AMARILLO
CITY MANAGER

September 20, 2026

Honorable Mayor Cole Stanley and Members of Amarillo City Council
623 S. Johnson Street
Amarillo, TX 79101

Dear Mayor Stanley and Members of the City Council:

Transmitted herewith is the City of Amarillo Annual Budget for Fiscal Year 2026/2027 (Budget). The Budget is balanced in accordance with the Amarillo City Charter and laws of the State of Texas.

The final proposed Budget totals approximately $613.3 million, with $379.6 million approved for operation and maintenance functions, $166.6 million in capital, and $67.1 million for required debt service payments. The annual Budget is the most important policy document for consideration by the Council. It identifies required funding to deliver more than 250 programs and services to the citizens of Amarillo.

The 2026/2027 Budget is presented to Council as a program-based budget, i.e., the various programs offered by City departments are presented with program descriptions and performance measures to define the level and quality of services delivered to Amarillo citizens. The Budget represents maintenance of current service levels for the more than 250 programs funded by the City. All programs have a demonstrated connection to the City Council pillars.

The City has continued to experience economic growth in most areas; however, rising costs in several vital areas including commodities, materials, supplies, construction, and attracting and retaining personnel have placed continued challenges on the budget process. Key areas of focus in the 2026/2027 Budget include addressing increased funding for public safety, aging infrastructure throughout City operations, and rising costs in most operational areas.

The Budget reflects revenues in line with current trends, with slight increases, and rate increases in certain areas to support the rising costs of doing business and aging infrastructure. On the expenditure side, the Budget includes enhancements that focus on funding for public safety, critical capital projects, the implementation of a pay study for civilians, and a dedicated fund for streets. Details of the consolidated budget are as follows.

CONSOLIDATED BUDGET

The 2026/2027 Budget is $613.3 million, which is a increase of 10.3%, or $56.2 million, as compared to our 2025/2026 Budget of $557 million.

The areas of specific increase/decrease in the Budget are:

Budget Category	FY 2025/2026	FY 2026/2027	% Change
General Fund Operating	$ 275,200,035	$ 295,285,934	7.3%
Water & Sewer Operating	74,182,540	85,495,749	15.3%
Capital Improvement Projects	108,963,376	166,664,513	53.0%
Special Revenue Operating	37,941,913	36,847,114	-2.9%
Fleet Services Operating	27,764,026	21,376,222	-23.0%
Insurance Operating	47,437,090	54,671,383	15.3%
Debt Service	66,689,997	67,079,557	1.1%
Airport Operating	16,372,969	17,629,198	7.7%
Drainage Utility Operating	5,669,444	7,166,839	26.4%
Information Technology Operating	11,026,526	11,400,634	3.4%

NOTES: Changes from FY2026/2027 proposed budget-8/11/2026 to revised proposed budget-9/22/2026:

A - General Fund Operating Changes

Increase in Capital Projects	$ 2,536,000
Increase Civilian Raises to 3% COLA/1% Merit	711,961
Increase Police Raise to 4%	474,001
Increase Fire Raise to 4%	365,266
Police Certificate Pay Adjustment	305,100
Police 5 Additional Steps	424,169
Fire Certificate Pay adjustment	258,800
Fire reclass positions	100,000
Additional Supplemental Requests added from increased revenue	1,359,861
Solid Waste Supplemental Requests for Tipping Fee	1,204,000
Various Reductions in Expenditures from secondary analysis	(445,000)
	$7,301,568

B - Water & Sewer Operating Changes

Increase Civilian Raises to 3% COLA/1% Merit	$ 209,000
Various Reductions in Expenditures from secondary analysis	(24,551)
	$184,449

C - Capital Improvement Projects Operating Changes

Water & Sewer bonds not included in Capital	$ 60,000,000
Street bonds for two projects	42,500,000
Drainage bond not included in Capital	9,500,000
PPFCO added for Fire Trucks	6,200,000
Reduction in Fleet Capital	(1,000,000)
Increase to Water & Sewer Capital	1,911,816
Increase to Drainage Capital	86,658
Other various increases	136,010
	$119,334,484

D - Special Revenue Operating Changes

Various Revisions to Public Health budget	$ (51,978)
	$ (51,978)

E - Fleet Services Operating Changes

Increase Civilian Raises to 3% COLA/1% Merit	$ 38,300

DRAFT

	$ 38,300

F - Insurance Operating Changes

Removed transfer to General Fund	$ (500,000)
	$ (500,000)

G - Debt Service Operating Changes

Reduction in Fleet Debt Service	$ (2,154,025)
Reduction in General Fund debt service requirements	(1,113,218)
Corrected Compensated Absences Expense	110,905
Water & Sewer updated debt service requirements	37,059
Airport updated debt service requirements	(2,500)
Drainage updated debt service requirements	91,477
	$ (3,030,302)

H - Airport Operating Changes

Increase Civilian Raises to 3% COLA/1% Merit	$ 73,300
Various net adjustments including debt service updates	(35,823)
	$ 37,477

I - Drainage Utility Operating Changes

Increase in Capital Projects	$ 665,000
Increase Civilian Raises to 3% COLA/1% Merit	21,700
Drainage update debt service requirements	91,477
Various adjustments	21,346
	$ 799,523

J - Information Technology Operating Changes

Increase Civilian Raises to 3% COLA/1% Merit	$ 45,000
	$ 45,000

K - Interfund Transfers Operating Changes

Increase in Capital Projects for General Fund	$ 2,536,000
Fleet Rental City Equipment adjustment	1,177,505
Supplemental Request for Workday invoice – General Fund	600,000
Water & Sewer request for Workday Invoice	416,400

DRAFT

Increase Venue District Transfer to Civ Center Impr Fund	300,000
Airport request for Workday Invoice	48,000
Supplemental transfers for Comm Dev and Center City	44,798
Remove Employee Insurance fund transfer to General Fund	(500,000)
Other net changes	(91,057)
	$ 4,531,646

Municipal government is a service business and the predominant expense category in the Budget is always personnel and the associated salary and benefit expenses. Personnel costs comprise 38.2%, or $234.2 million, of the 2026/2027 net Budget. Personnel costs in the Budget are 4.5% more than the prior year budget due to increase in personnel positions to better support operations. The Budget also includes an implementation of a pay study for civilians.

One of the largest categories in the Budget is Capital Improvement Projects at $166.6 million, or 27.2% of the Budget. Capital Improvement Projects reflect a 53% increase from the prior year and includes street projects, a dedicated dumpster replacement program, funding for parks and recreation assets and facilities, water and sewer system projects including the start of design for wastewater facilities with grant funding, airport projects that are eligible for federal funding, continued fire apparatus and fleet replacements, and more. The Capital Improvement Program section provided in the budget document provides more details of the proposed projects.

Debt Service accounts for 11%, or $67.1 million, of the net Budget. Debt service expenditures include all funds with outstanding debt. The Debt Service category includes a 0.6% increase which is due to a third year of debt issuances to support streets, fire apparatus replacement, heavy fleet equipment and vehicle replacements.

Special Revenue operating costs have decreased 2.9% due multiple grant funds including American Rescue Plan Act (ARPA) and Housing Stability Services (HSS) funding being fully spent.

Property and Sales Taxes

Taxable property values remain strong with over a 1.2% increase for the 2026 tax year, when comparing 2026 certified values to the 2025 certified values. The total 2026/2027 proposed tax rate is $0.4307 ($0.33714 for maintenance and operations and $0.09356 for interest and sinking) per $100 taxable value versus the 2025/2026 rate of $0.43070 ($0.33114 for maintenance and operations and $0.09956 for interest and sinking). A historical review of the rate reflects that the City Council increased the operations and maintenance portion of the tax rate in 2019/2020 by $0.01750 in addition to increasing the debt service portion of the tax rate. In 2020/2021, the debt service portion of the tax rate was the only portion of the tax rate increased. In 2021/2022, City Council increased the property tax

rate by $0.047 to $0.44334 and then decreased it in 2022/2023 to $0.40628 and in 2023/2024 to $0.39195, and again in 2024/2025 to $0.38723 due to increased taxable values. In 2025/2026, City Council increased the property tax to $.43070.

Sales tax is the City's largest revenue source. Amarillo has long enjoyed a history of steadily increasing sales tax, which has offset the City's low property tax rate. The City's sales tax continues to remain strong. The Budget includes sales tax at an increase of $9.3 million over the 2025/26 original budget of $81.2 million. The sales tax revenue budget for next year has been normalized to sales tax collection experience for the past couple of years.

Sales tax and property tax revenues make up the largest percentage of funding for General Fund operations. However, each revenue source alone, property tax or sales tax, is not sufficient to fund the budgets for Public Safety. Therefore, the City must rely on multiple revenue sources to support General Fund operations.

Franchise Fees, User Fees and Charges

During 2016, the City initiated a $140 million five-year Community Investment Program with corresponding rate increases for water and sewer and drainage. For water and sewer rates, there was a 3% rate increase in 2016/2017, 2017/2018, and 2018/2019 to fund the first three years of the program. The 2019/2020 Budget included a 7% water and sewer rate increase, which funded the addition of automated metering infrastructure (4%) and provided for an increase in operating and maintenance (3%). The 2020/2021 Budget included the fourth year of the planned 3% rate increases. The 2021/2022 Budget included the final year of the original five-year Community Investment Program with a 3% rate increase for water and sewer infrastructure and a 2% rate increase for maintenance and operations to cover increases in operational costs. The 2022/2023 budget included a 10% water and sewer rate increase to cover inflation and additional debt issuances. The 2023/2024 budget included a 6% water and sewer rate increase to all water and sewer except the residential base rate to cover inflation and the rising cost of attracting and retaining personnel. A new tier for commercial usage over 10,000 gallons per month was included in the 2024/2025 budget at a rate of $4.15 per thousand gallons. The 2025/26 budget included a 5% rate increase for all water and sewer rates to help fund capital improvements. The water rate structure is designed so that customers who only use water for domestic purposes still have very reasonable rates. A residential 10,000-gallon water user will have a monthly water and sewer bill of approximately $92.73. For drainage rates, there were 4% rate increases for the five years for the capital costs related to the five-year Community Investment Program. The 2026/27 budget included a 8% rate increase for all water and sewer rates to help fund capital improvements. The 2022/2023 budget included a 6% drainage fee increase to cover inflation and an additional debt issuance, while the 2023/2024 budget included a 47.1% drainage fee increase, that was an increase of $1.08 per month for an average residential property, to cover additional debt issuances for capital improvements. The drainage fee had no increases proposed for 2024/2025, no increases for 2025-2026, and a proposed 3% drainage fee for 2026/27.

