projects during the FY2026 competition.

The project applicant was informed of the CoC's intent to reallocate the funding prior to the opening of the FY2026 local competition and did not submit a renewal application for consideration. The applicant was formally notified via email of the reallocation on September 22, 2026.

2A-3 Is the project being eliminated to create one or more transition grant applications? No

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name: FY 2024 Coming Home- PSH
Grant Number of Eliminated Project: TX0561L6T112506
Eliminated Project Component Type: PH-PSH
Funding Type: CoC Renewal
Eliminated Project Annual Renewal Amount: \$200,052

**2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.
(limit 2500 characters)**

In determining which projects to advance in the FY2026 CoC Program Competition, the CoC considered the reduced Tier 1 funding threshold and HUD's priorities for projects outside Tier 1, which did not prioritize PSH. Under the CoC's established ranking policies, the HMIS project receives first priority for funding. As a result, the available funding for this PSH project would have been significantly reduced, leaving sufficient funding to support only two beds. This project has consistently demonstrated strong performance; therefore, the decision to reallocate funding was not based on project performance.

Given the limited viability of the project at that funding level, the CoC and project applicant determined that reallocating the project's funding to support Transitional Housing (TH) and Supportive Services Only–Coordinated Entry (SSO-CE) projects would better align the available resources with the community's needs and the FY2026 competition priorities.

The project applicant was informed of the CoC's intent to reallocate the funding prior to the opening of the FY2026 local competition and did not submit a renewal application for consideration. The applicant was formally notified of the reallocation on September 22, 2026.

2A-3 Is the project being eliminated to create one or more transition grant applications? No

2B. Reallocation - Grant(s) Reduced

CoCs that are reallocating eligible CoC Renewal, DV Renewal and YHDP Renewal project funds to create new project applications may do so by reducing one or more expiring eligible renewal projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.
