The City of Amarillo, through Amarillo City Transit (ACT), has developed the following Proposed Program of Projects (POP) identifying projects proposed for funding from the Amarillo Urbanized Area’s (UZA) Federal Transit Administration (FTA) Section 5307 and Section 5339 formula apportionments. The POP is made available for public review and comment as part of the public participation process required for the Section 5307 and Section 5339 programs.

Amarillo City Transit is the designated recipient of FTA funds for the Amarillo UZA and does not have any subrecipients. The projects included in this POP are subject to applicable metropolitan and statewide transportation planning requirements and must be included in the approved Transportation Improvement Program (TIP) and State Transportation Improvement Program (STIP), as applicable, prior to FTA grant approval.

All projects included in the POP will be funded with the applicable Federal share and required non-Federal share. The non-Federal share may be provided through local funds or, when permitted, Transportation Development Credits (TDCs). The applicable Federal/non-Federal share will vary based on the type of project and the requirements of the applicable FTA program.