The Budget includes an increase in the commercial and residential Solid Waste tipping fees of 29.76% for equipment and personnel associated with capital projects and engineering services at the City of Amarillo landfill, and material cost increases associated with the residential dumpster replacement program.

Other areas with fee increases include Golf and Parks and Recreation. The fee increases in each area are needed to adjust for increases in the Consumer Price Index (CPI) to cover the related cost of providing goods or services. The new fees are proposed to provide dedicated funding to important aspects of the City budget and a prioritize these important services so they do not compete with other funding needs.

Employee Staffing

The 2026/2027 Budget consists of 2,362 permanent and 340 part-time employee positions. Permanent positions have a net decrease of 18 permanent positions over the current year and part-time positions have decreased by 6. Some positions were removed as they remained unfilled for a long period of time with no near future prospect of getting filled. Several of the changes are reclassifications of current positions to better meet departmental needs. Some of the larger position changes occurred with the Zoo transition and Police eliminating several of their unfilled civilian positions, while adding a budget analyst and an office manager to their civilian staff. Below is a summary of the staffing changes for permanent positions for the 2026/2027 Budget:

Position	Department	Full Time
Special Advisor	City Manager	-1.0
Accounting Tech	Civic Center	1.0
Sales Manager	Civic Center	1.0
Sales Manager	Civic Center	1.0
Digital Navigator	Library	-5.0
Various Zoo Positions	Zoo	-13.0
Various Administrative Positions	Police Professional Staff	-9.0
Budget Analyst	Police Professional Staff	1.0
Office Manager	Police Professional Staff	1.0
		-24.0

Employee Compensation

1. Pay increases of 4% for Police and 4% for Fire.
2. 3% COLA and 1% merit raises for civilians.

The budget includes funding for discretionary retention pay, given to employees based on longevity during the holiday season.

Capital Improvement Program

The 2026/2027 capital improvement program budget is $166.6 million which includes $20.6 million in general government capital projects, $74.9 million in water and sewer system projects, $5.7 million in airport projects, $42.5 million in street projects, $3.1 million in solid waste improvement projects, $1.9 million in Civic Center projects, and $10.3 million in drainage projects. The majority of the street and drainage projects focuses on planned reconstruction of to major streets in Amarillo over the span of two years. The general government projects are funded from excess operational funds and grant funds; existing solid waste collection fees, plus an increase to the fees, are proposed to fund solid waste projects; hotel occupancy taxes and the Amarillo-Potter Events Venue District will fund the Civic Center projects; the streets projects will be funded by dedicated funds from the new street assessment fund and through a planned debt issuance. The water and sewer projects are funded through excess operational funds planned for capital improvements plus a 8% increase to rates. The airport projects are funded with excess operational funds planned for capital projects and grant money received from the FAA. The fleet services projects are funded with a planned debt issuance and excess operational funds planned for capital.

Future Priorities

The 2026/2027 Budget has prioritized enhancements to public safety, compensation to employees, an increased COLA for retirees, funding of capital projects, and a dedicated street funding source. Going forward, the City will need to continue to identify additional budget dollars to address the maintenance of aging city facilities and aging infrastructure throughout the City.

Conclusion

Thank you each for your leadership of our City. I appreciate the extensive time and effort you undertake to study and understand the complexities of the varied operations of our organization. Your vision, guidance and service are invaluable and truly make Amarillo a great community! I want to thank you for the comprehensive review of the 2026/2027 Budget process and thank the entire management team for their hard work in preparing the annual Budget. Difficult choices were made to ensure we can efficiently and effectively manage our resources to address Council pillars and to continue our commitment to serve the citizens of Amarillo.

Respectfully Submitted,

Grayson Path
City Manager

GENERAL FUND PROPOSED FEE CHANGES

1432 Solid Waste Disposal

Solid Waste Disposal is proposing a 24.08 percent increase in all landfill use fees to cover increases in operational costs.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33520 – Landfill Charges				
(a) Landfill fee (per ton, minimum of $5/load)	$39.49	$49.00	$9.51	
(a)(1) Less than 3 cu. yds	$16.84	$20.90	$4.06	
(a)(2) 3 cu. yds. or more, but less than 6 cu. Yds	$33.68	$41.79	$8.11	
(a)(3) 6 cu. yds. or more, but less than 12 cu. yds	$67.63	$83.92	$16.29	
(a)(4) 12 cu. yds. or more, but less than 25 cu. Yds	$134.72	$167.16	$32.44	
(a)(5) 25 cu. yds. or more	$269.45	$334.33	$64.88	
(a)(6) Automobile bodies, tanks, concrete beams and similar large, heavy or bulky items	$123.50	$153.24	$29.74	
(b)(1) Waste requiring special handling (per ton, minimum charge as proposed below)	$48.00	$59.56	$11.56	
Minimum charge for (b)(1) waste requiring minimum handling	$35.00	$43.00	$8.00	
Tire Fee - 12" to 17.5" nominal diameter	$1.50	$1.86	$0.36	
Tire Fee - 18" to 24.5" nominal diameter	$4.50	$5.58	$1.08	
Tire Fee - 25" or larger nominal diameter	$9.50	$11.79	$2.29	$1,204,000
Total Budgetary Impact				**$1,204,000**

1690 City Marshal's Office

The City Marshal's Office is proposing an increase to its administration fees associated with any contract work that is completed on private property to better support cost recovery. Another increase is anticipated for fiscal 2027/28, and after that time, a three percent annual increase is anticipated to maintain cost recovery moving forward.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC73230 – Weed Mowing Services				
Administrative Fee	$75	$125	$50	$125,000
Total Budgetary Impact				**$125,000**

GENERAL FUND PROPOSED FEE CHANGES

1710 Animal Management and Welfare (AMW)

AMW is proposing an increase to its surrender fee for adult animals and its daily shelter fee to better support cost recovery. The surrender fee for animals under six months will remain at $10.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33347 – Surrender Fee				
Adult Surrenders	$20	$50	$30	$12,000
RC33340 – Animal Shelter Fees				
Daily Shelter Fee	$5	$15	$10	$30,000
Total Budgetary Impact				**$42,000**

1720 Planning & Development Services

The Planning Department is proposing increases to multiple fees and the establishment of new fees to better support cost recovery.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33210 – Zoning Platting Fees*				
Minor Plat Fee	$352 + $10/acre	$352 + $15/acre	$5/acre	
Residential Replat Fee	$524 + $10/acre	$610 + $15/acre	$86 + $5/acre	
Final Plat Fee	$551 + $10/acre	$551 + $15/acre	$5/acre	
Preliminary Plan Fee	$378 + $10/acre	$425 + $15/acre	$47 + $5/acre	$10,803
RC37400 – Miscellaneous Revenue				
Zoning Verification Letter Fee	N/A	$25	New	
Sign Master Plan Fee	N/A	$125	New	
Annexation Petition Fee	N/A	$600	New	$2,075
RC31797 – FMV Pmts - Vacated Property				
Abandonment (Vacation) of Right-of-Way Fee	$535 + FMV	$625 + FMV	$90	$720
Total Budgetary Impact				**$13,598**

***The base fee applies to the first acre, and the per acre fee applies to any acre beyond the first.*

GENERAL FUND PROPOSED FEE CHANGES

1750 Environmental Health

Environmental Health is proposing an increase to the annual permit fee for recreational water units that operate year-round by $125 to better support the department's ongoing efforts to reach and maintain cost recovery.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC31630 – Public Pool Permits				
Elimination of exemption for fee for a property's third recreational water permit	Waived	$500 to $625	$500 to $625	
Annual Permit Fee (for recreational water units that operate year-round)	$500	$625	$125	$9,125
Total Budgetary Impact				**$9,125**

1811 Golf Operations

Golf Operations is proposing increases to green fees, mini pass fees, and golf cart rental fees to support ongoing efforts to increase cost recovery.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33780 – Golf Green Fees Wild Horse and RC33795 – Golf Green Fees Mustang (Ross Rogers)				
Weekend Fee	$35	$37	$2	
Daily Fee	$32	$34	$2	
Twilight Fee	$27	$29	$2	
Junior Fee	$27	$29	$2	$ 91,291
RC33785 – Golf Green Fees Tomahawk and RC33790 – Golf Green Fees Arrowhead (Comanche Trail)				
Weekend Fee	$32	$34	$2	
Daily Fee	$29	$31	$2	
Twilight Fee	$24	$26	$2	
Junior Fee	$24	$26	$2	$77,765
RC33800 – Annual Passes				
Mini Golf Pass	$460	$496	$36	
Mini Pass 9 Hole Punch	$250	$268	$18	$5,200
RC33805 – Golf Cart Sales				
Golf Cart Rental Fee – 9 holes	$8/$16	$8.50/$17	$0.50/$1	
Golf Cart Rental Fee – 18 holes	$16/$32	$17/$34	$1/$2	$183,087
Total Budgetary Impact				**$357,343**

GENERAL FUND PROPOSED FEE CHANGES

1862 ZOO MAINTENANCE

Parks and Recreation is proposing to eliminate Zoo related fees due to the lease of the zoo property to a third-party who now operates it.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33920 – Adult Zoo Admission				
Adults (13-61)	$7.50	$0	($7.50)	($215,000)
RC33930 – Child Zoo Admission				
Children (3-12)	$2.50	$0	($2.50)	($60,000)
RC33940 – Senior Zoo Admission				
Seniors (62+)	$6.50	$0	($6.50)	($11,200)
Total Budgetary Impact				**($286,200)**

1870 – 1877 ATHLETICS

Athletics is proposing increases to multiple team registration fees and specific field rental service fees to provide more cost recovery. Athletics is also proposing to eliminate team and player fees for the basketball because the City is no longer facilitating this program.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33810 – League Entry Fees				
Team Fee – Softball (Spring/Fall)	$400	$450	$50	
Team Fee – Volleyball (Indoor)	$225	$250	$25	
Team Fee – Volleyball (Outdoor)	$150	$175	$25	
Team Fee – Basketball	$375	$0	($375)	
Players Fee – Basketball	$15	$0	($15)	
#1 Men's Team	$485	$0	($485)	
Players Fee – Basketball	$15	$0	($15)	
Late Registration	$25	$0	($25)	$8,778
RC33860 – Field Rentals				
Single Game Rental - Youth	$30	$35	$5	
Single Game Rental – Adults	$40	$45	$5	
Practice Rental – Youth (90-minutes)	$30	$35	$5	
Practice Rental – Adult (90-minutes)	$40	$45	$10.00	$8,960
Total Budgetary Impact				**$17,738**

GENERAL FUND PROPOSED FEE CHANGES

1910 Fire Department

Amarillo Fire Department is proposing to establish a fee program for repeated fire alarm activations at one property within a rolling twelve-month period and an increase to the special events and resource standby fees to better support cost recovery.

Please see schedule provided by Fire Department that follows this page.

1930 Fire Marshal

Amarillo Fire Department's Fire Marshal Office is proposing increases to various fees for inspection-related activities and special event permit fees to better support cost recovery.

Please see schedule provided by Fire Department that follows this page.

1910 Fire Department

Amarillo Fire Department is proposing to establish a fee program for repeated fire alarm activations at one property within a rolling twelve-month period and update special event and resource standby fees to better support cost recovery for assigned Fire Department resources.

Historical activity and 2025 false alarm modeling were reviewed for budget planning. The $50,000 budgetary impact remains conservative and is split between a $30,000 first-year false alarm estimate and a $20,000 special event/resource standby estimate.

Note: Event and resource fees are separate from Fire Marshal permit review fees. Resource fees are based on assigned personnel, apparatus, vehicles, EMS equipment, and coordination required for the event or standby assignment.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33310 - Fire Inspection Fees				$50,000
False Alarm Fees				$30,000
Repeated fire alarm activations at same premises	No fee for first five false alarms; $50 for sixth and each subsequent false alarm within a 12-month period	No fee for first three; $100 4th, $150 5th, $200 6th, $250 7th, $300 8th, $400 9th, $500 10th and each subsequent false alarm within a rolling 12-month period	Fee begins earlier; graduated increase of $50 to $450 per billed alarm compared with current $50 flat fee	
Special Events and Resource Standby Fees				$20,000
Resource coordination fee	N/A	1-4 personnel: no charge; 5-9 personnel: $50; 10-19 personnel: $100; 20+ personnel: $200	New fee for coordination workload	
Administrative support personnel	N/A	$40/hr	New functional assignment rate	
Event support / operations personnel	No stand-alone personnel-only rate; current ordinance mainly bills FMO support or staffed apparatus	$55/hr	New / clarified personnel-only rate	
Site supervisor	$50/hr	$65/hr when assigned at Company Officer level	+$15/hr	
Command officer	N/A	$65/hr when assigned at Company Officer level; $80/hr when assigned at Battalion Chief level	New command-level billing option	
Engine	$225/hr staffed engine/ladder, includes 4 personnel	$100/hr for engine, plus assigned personnel billed separately	Structure changed; actual increase/decrease depends on staffing assigned	
Ladder	$225/hr staffed engine/ladder, includes 4 personnel	$150/hr for ladder, plus assigned personnel billed separately	Structure changed; actual increase/decrease depends on staffing assigned	
Grass rig / wildland unit	$125/hr staffed grass rig, includes 2 personnel	$40/hr for grass rig / wildland unit, plus assigned personnel billed separately	Structure changed; actual increase/decrease depends on staffing assigned	
Command vehicle	N/A or included within assigned support package	$25/hr	New / separated vehicle rate	
Staff vehicle	Included in current FMO support personnel rate when assigned	$15/hr	Separated from personnel rate	
ATV / UTV	$110/hr staffed fire or medical ATV, includes 2 personnel	$15/hr for ATV / UTV, plus assigned personnel billed separately	Structure changed; actual increase/decrease depends on staffing assigned	
EMS equipment resource fee	N/A	$25/hr when EMS equipment is assigned	New	
Special operations equipment rate	N/A	$25/hr for technical rescue, special hazardous materials (hazmat), or other special operations equipment when assigned	New equipment resource rate	
Two-hour minimum	Applies to standby personnel fees	Applies to standby personnel, apparatus, vehicles, EMS equipment, and other Fire Department resources	Expanded / clarified	
Fireworks standby resource billing	Standby personnel may be required; no separate resource schedule by assignment type	Personnel, apparatus, vehicles, EMS equipment, and resource coordination billed under Event and Resource Fee Schedule when assigned	Clarified and separated from permit fee	
Total Budgetary Impact				**$50,000**

Planning note: The false alarm estimate is intentionally below the full modeled annual assessment to account for implementation, billing, appeals, waivers, and collection timing. Event/resource revenue will vary based on actual assignments, event duration, risk, and resource needs.

1930 Fire Marshal

Amarillo Fire Department's Fire Marshal Office is proposing updates to the Fire Marshal fee schedule to better support cost recovery for inspection-related activities, construction and fire protection system reviews, operational permits, special event permit review, enforcement-related services, and expired permit reissuance.

Historical revenue activity since October 2023 was reviewed to confirm recurring transaction volume across the affected fee categories. The budgetary impact remains intentionally conservative because many proposed fees depend on project size, device count, inspection frequency, permit type, and compliance behavior.

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
RC33300 - Public Safety and Health				$10,000
Fire Marshal special event personnel / public safety support	Current ordinance lists FMO support personnel / vehicle under operational permitting and standby personnel fees.	Fire Marshal personnel assigned to special events or public safety support billed under the Event and Resource Fee Schedule based on functional assignment.	Revenue category retained for 1930 personnel support used for special events	
RC33310 - Fire Inspection Fees				$20,000
Pyrotechnic display permit	$100 per event	$100	No change	
Flame effect permit	$50	$50	No change	
Flame test	$50	$50	No change	
Mobile food unit permit / inspection	$50; permit valid for one year from inspection	$50; permit valid for one year from inspection	No change; wording clarified	
Temporary membrane structures / canopies	$100 for 200-5,000 SF; $150 for 5,001-10,000 SF; $50 per additional 10,000 SF or fraction	$100 for 400-1,000 SF; $150 for 1,001-2,500 SF; $100 per additional 2,500 SF or fraction	Varies; more granular	
Amusement / haunted house operational permit	$200 for 30-day haunted house permit	$200 up to 31 days; $400 for 32-180 days; $600 annual for amusement, recreation, or special assembly operations	Expanded duration and scope with guardrails	
All other operational permits	$50	$50	No change	
Special event permit	$100 per 2,500 expected attendees; required over 2,500 attendees or 11+ cooking locations	$100 for 1,000-2,500 attendees; $250 for 2,501-10,000; $500 over 10,000; first 3 days included; $50/day after	Changed / tiered; lower review threshold	
Special event vendor cooking fee	$25 vendor cooking fee; $0 for existing mobile food unit vendor with current FMO inspection	No additional vendor fee for mobile food unit with current Amarillo FMO permit; $25 vendor fee removed	Decrease / removed	
Temporary vendor lot / food truck lot operational permit	N/A	$200 for 1-31 consecutive days	New	
Childcare facility inspections	$100 up to 150 occupants; $100 plus $40 per additional 100 occupants or fraction over 150	$100 up to 150 occupants; $150 for 151+ occupants	Simplified; varies by occupant load	
Adult daycare center inspections	$100 up to 150 occupants; $100 plus $40 per additional 100 occupants or fraction over 150	$100 up to 150 occupants; $150 for 151+ occupants	Simplified; varies by occupant load	
Group home / shelter inspections	Foster / Group Home / Shelter: $50 for 1-5 occupants; $100 for 6-15 occupants; multi-location +$10 each	Group home / shelter only: $50 for 1-5 occupants; $100 for 6+ occupants; multi-location +$10 each, max 10	No fee change; "Foster" removed and scope clarified	
Nursing home inspections	$200 up to 50 beds; $250 for 51-100 beds; $300 for 101+ beds	$200 up to 50 beds; $300 for 51-200 beds; $400 for 201+ beds	$0 to +$100 depending bed count	
Hospital inspections	$350 up to 200 beds; $600 for 201+ beds	$200 up to 50 beds; $300 for 51-200 beds; $400 for 201+ beds	Decrease for most hospital tiers; adds smaller-bed tier	
Other facility / occupancy inspections	$100 up to 5,000 SF; $150 for 5,001-10,000; $200 for 10,001-50,000; $250 for 50,001-100,000; $100 per additional 25,000 SF over 100,000	No charge up to 2,500 SF; $100 for 2,501-10,000; $125 for 10,001-50,000; $150 for 50,001-100,000; $100 plus $100 per additional 25,000 SF over 100,000	Varies; generally reduced for small/medium facilities	
Hotel / apartment inspections	$100 up to 5,000 SF; $150 for 5,001-10,000; $200 for 10,001-50,000; $250 for 50,001-100,000; $100 per additional 25,000 SF over 100,000; biennial for 100,001+ SF	$100 up to 5,000 SF; $150 for 5,001-10,000; $200 for 10,001-50,000; $250 for 50,001-100,000; $250 plus $100 per additional 25,000 SF over 100,000; biennial for 100,001+ SF	No change through 100,000 SF; clarified/increased base over 100,000 SF	
First reinspection	$0	No charge	No change	
Second reinspection	$50 for each subsequent reinspection after first	$50	No change	
Third reinspection	$50 under multiple reinspection language	$100	+$50	
Fourth and additional reinspections	$50 under multiple reinspection language	$150	+$100	
No show / not ready inspection	$50	$50	No change	
After-hours inspection	$100 per inspector hour	$150 minimum includes first 2 hours; $75/hr after first 2 hours	Changed; establishes minimum and hourly continuation rate	
Work without permit	Two times permit fee	Two times applicable permit fee, minimum $100	Adds $100 minimum	
RC33315 - Other Inspection Fees				$10,000
Construction permit application fee	$100 construction permit application fee	Replaced by specific fire code plan review, system review, and permit categories	Removed / restructured	
Fire code plan review	N/A as a separate fee	$100 up to 10,000 SF; $200 for 10,001-50,000; $350 for 50,001-100,000; $500 for 100,001-250,000; $750 plus $100 per additional 25,000 SF over 250,000	New	

	Current Fee	Proposed Fee	Increase (Decrease)	Budgetary Impact
Land development / subdivision fire code review	N/A	Residential: $100-$750+ based on lots / dwelling units; nonresidential/mixed-use: $100-$750+ based on acreage	New	
General plan revision / change review	$50 per plan resubmittal	$50 per plan revision review / per submittal; major redesign may be treated as new application	Clarified / broadened	
Fire alarm system review	$100 for 25 or fewer devices; $150 for 26-100; $200 for 101-300; $250 for 301+ devices	$50 base fee plus $1 per fire alarm device	Varies by device count	
Fire sprinkler system review	$100 for 1-19 heads; $150 for 20-100; $225 for 101-300; $350 for 301+ heads per riser	$50 base fee plus $1 per sprinkler device plus $50 per additional riser after first riser when applicable	Varies by device count and complexity	
Fire pumps and related equipment	$100 per pump	$150 per pump	+$50	
Private hydrants / fire main / PIV	$100 per hydrant	$100 per hydrant	No change	
Underground hydro inspection	$100 per inspection	$150 per inspection	+$50	
Standpipe system, standalone	$100 per system	$150 per system	+$50	
Emergency Responder Radio Coverage System (ERCES)	$100 for 1-10,000 SF; $150 for 10,001-50,000; $250 for 50,001-100,000; $100 per additional 25,000 SF over 100,000	Separate fees for voice verification, witnessed testing, system plan review, and FMO-performed acceptance testing	Restructured by service type	
ERCES voice quality verification	N/A	$300 up to 10,000 SF; $500 for 10,001-20,000 SF; $700 for 20,001-30,000 SF	New	
ERCES witnessed testing	N/A as a separate witnessed testing fee	$100 for 5,000 SF or less; $200 for 5,001-10,000; $300 for 10,001-50,000; $400 for 50,001-100,000; $400 plus $200 per additional 25,000 SF over 100,000	New	
ERCES system plan review	Included in current ERCES square footage fee	$250 up to 50,000 SF; $350 for 50,001-100,000; $500 for 100,001-250,000; +$100 per additional 25,000 SF over 250,000	Clarified / restructured	
FMO-performed ERCES acceptance test	N/A	$50 base fee plus $40 per ERCES device; $150 minimum per test event	New	
Vent hood system	$100 per system	$100 per system	No change	
Clean agent suppression system	$100 up to 2,500 SF; systems over 2,500 SF calculated as fire sprinkler	$100 up to 2,500 SF; systems over 2,500 SF calculated as fire sprinkler	No change	
Paint booth	$100	$100	No change	
Existing fire protection system repair / limited modification review	N/A as a separate section	$50 review and inspection; major modifications use applicable system permit fee	New / formalized	
Scope of work requirement	Not clearly stated as a fee schedule rule	Written scope required for any automatic sprinkler system work, fire alarm like-for-like replacement, and listed hood system removals/relocations/decommissioning/replacement/abandonment/restoration after discharge	New clarification	
As-builts	$0 per plan submittal	$0 per plan submittal	No change	
Phase inspection	$50 per additional phase	$50 per additional phase	No change	
Visual inspection before acceptance test	$50 per inspection	$50 per inspection	No change	
All other construction permit types	$100	$100	No change	
Variance request application	$100	$100	No change	
Final fire inspection for certificate of occupancy	$50 for 5,000 SF or less; $100 for 5,001-10,000; $150 for 10,001-50,000; $200 for 50,001-100,000; $100 per additional 25,000 SF over 100,000	$50 for 5,000 SF or less; $100 for 5,001-10,000; $150 for 10,001-50,000; $200 for 50,001-100,000; $200 plus $100 per additional 25,000 SF over 100,000	No change through 100,000 SF; clarified/increased base over 100,000 SF	
General / unlisted fire code permit	$50 all other operational permit; $100 all other construction permit	$50 administrative only; $100 inspection/site visit; most similar listed fee, minimum $100, for technical plan review	Clarified	
Reissuance of expired permit	Repermit activity exists but process not clearly defined in fee table	$50 when permit is expired more than 30 days; 30 days or less may be administratively reviewed/reactivated at Fire Marshal discretion	New / formalized	
Technology / online / credit card fee	$11 technology fee	$11 unless amended by City policy or future ordinance	No change	
Annual fee adjustment	Annual increase by 3% or CPI, whichever is greater	Annual adjustment by 3% or CPI-U, whichever is greater, beginning October 1, 2027 unless changed by Council	Clarified / delayed	
Refunds	80% refund if request withdrawn/cancelled before inspection action; no refund after inspection begins	Generally non-refundable once review, inspection, processing, scheduling, coordination, or administrative work has begun; refunds for duplicate payment, City error, or fee assessed in error	Clarified	
Total Budgetary Impact				**$40,000**

Note: Budgetary impact is shown by revenue category based on the conservative estimate currently being used for budget planning. Individual customer impact will vary by building size, system size, inspection demand, permit type, special event staffing, and compliance history. False alarm fees are addressed in the separate Fire Department fire alarm ordinance package.

WATER AND SEWER FUND PROPOSED FEE CHANGES

52121 - Sewer General

Water and Sewer Utilities is proposing an eight percent increase to fees on all sewer meter sizes to fund capital projects associated with wastewater infrastructure. The amounts estimated below were calculated based on a meter providing 10,000 gallons of sewer usage.

Description	Current Fee*	Proposed Fee*	Increase (Decrease)	Budgetary Impact
RC34030 – Sewer Charges				
5/8" Meter	$40.87 to $44.65	$44.14 to $48.22	$3.27 to $3.57	
1" Meter	$41.59 to $45.37	$44.92 to $49.00	$3.33 to $3.63	
1 1/2" Meter	$43.56 to $47.34	$47.04 to $51.13	$3.48 to $3.79	
2" Meter	$45.64 to $49.42	$49.29 to $53.37	$3.65 to $3.95	
3" Meter	$49.10 to $52.88	$53.03 to $57.11	$3.93 to $4.23	
4" Meter	$62.90 to $66.68	$67.93 to $72.01	$5.03 to $5.33	
6" Meter	$83.53 to $87.31	$90.21 to $94.29	$6.68 to $6.98	
8" Meter	$104.22 to $108.00	$112.56 to $116.64	$8.34 to $8.64	$2,686,527
Total Budgetary Impact				**$2,686,527**

***The minimum of each range represents the residential fee, and the maximum of each range represents the commercial fee.**

**** The base rate is applied to usage of 3,000 gallons or less.**

WATER AND SEWER FUND PROPOSED FEE CHANGES

52122 - Water General

Water and Sewer Utilities is proposing an eight percent increase to fees on all water meter sizes to fund capital projects associated with water infrastructure. The amounts estimated below were calculated based on a meter providing 10,000 gallons of sewer usage.

Description	Current Fee*	Total Proposed Fee*	Increase (Decrease)	Budgetary Impact
34010 – Water Metered Sales				
5/8" Meter	$44.56 to $48.20	$48.12 to $52.06	$3.56 to $3.86	
1" Meter	$51.11 to $54.75	$55.20 to $59.13	$4.09 to $4.38	
1 1/2" Meter	$60.33 to $63.97	$65.16 to $69.09	$4.83 to $5.12	
2" Meter	$79.66 to $83.30	$86.03 to $89.96	$6.37 to $6.66	
3" Meter	$224.96 to $228.60	$242.96 to $246.89	$18.00 to $18.29	
4" Meter	$278.64 to $282.28	$300.93 to $304.86	$22.29 to $22.58	
6" Meter	$404.04 to $407.68	$436.36 to $440.29	$32.32 to $32.61	
8" Meter	$547.41 to $551.05	$591.20 to $595.13	$43.79 to $44.08	$6,092,878
Total Budgetary Impact				**$6,092,878**

***The minimum of each range represents the residential fee, and the maximum of each range represents the commercial fee.**

Mission

Provide excellent public service and law enforcement to the community, with the goal of keeping Amarillo a safe place to live, work, and play. The Amarillo Police Department (APD) shall provide this service by utilizing best practices in law enforcement, continuous improvement in leadership and professionalism, and partnership with the community.

Goals & Objectives

The department provides a full array of law enforcement services and engages in strategic planning to ensure alignment with the City Council's vision. The department adheres to the Texas Police Chiefs' Association Best Practices Accreditation Program to ensure police services are provided to the community in an efficient and effective manner, and that individuals' rights are protected. The Amarillo Police Department in its entirety has a focus on proactive community engagement and proactive policing

In May 2026, the police department realigned into three bureaus; Field Operations Bureau, Support Services Bureau, and Business Services Bureau. Field Operations Bureau is commanded by an assistant chief who is responsible for the Patrol Division, Special Operations Division, and AECC. Support Services Bureau is commanded by an assistant chief who is responsible for Criminal Investigations Division, Training and Personnel Division, and Fleet. The Business Services Bureau is commanded by an assistant police director who is responsible for Records Division, Property and Evidence Division, Grant Management, and Budget Management.

Overall Index Crimes	-7%	-17%	-3%

Police Department Bureaus

Field Operations Bureau

Patrol Division

Uniform Patrol improves the safety of Amarillo community through marked and unmarked patrol and response to calls using the Texas Police Chiefs Association (TPCA) Best Practices standards. Officers are staffed 24 hours each day to meet the needs of the community. Officers respond to calls for service, investigate crimes, collect evidence, serve arrest warrants, gather criminal intelligence, and enforce traffic laws.

Performance Measures/ Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***2026/27 Projected***
Priority Calls Response Times	6.48 minutes	6.5 minutes	
Non-Priority Calls Response Times	7.35 minutes	7.32 minutes	

Amarillo Regional Crime Center

The Amarillo Regional Crime Center (ARCC) provides real-time intelligence and analytical support to enhance public safety, improve operational effectiveness, and support informed decision-making. The ARCC has two primary missions: providing immediate intelligence, technology, and investigative support to officers and supervisors during in-progress calls for service and critical incidents, and conducting strategic crime analysis to identify crime trends, patterns, and emerging threats. Through the analysis of crime data, intelligence, and operational information, the ARCC supports the

department's intermediate- and long-term planning, resource allocation, and deployment strategies. The ARCC collaborates with local, regional, state, and federal partners to improve information sharing and strengthen public safety throughout the Amarillo region. Its work enables the department to respond more effectively to current incidents while proactively addressing future public safety challenges. In May 2026 additional staffing resources were added to the Crime Center.

Crime Analysis Intelligence

Bulletins completed: 198

Intelligence Requests: 496

Real-time Intelligence Outcome	***Current Count***	***Projected Annual Count***
Assisted, Information Given	604	4,499

Total Outcome Selection	**1,499**	**11,166**

Special Operations Division

Traffic Division

The Police Motorcycle Unit is primarily responsible for traffic law enforcement and planning special events. The traffic division coordinates state grants for Selective Traffic Enforcement Program, and CMV Traffic Grant Enforcement. The Traffic Investigations unit investigates major collisions that involve traffic fatalities and collisions involving serious bodily injury. The DWI unit proactively enforces driving while intoxicated offenses including intoxication manslaughter.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*FY 2026/27 Projected*
Number of traffic warnings and citations	68,441	64,560	66,500
Crashes	6028	4467	5992
All Fatalities	22	21	25
DWI Crashes	236	243	280
DWI Arrests	586	900	900

*All uniformed officers proactively enforce traffic law

Uniform Criminal Enforcement

PACE/Gangs/SWAT

The Proactive Criminal Enforcement Unit (PACE) is responsible for targeted resolution of identified problems and arresting violent fugitives. The Gang unit investigates gang related criminal behavior that includes property and violent crime. The Gang unit provides educational and informational presentations to schools, civic groups, and the community covering topics on the dangers of gangs, gang affiliation, and tagging. The SWAT team responds to high-risk incidents that require specialized weapons And Tactics. These incidents include barricaded subjects, hostage situations, and high-risk search warrants. Members of the SWAT team are assigned pro-active crime suppression tasks of searching for and apprehending high risk fugitives and priority investigation suspects. All three units operate in partnership with other law enforcement agencies such as DPS, Potter County S.O., Randall County S.O. and federal agents.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*FY 2026/27 Projected*
Search Warrants	57	65	100
Arrests	265	290	400
Arrest Warrants served	305	325	450
Stolen autos recovered	12	20	20
Firearms recovered	58	70	100
High-risk warrants served	122	140	150
SWAT Callouts (barricaded suspect, hostage situation, other critical incidents.)	18	15	15

Bomb Squad

The Amarillo Police Department Bomb Squad responds to calls involving explosive devices and scenes where an explosion has taken place within the top twenty-six counties of the Texas Panhandle. The squad is equipped with the latest technology that includes X-ray machines, Bomb Robots, and explosive disposal. The squad has two full-time and four part-time personnel including a K-9 capable of explosive device detection.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***FY 2026/27 Projected***
Bomb squad callouts	60	63	70

Narcotics Unit

The Narcotics Unit is responsible for investigating the possession, sale, and distribution of illegal narcotics. Narcotic officers also investigate prostitution, gambling, and organized criminal activity. The Narcotics Unit is tasked with submitting all APD narcotic cases for prosecution and completing intelligence reports on all drug investigations and intelligence received.

Performance Measures/Indicators:	***2023/24 Actual***	***2024/25 Estimated***	***FY 2025/26 Projected***
Narcotics investigation arrests	447	525	565
Pounds of illegal drugs seized	443	500	550
Intelligence Reports (Drugs)	236	250	300
Weapons seized related to narcotics cases	183	200	225

Police Canine

The Police Canine unit consists of 1 sergeant and 4 patrol K9s The Police Canine program uses specially trained police dogs to search buildings for suspects, track fleeing suspects, conduct narcotic and explosive searches, assist Uniform Patrol, and provide educational programs to the public. In each search instance below, the canine performs an added function that a police officer cannot perform, e.g., searching by smell. The Amarillo Police Canine program also assists the surrounding Amarillo area.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***FY 2026/27 Projected***
Number of searches using police dogs	373	390	400
Searches for Suspects	40	45	50
Number of Callouts	27	30	30

Community Engagement

The Community Engagement Unit is a newly created unit designed to address various quality-of-life issues throughout the city and to develop partnerships with the community to reduce crime and the fear of crime. The Community Engagement Unit seeks to interact with the public in a non-traditional police manner, where a call for service is not necessary for constructive dialogue with the community. Officers assigned to the Community Engagement Unit receive specialized training, equipment (bicycles), and flexibility scheduling to fulfill this goal. Community Engagement Officers have two officers assigned to the Homeless Outreach Team that work closely with the City Marshal's Office, Community Development, Fire Prevention, and Environmental Health to address the challenge of homelessness.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***2026/27 Projected***
Quality of Life	300	250	300
Community meetings and events	81	175	200
School Presentations	10	25	40

School Liaison

The Police School Liaison Program is responsible for the security of students, teachers, administrators, and other employees of public schools within the Amarillo city limits. Liaison officers are the initial responding/investigating officers for incidents that occur on or adjacent to school campuses. They also provide educational programs designed to enhance safety at assigned schools and improve police community relations with students, parents, teachers, and school administrators. Approximately 75% of the costs for a School Liaison officer is funded by the respective school districts.

Amarillo ISD Police Department has continued to grow. A transition process has begun to increase AISD police officers to replace the APD officers within the assigned schools. This process will take three years to complete. Canyon ISD does not have a police department and has requested to continue the current agreement.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***FY 2026/27 Projected***
Educational programs conducted	346	300	300
Police reports made on school campuses	553	420	400
Complaints investigated: no report	19,434	17,061	15,000

Crime Stoppers

The Student Crime Stoppers program collects tips on school-related crimes and crimes reported by students. Crime Stoppers work with students and provide educational programs designed to keep students from becoming involved in illegal or dangerous activities.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***FY 2026/27 Projected***
Programs provided	86	350	350
Media releases provided	976	365	365
Community contacts made	170	210	250
Crime Stopper tips leading to an arrest	58	105	120
Amount of stolen property recovered by Crime Stoppers	$312,697	$700,000	$300,000
Rewards paid out by crime stoppers	$6,600	$10,000	$12,000

Public Information

The Police Public Information Officer (PIO) serves as the department's primary liaison with the media and the public, ensuring the timely, accurate, and transparent dissemination of information. The PIO prepares and distributes press releases, coordinates media inquiries and interviews, and develops communication strategies during routine operations and critical incidents. The PIO is responsible for publishing, monitoring, and managing the department's official social media platforms to provide public safety information, engage with the community, and address misinformation. The position works closely with department leadership to maintain public trust while supporting the agency's mission and communication objectives.

Performance Measures/Indicators:	***2024/25 Actual***	***2025/26 Estimated***	***2026/27 Projected***
Media releases provided	1027	365	365

Support Services Bureau

Criminal Investigation Division

Criminal Investigations is responsible for follow-up investigations of all police reports, identification of offenders, case preparation for prosecution, and the recovery of stolen property. The Property and Evidence Unit is responsible for storing all property and evidence collected and booked. The Crime Scene Investigation Unit responds to scenes of major crimes and collects physical, latent, and electronic evidence. This Unit processes some evidence in the lab, primarily for fingerprint evidence, and prepares evidence for lab submission.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*2026/27 Projected*
Cases investigated	25,368	24,113	22,515
Clearance rates (violent)*	43.2%	43%	45%
Clearance rates (property)*	11.5%	24%	25%

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*2026/27 Projected*
Incoming Property/Evidence	27,674	25,817	22,215

Training and Personnel Division

The Police Training program is responsible for all APD training, police academy, shooting complex, quartermaster supply, and personnel files. This program is also responsible for coordinating the department's recruitment efforts and hiring process.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*2026/27 Projected*
Number of applicants	651	500	500
Training hours provided	51,416	58,500	59,000
Shooting complex customers	5,252	5,400	5,500
Recruits trained	15	25	20

Police Business Services Bureau

Records Management Division

The Police Records Management provides a vital role in supporting the daily operations of law enforcement agencies. The division is tasked with maintaining comprehensive police records, including incident reports, and arrest records. Additionally, it manages responses to Open Records Requests, facilitating transparency and public access to information.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*2026/27 Projected*
Open records requests processed	4472	3775	4124
Online reports processed	4952	5059	5006

Property and Evidence Management

The Property and Evidence Unit is responsible for the secure receipt, booking, cataloging, storage, tracking, release, and lawful destruction or disposal of all property and evidence received by the police department. The unit maintains strict chain-of-custody procedures to preserve the integrity of evidence for criminal investigations and court proceedings while ensuring compliance with all applicable laws, regulations, and departmental policies. It also coordinates the return of property to rightful owners and the disposition of unclaimed or forfeited property in accordance with legal requirements.

Performance Measures/Indicators:	*2024/25 Actual*	*2025/26 Estimated*	*2026/27 Projected*

Mission

Promote a safe and clean community through professionalism and integrity by resolving dangerous conditions through education, consistent enforcement, and good customer service.

Goals & Objectives

The City Marshal's Office is responsible for enforcing specific ordinances, addressing related nuisances, investigating criminal offenses involving state laws and local ordinances, and filing charges when necessary — all to enhance public safety and quality of life in the community.

The City Marshal's Office has 24 full-time positions, comprising both sworn law enforcement officers and civilian employees. The staff includes 7 sworn officers and 17 civilian employees, among whom are two administrative assistants.

The Law Enforcement personnel are certified peace officers by the Texas Commission of Law Enforcement. They enforce federal, state, and local laws and any city ordinances as assigned. They support the Code Enforcement team in serving warrants when needed and assist the Dangerous Structures team by ensuring personnel safety, mitigating hazards, enforcing trespassing laws, and pursuing criminal charges when appropriate. They are responsible for enforcing the city-wide parking ordinance. They are responsible for the City's money courier service. They oversee the Volunteer Accessible Parking Patrol program, and they also assist other agencies as necessary.

The Code Enforcement personnel are dedicated to the enforcement of city ordinances related to nuisances such as unlawful accumulations, noxious or uncultivated brush/weeds, and junk or abandoned vehicles. They are responsible for facilitating and payment to the private contractors that are hired to abate these nuisances. They are also responsible for downtown parking enforcement.

The Dangerous Structure personnel are dedicated to the enforcement of city ordinances related to dangerous, unsafe, or hazardous structures. This program works closely with various City departments and other agencies to accomplish this goal.

The City Marshal's office aligns with the City's approach to excellent and expedient customer service and is dedicated to improving the safety and quality of life for our citizens.

Programs of City Marshal

City Marshal's Administration/Support/Compliance

2026/27 Budget — 4% of Budget

This program area provides leadership, strategic planning, and administrative management for the City Marshal's Office (CMO) and ensures all state licensed employees meet the necessary requirements to maintain licensure.

Performance Measures/Indicators	**2024/25 Actual**	**2025/26 Estimated**	**2026 /27 Projected**
TCOLE certified peace officers	9	7	7
Code Enforcement Personnel	8	9	9
CMO staff meeting all CE requirements to maintain TCOLE and ICC licensure.	100%	100%	100%

City Marshal's Law Enforcement

2026/27 Budget — 51% of Budget

The City Marshal's Office consists of 7 law enforcement officers: one City Marshal, one Captain, and 5 deputies. The captain oversees the law enforcement roles of this office and the volunteer Accessible Parking Patrol program.

The law enforcement roles consist of assisting code enforcement officers when serving warrants; they oversee the dangerous structure program and work with various city departments as well as outside agencies to mitigate any hazards relating to dangerous structures; are responsible for citywide enforcement of illegal parking; they enforce city ordinances designed for the welfare and safety of our citizens that include criminal offenses; they also submit cases to the respective District Attorney for prosecution. These law enforcement officers also assist other law enforcement agencies with joint operations and conduct any hazardous or dangerous inspections for the Dangerous Structures and Community Improvement programs.

The City Marshals are responsible for the city's courier service, which consists of picking up daily deposits and taking them to the bank. They also deliver cash from the bank to various city departments as requested.

City Marshal's Community Improvement

2026/27 Budget — 30% of Budget

The Community Improvements program is staffed by one civilian supervisor and nine civilian code enforcement officers. These employees are committed to enforcing city ordinances related to nuisances, including unlawful accumulations, noxious or overgrown vegetation, and junk or abandoned vehicles. Their work involves conducting inspections, collaborating with property owners to resolve issues, and issuing citations to ensure compliance. The program partners with various city departments, including Municipal Court, to fulfill its responsibilities.

They oversee the private contractor program. This program consists of private contractors that are processed through the Purchasing Department to work as a private entity for the city. This program also ensures appropriate payments are made to these contractors.

They are responsible for parking enforcement by ensuring parking guidelines are met within the Central Business District.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Community Improvement Inspections	26,190	22,350	28,400
Weed/junk & debris inspections/re-inspections	24,071	18,500	24,500
Junk Vehicle inspections	502	1,100	1,100
Code Violation Inspections – zoning, unsecure structure, landscaping, illegal business, etc.	1,617	2,750	2,800

City Marshal's Dangerous Structures Program

2026/27 Budget — 15% of Budget

This program is staffed by three office personnel and one investigator, who are responsible for identifying and facilitating the abatement of hazardous and dangerous structures. These structures are typically vacant or abandoned and left unsecured, often becoming shelters for transients and hot spots for criminal activity. These structures pose significant nuisances and safety risks to the surrounding community.

The team conducts initial and follow-up inspections, works collaboratively with property owners to mitigate hazards, and initiates the Condemnation Appeals Commission process when compliance is not achieved. Staff coordinate with various City departments for the bidding process; to include City Council when necessary. They oversee contractor engagement to ensure the hazard is properly abated.

The program administers the Condemnation Appeals Commission, which is comprised of six commissioners who hear cases and determine appropriate actions—often including the demolition of dangerous structures.

Additionally, the program works closely with our law enforcement personnel. In many cases, vacant structures are occupied by transients and have been linked to fires, drug activity, and other criminal behavior. Law enforcement personnel clear these structures, post them as “Unsafe to Occupy,” make arrests as needed, and refer cases to the District Attorney’s Office for prosecution.

Performance Measures/Indicators	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Dangerous Structures Identified	198	165	175
Unoccupied, Unsafe Buildings Inspected	522	1,390	1,500
Cases Presented to the Condemnation Appeals Commission	71	126	125
Properties Permitted for Demolition or Rehabilitation	69	64	75

Mission

The Amarillo Fire Department's mission is to protect our community by providing the highest quality of compassionate and professional services.

Goals and Objectives

The Amarillo Fire Department (AFD) continues serving a growing and expanding community with a focus on emergency response readiness, firefighter safety, operational excellence, and responsible long-term planning. Amarillo is now home to more than 203,000 residents across over 103 square miles, and the continued growth of our city brings increasing demands on emergency response services, staffing, infrastructure, and response coverage throughout the community.

AFD currently operates from 13 fire stations with 323 personnel, including 312 uniformed members, providing fire suppression, emergency medical services, technical rescue, hazardous materials response, fire prevention, investigations, public education, and community risk-reduction programs. Fire Station 14 is currently under construction in Amarillo's growing medical district and represents an important step toward improving emergency response coverage in one of the city's fastest-growing areas. The department remains committed to strategically planning for Amarillo's continued growth while maintaining the high level of service our community expects and deserves.

AFD's Integration with the City of Amarillo City Council Strategic Approach:

1. **Business Friendly Community:**
   The Amarillo Fire Department works closely with local businesses, contractors, and developers to promote safe growth throughout the community. Through inspections, fire code enforcement, pre-incident planning, and fire prevention efforts, AFD helps reduce risk while supporting economic development. The department is also exploring third-party plan review services and software improvements designed to create a more efficient, streamlined, and user-friendly permitting and inspection process.
2. **Communication:**
   AFD continues prioritizing transparency and community engagement through public education, social media outreach, station tours, media partnerships, and special events. Programs such as Citizens Fire Academy, Community CPR classes, and Kids Safety Town help strengthen relationships between the department and the citizens we serve while increasing awareness of fire and life safety practices.
3. **Fiscal Responsibility:**
   AFD remains committed to responsible stewardship of taxpayer resources through careful budgeting, long-range planning, apparatus replacement scheduling, and operational efficiency. The department continues evaluating opportunities to improve service delivery while responsibly managing staffing, equipment, facilities, and emergency response capabilities.
4. **Infrastructure:**
   Growth across Amarillo continues creating increased demand for emergency response coverage and infrastructure planning. Fire Station 14 is currently under construction in Amarillo's growing medical district and will help improve response capabilities in that area of the city. AFD is also partnering with MIG to develop a comprehensive Fire

Department Master Plan that will use data-driven analysis to guide future station placement, staffing needs, apparatus deployment, and long-term operational planning.

5. **Public Safety:**
AFD continues emphasizing firefighter recruitment, retention, leadership development, training, and emergency response readiness. The department remains focused on strengthening advanced life-support capabilities, expanding paramedic-level response, and maintaining rapid emergency response times throughout the city. AFD also continues reinforcing organizational accountability, professionalism, and a strong culture of operational safety.

6. **Technology and Innovation:**
The department continues investing in technology and modern equipment that improve firefighter safety and operational effectiveness. Equipment enhancements such as thermal imaging cameras, self-contained breathing apparatus, battery-powered rescue tools, cardiac monitors, hazardous materials monitoring equipment, and mobile reporting systems continue improving frontline emergency response capabilities. Mobile classroom training platforms and expanded hands-on training opportunities also support ongoing operational readiness.

Amarillo Fire Department Continual Goals:

1. We will ensure we are training to meet a standard and culture of excellence for the AFD.
2. We will relentlessly advance AFD's advanced life-support (ALS) capabilities.
3. We will expand AFD's public engagement with our community.
4. We will strive to keep pace with the growth of our city's population and expanding boundaries to keep AFD's emergency response times low.

Recent Accomplishments and Organizational Progress:

• Expanded advanced life-support response capabilities by placing a fourth paramedic engine into service at Station 12, further strengthening AFD's ability to deliver rapid ALS care throughout Amarillo.
• Achieved Texas Fire Chiefs Association Best Practices recognition, placing AFD among a select group of recognized Texas fire departments demonstrating excellence in leadership, operational readiness, accountability, and professional standards.
• Continued major organizational improvements tied to pursuit of an ISO Class 1 Public Protection Classification through enhancements in deployment, training, documentation, community risk reduction, and operational readiness.
• Advanced construction of Fire Station 14 to support emergency response coverage in Amarillo's growing Hospital District and surrounding areas.
• Responded to 23,683 incidents during 2025, including 15,346 EMS incidents and 983 fire responses, reflecting continued growth in emergency service demand throughout the community.
• Expanded Community Risk Reduction efforts through public education, prevention initiatives, and creation of a new Senior Citizen Community Safety Program focused on reducing preventable injuries and emergencies among older adults.
• Continued wildland urban interface mitigation and public safety education initiatives throughout the community.
• Expanded department-wide live fire training involving firefighters, company officers, battalion chiefs, and Amarillo Fire Academy cadets to strengthen operational readiness, communication, fireground decision-making, and firefighter safety.

• Modernized portions of the department's wildland fleet by placing new Grass 3, Grass 6, and Grass 11 apparatus into service while reducing unnecessary apparatus customization to improve reliability, simplify maintenance, and reduce long-term costs.
• Continued supporting regional emergency operations through specialized AMBUS and Wildland Paramedic Unit capabilities that strengthen both local and regional emergency response readiness.
• Strengthened firefighter wellness initiatives through department-wide annual mental health training and completion of the first full year of firefighter physicals through LifeScan Wellness Centers.
• Continued emphasizing organizational excellence, advanced life-support expansion, community engagement, firefighter wellness, operational readiness, and strategic long-range planning to meet the growing needs of Amarillo.

Community and Safety Initiatives:

The Amarillo Fire Department continues emphasizing strong community engagement, public education, and proactive safety initiatives throughout Amarillo. Programs such as Kids Safety Town, Citizens Fire Academy, Community CPR training, and other outreach efforts continue strengthening relationships between the department and the community while helping educate citizens on fire prevention, emergency preparedness, and lifesaving skills.

AFD has also expanded Community Risk Reduction efforts through public safety education, wildland urban interface mitigation initiatives, and development of a Senior Citizen Community Safety Program aimed at helping reduce preventable injuries and emergencies among older adults.

The Fire Marshal's Office continues supporting the department's public safety mission through inspections, fire investigations, code enforcement, and ongoing efforts to improve life safety standards throughout the community.

Responding to Growth and Challenges:

As Amarillo continues experiencing residential and commercial growth, the demand for emergency services continues increasing across the community. AFD remains focused on strategically preparing for that growth through long-range planning, infrastructure investment, operational improvements, and continued evaluation of emergency response coverage.

The department continues working alongside MIG to develop a comprehensive Fire Department Master Plan that will help guide future decisions involving fire station placement, staffing, apparatus deployment, and long-term service needs using data-driven analysis.

Construction of Fire Station 14 continues in Amarillo's growing medical district and represents a major investment toward improving emergency response capabilities in one of the city's fastest-growing areas.

AFD also continues focusing on operational readiness, firefighter development, advanced life-support expansion, community risk reduction, and firefighter wellness initiatives to help ensure the department remains prepared to meet the evolving needs of the community.

The Amarillo Fire Department remains committed to serving our community with professionalism, compassion, and dedication while continuing to protect the lives, property, and well-being of the citizens we are honored to serve every day.

Programs of the Fire Department

Fire Emergency Response
2026/27 Budget — 89% of Budget

Department personnel are trained and equipped to respond to all types of emergency incidents throughout the city. Their essential functions include providing emergency medical services, structural and wildfire suppression, hazardous materials mitigation, technical rescue operations, and aircraft rescue and firefighting.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Number of emergency responses made	23,681	23,500	24,000
Structure fire civilian fatalities per 100,000 residents	3	8	4
Structure fire civilian injuries per 100,000 residents	24	18	20
Percent of fire calls: crews turned out within **80 seconds**	70%	70%	70%
Percent of fire calls: drive time within **4 minutes**	64%	64%	64%
Percent of fires confined to room of origin	25%	25%	25%
Percent of medical calls: turned out within **60 seconds**	50%	50%	50%
Percent of medical calls: drive time within **4 minutes**	65%	65%	65%
Number of medical calls: advanced life support provided	1,200	1,250	1300

EMS
2026/27 Budget — 1% of Budget

Personnel of the EMS division manage and support the emergency medical services provided in the city by the AFD. This falls into two categories: operational and educational. The operational side involves providing support and direction to front line AFD members directly giving medical care to citizens. We manage equipment, supplies, medical protocols, and quality assurance and quality improvement for every medical call. The AFD operates under the Texas Department of State Health Services as a licensed EMS Provider. The educational side includes continuing education for members with existing certifications, managing the certification of new paramedics in cooperation with Amarillo College, and our annual EMT-Basic

course for new cadets. The AFD operates under the Texas Department of State Health Services as a licensed Basic Initial Education Program and a licensed Continuing Educational Program.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Firefighters meeting all educational requirements to hold Department of State Health Services (DSHS) EMT or higher certifications.	100%	100%	100%
New EMT-B certifications	25	20	24
New Paramedic certifications	12	16	12
Total number of ALL emergency responses	23,000	23,500	24,000
Number of Medical emergency responses	14,340	15,500	15,600
Percentage of medical responses of total response volume	62%	66%	65%

Fire Safety
2026/27 Budget — 1% of Budget

The Fire Safety program oversees all departmental health and safety policies, ensuring strict adherence to safety protocols. Led by the Health and Safety Officer (HSO), it develops comprehensive protocols for the department's overall well-being, including fitness programs, management of firefighter personal protective equipment (PPE), and safety training. The HSO also manages return-to-work procedures and maintains a respiratory protection program that is compliant with NIOSH standards. Additionally, safety program personnel oversee the maintenance and repairs of firefighter PPE and Self-Contained Breathing Apparatus (SCBA), ensuring compliance with NFPA standards for both critical pieces of safety equipment.

The Fire Safety program manages the annual medical evaluation process, which is a complete medical evaluation that helps identify cancer, metabolic, cardiovascular, pulmonary, musculoskeletal, and other internal risk factors. In early 2025, following a thorough evaluation process, Amarillo Fire Department selected Life Scan Wellness™ to perform NFPA 1582 compliant medical evaluations for our members.

The Fire Safety program administers the Firefighter Personnel Support program, providing critical resources such as Critical Incident Stress Management (CISM) and Chaplain Services. Mental health initiatives have been prioritized. Annually, the department provides mental health training for our members, facilitated by external organizations that are experts in the field. Additionally, our department provides immediate care for our members through our Personnel Support Team.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected

Personnel injuries	50	50	50
Fire apparatus/vehicle accidents	12	10	12
Articles of firefighting protective clothing inspected for NFPA and TCFP compliance	3,500	3500	3500
Annual fitness evaluations completed	329	300	312
Annual firefighter health and wellness medical evaluations completed (*new metric*)	329	300	312
Personnel Support Team Contacts	60	75	125

Fire Training
2026/27 Budget — <1% of Budget

Training personnel oversee all fireground-related training activities for the Department, including lesson planning, class scheduling, instruction, and facility maintenance. They manage the annual six-month fire academy for cadets and provide promotional orientation and continual training for drivers and officers. Additionally, they coordinate with external partners such as the Pantex Fire Department and other regional fire departments, facilitating access to the AFD Training Facilities, which are located on the east side of the city adjacent to the airport. Recently, improved tracking of training hours has been implemented to ensure thorough documentation, as reflected in our projected training hours, supporting the Department's ongoing pursuit of Insurance Services Office (ISO) Class 1 status.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Firefighters meeting all educational requirements to hold Texas Commission on Fire Protection (TCFP) firefighter.	100%	100%	100%
Skills and educational hours completed by department personnel	18,000	45,000	60,000
Percentage of personnel working out of class or promoting that document *Critical Skills* completion	100%	100%	100%

Public Affairs
2026/27 Budget - <1% of Budget

The Public Affairs team plays a vital role in cultivating public engagement, trust, and transparency through strategic communication and education. We are committed to providing accurate information, raising public awareness, and building

partnerships with both the community and the media—all in service to our fellow firefighters and the residents we protect.

Operating under the overarching theme of Public Safety, the Public Affairs (PA) team is critical to the fire department's efforts to educate and engage the public in ways that contribute to a safer city. Each day, we connect with the community through a wide range of outreach initiatives.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Number of public safety and public relations contacts made with the community (*in person*)	20,000	20,000	20,000
Number of public safety and public relations contacts made with the community (*social and virtual media*)	4.0 million	4.5 million	4.75 million
Schools within the city limits receive an annual fire drill and hazard assessment	100%	100%	100%
Percent of schools in city limits that received fire safety presentations	90%	90%	90%
Number of student contacts during Safety Town	8,000	8,000	2,000

Wildland
2026/27 Budget — <1% of Budget
The Wildland Team plays a critical role in wildfire prevention, mitigation, and response efforts. Comprised of highly trained personnel, the team supports all phases of wildland fire operations, including public education, hazardous fuel reduction, and emergency deployment. Their work directly contributes to protecting lives, property, and natural resources within our jurisdiction and beyond.

The program is also integral to the Texas Intrastate Fire Mutual Aid System (TIFMAS), which mobilizes resources for large-scale wildfires and all-hazard incidents statewide. Participation in TIFMAS requires the team to maintain a constant state of readiness, advanced training, and specialized equipment.

From October 1 ,2025, to May 15, 2026, the Wildland Paramedic Unit and the Medical Unit Leader were deployed for a combined total of 133 days. The TIFMAS Wildland Team operated for 87 days, providing critical support to the state of Texas. As of May 15, 2026, the three Teams combined have provided critical assistance to the State of Texas for 220 days. These extended deployments reflect the increasing demand for wildfire response capabilities due to prolonged fire seasons and more frequent large-scale incidents. These assignments provide invaluable hands-on experience, enhancing team members' operational effectiveness in high-risk environments.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Wildland Certified Personnel	50	50	50
Wildland Team training hours	800 hours	688 hours	800 hours
State Deployments	196 days	220 days	200 days
National Deployments	20 days	0 days	26 days

Hazardous Materials
2026/27 Budget — <1% of Budget

The Hazardous Materials (HazMat) team is responsible for responding to incidents involving dangerous substances such as chemicals, gases, and biological materials. Their duties include identifying hazardous materials, containing and mitigating spills or leaks, ensuring public and responder safety, coordinating with other emergency services, and conducting decontamination procedures. They also play a critical role in training, preparedness, and compliance with local, state, and federal regulations regarding hazardous materials.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
HAZMAT Technician Certifications maintained	200	200	216
New HAZMAT Technician Certifications	0	16	16
HAZMAT Training Hours Completed	5000	6500	6500

Technical Rescue
2026/27 Budget — <1% of Budget

The Technical Rescue Program is a highly specialized team trained to respond to complex and high-risk rescue situations that exceed the capabilities of standard emergency response units. This team provides rope rescue, building collapse rescue, confined space rescue, water rescue, trench rescue, and advanced vehicle extrication, offering critical support not only to the City of Amarillo but also to surrounding communities throughout the Texas Panhandle. Members of the Technical Rescue Team are required to obtain advanced training and certification at the awareness, operations, and technician levels in each of the six core rescue disciplines, ensuring they are fully equipped to manage a wide range of technical emergencies with precision, safety, and professionalism.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Technical Rescue Program Members	43	43	45

Technical Rescue Training Hours Completed	1800	2000	2500
New Technical Rescue Certifications	57	60	40

** - Data not collected during this program transition period.*

Aircraft Rescue and Firefighting
2026/27 Budget — <1% of Budget

The Aircraft Rescue and Fire Fighting (ARFF) program provides coverage and emergency response services for Rick Husband Amarillo International Airport. This ensures compliance with Federal Aviation Administration (FAA) regulations under FAR Part 139, maintaining readiness for aircraft emergencies within the airport's movement areas and designated airspace. The ARFF unit is staffed and equipped to respond to a wide range of incidents, including aircraft crashes, fuel spills, in-flight emergencies, and medical calls on the airfield.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
ARFF Certifications Maintained	30	27	27
ARFF Training Hours Completed per Certified Firefighter	66	66	66

Fire Emergency Preparedness
2026/27 Budget — <1% of Budget

The Emergency Preparedness program facilitates the collection and dissemination of pre-incident information, enhancing hazard awareness and communication during emergencies at schools, businesses, and target locations throughout the city. The program manager serves as a liaison between the Department and the Amarillo Office of Emergency Management, coordinating Emergency Operations Center (EOC) activations for large-scale emergencies.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Target hazard pre-incident plans completed	150	150	150

Fire Communications
2026/27 Budget — <1% of Budget

The Fire Communications program oversees the operation and maintenance of critical systems, including the Locution fire station alerting system, emergency personnel notifications, email systems, and Mobile Computer Terminals (MCTs). It manages wired and cellular phones, handles state and federal incident reporting, and conducts quality assurance call reviews. Additionally, the program coordinates IT projects and manages fire service-related hardware and software.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Emergency response reports validated prior to submission to TexFirs reporting system	100%	100%	100%

Fire Fleet Maintenance and Repair
2026/27 Budget get — 1% of Budget

The Fire Fleet Maintenance and Repair program ensures all departmental vehicles and apparatus are in peak condition to meet the demands of protecting our city. Managing 104 units of rolling stock, it oversees maintenance and repair, including small power equipment and above-ground fuel tanks at fire stations. Additionally, the program provides on-scene mechanical support during major emergency operations.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Fleet work orders completed	1025	1030	1000
Percent of days frontline fire apparatus are available	80%	85%	89.4%
Percent of repairs outsourced	7.2%	11.3%	5%

Fire Department Administration/Support
2026/27 Budget — 100% of 1940 Budget

The civilian Administrative and Support Staff are essential to the success of the Department, providing leadership and strategic oversight in areas such as budget management, planning, and administration. They are instrumental in handling the specialized payroll needs unique to fire department functions and managing all phases of the purchasing process. Additionally, they play a crucial role in maintaining the administrative actions necessary to uphold required certifications. Their expertise extends to coordinating logistical requirements across various locations, including thirteen fire stations, the Fire Administration Office, the Fire Training Facility, the Fire Fleet Maintenance Center, and a large equipment storage facility. Their dedication ensures the smooth operation of the Department and supports its mission at every level.

Mission

Animal Management & Welfare (AM&W) is committed to protecting public health and safety through the effective management of animal-related issues and enforcement of relevant laws and regulations. Our mission is to promote the well-being of both animals and residents within the Amarillo city limits. We provide vital services including animal care, sheltering, adoption, and the reunification of lost pets with their owners. As a first responder agency, AM&W prioritizes public safety and promotes responsible pet ownership by holding animal owners accountable. To reduce pet overpopulation, we ensure all adopted animals are spayed or neutered, vaccinated, and microchipped prior to placement. As the designated Rabies Authority, we investigate potential rabies exposures and other zoonotic threats and implement quarantine protocols when necessary. Through public education and outreach, we

foster community engagement, encourage adoption, and emphasize the importance of preventive care, including spaying and neutering, to support a healthier and more manageable animal population.

Goals & Objectives

Animal Management & Welfare remains focused on advancing public safety, animal welfare, and responsible pet ownership through proactive enforcement, community engagement, and accessible animal care services. As a first responder agency, the department continues prioritizing timely response to high-priority animal-related emergencies, dangerous animal investigations, rabies exposure incidents, and other public safety concerns. Field Services personnel continue conducting directed patrols throughout the community to proactively address ordinance violations, roaming animal concerns, and other preventative public safety issues.

AM&W has continued making progress toward improving shelter outcomes and operational efficiency through increased return-to-owner efforts, expanded microchipping initiatives, surrender mitigation strategies, and continued implementation of a managed intake approach. These efforts are intended to reduce unnecessary shelter admissions, improve owner reunification rates, and increase positive outcomes for sheltered animals. The department has also increased its focus on public education related to responsible pet ownership, ordinance compliance, vaccinations, and animal welfare through community outreach events, media engagement, school presentations, career days, shelter tours, and youth educational opportunities.

In partnership with the Texas Tech University School of Veterinary Medicine (TTUSVM), AM&W has continued expanding access to spay and neuter services, veterinary care initiatives, vaccination clinics, and microchipping programs intended to help address pet overpopulation and improve long-term community animal welfare. The department has also continued strengthening rescue partnerships and collaborative efforts that support increased live outcomes and improved animal placement opportunities. AM&W remains committed to maintaining a high standard of animal care, public service, and public safety while continuing to adapt to the growing needs of the Amarillo community.

Programs of the Animal Management & Welfare Department

Administration & Community Outreach

2026/27 Budget

The Administration division is responsible for supporting the daily operations of Animal Management and Welfare through records management, purchasing and procurement activities, citizen communication, and coordination between divisions. Administrative staff assist with processing animal intake and reclaim documentation, responding to citizen inquiries and open records requests, and maintaining accurate shelter and medical records. The division also provides operational support to Community Compliance and Enforcement, Shelter Management, Veterinary Services, and Community Outreach programs to help ensure efficient and accountable department operations.

AM&W's Community Outreach program remains focused on educating the public on responsible pet ownership, microchipping, vaccinations, spay and neuter services, and overall animal welfare practices. Outreach efforts continue through partnerships with local organizations, media outlets, and other city departments to provide the community with accurate and accessible information related to animal welfare and public safety initiatives. AM&W also continues working closely with the Office of Engagement and Innovation (OEI) to improve public communication, community engagement, and educational outreach efforts.

A continued focus of the Community Outreach program is increasing educational opportunities for youth within the Amarillo community through school presentations, career days, shelter tours, and student field trips. These efforts are designed to encourage responsible pet ownership and increase awareness of animal welfare and public safety topics at an early age. Through public education initiatives, media outreach, and community partnerships,

AM&W continues working to reduce barriers to services, promote compliance with city ordinances, and strengthen community engagement throughout Amarillo.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Pets served at Microchipping clinics	1,329	1,395	1,465
Pets served at vaccination clinics	1,678	1,762	1,850
Other community events	27	35	40
Grants	3	5	7
Local and National Partnerships	40	42	44

Community Compliance/Enforcement

2026/27 Budget

With a continued focus on public safety, AM&W's Community Compliance and Enforcement division plays an important role in protecting both residents and animals within the City of Amarillo. Field Services personnel respond to calls involving aggressive, stray, injured, neglected, or dangerous animals and often serve as first responders in situations where swift action is necessary to reduce risk and maintain community safety. In addition to responding to calls for service, officers conduct directed patrols throughout the community to proactively address ordinance violations, roaming animal concerns, and other preventative public safety issues.

Animal Management and Welfare Officers (AMOs) work closely with the Amarillo Emergency Communications Center (AECC), Amarillo Police Department, municipal court staff, and other city departments to respond to citizen concerns, complaints, and emergency situations efficiently and professionally. As frontline representatives of the department, AMOs are responsible for enforcing animal welfare laws and city ordinances while promoting responsible pet ownership and community education.

All AMOs are required to obtain and maintain Texas State Basic Animal Control Officer Certification through the Texas Department of State Health Services (TXDSHS). Officers also participate in continuing education and department training related to animal welfare investigations, public safety response, cruelty investigations, rabies authority responsibilities, and evolving best practices within the profession. To support accountability and transparency, all Field Services personnel continue to utilize body-worn cameras during enforcement and response activities.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Field total animal intake	4,064	4,125	4,187

Investigations	2,483	2,570	2,660
Cases Filed	734	760	787
Field calls for service	13,358	14,250	15,205

Shelter Management and Veterinary Services

2026/27 Budget

AM&W's Shelter Management and Veterinary Services division remains focused on providing safe housing, daily care, and appropriate medical oversight for animals housed at the shelter. Shelter operations emphasize animal health, disease prevention, sanitation, and overall welfare through structured cleaning protocols, routine monitoring, and shelter medicine best practices. Staff continue working to maintain a safe environment that supports both animal well-being and efficient shelter operations.

Veterinary services continue to expand through rotating contract veterinarians and AM&W's partnership with the Texas Tech University School of Veterinary Medicine. This collaboration enhances the department's ability to provide medical evaluations, surgical procedures, and treatment for sheltered animals while also supporting veterinary student clinical experience opportunities. Increased access to spay and neuter services, combined with expanded rescue coordination, adoption efforts, and alternative live outcome programs such as the Barn Cat Program, are anticipated to continue improving positive outcomes for sheltered animals. Expanded sterilization and medical support provided to rescue partners is also anticipated to contribute to increased rescue transfers and improved live outcomes.

AM&W continues utilizing a Managed Intake approach alongside surrender mitigation strategies, expanded microchipping initiatives, reclaim incentive programs, and community spay and neuter efforts to improve shelter outcomes and reduce unnecessary shelter admissions. These initiatives are anticipated to contribute to projected decreases in overall shelter intake and euthanasia while supporting increases in reclaim rates, adoptions, and rescue transfers. AM&W also continues emphasizing owner reunification efforts through proactive microchip scanning protocols, public education, and return-to-owner initiatives designed to safely keep pets out of the shelter whenever possible while improving overall operational efficiency.

Performance Measures/Indicators:	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected

Mission

Serve as the vital link between citizens and the public safety organizations that protect them, transforming calls for help into action, fear into reassurance, and crisis into hope—serving with honor and compassion, 24/7.

Goals & Objectives

The Amarillo Emergency Communication Center (AECC) is the answering point for emergency and non-emergency public safety services. AECC provides law enforcement, fire, and medical pre-arrival instructions and responds to animal management issues. AECC prioritizes calls for service and dispatches them to public safety responders. During major events, the Office of Emergency Management (OEM) coordinates mutual aid requests for public safety entities. The AECC is mandated by the Texas 9-1-1 Emergency Number Act (Chapters 771 & 772, Health & Safety Code), which requires counties

and/or municipalities to provide three-digit (911) dialing to provide 911 services. AECC is dedicated to providing the best possible service to our first responder partners, client agencies, and the community. To continue to do this, we have identified several goals and objectives that will increase and enhance our capabilities to better fulfill our mission. They include:

Goal:
Integrate AECC's Computer-Aided Dispatch (CAD) system with Potter and Randall Counties' CADs using the Central Square software to create seamless data sharing, enhance inter-agency coordination, and support unified response operations across jurisdictional boundaries.
Objective:
Establish a fully operational CAD-to-CAD integration between AECC and Potter/Randall Counties to allow for real-time dispatch data exchange, improved incident visibility, enhanced responder coordination, and faster multi-agency response capabilities during day-to-day operations and large-scale incidents.

Goal:
Complete initial upgrades to AECC's CAD system and operational technology infrastructure to modernize core functionality, enhance reliability, improve situational awareness capabilities, and prepare for future expansion and integration initiatives.
Objective:
Execute a system-wide upgrade to AECC's CAD platform and operational technology systems by replacing aging hardware, updating software components, enhancing backend infrastructure, and improving dispatch floor situational awareness capabilities through the installation of additional display screens and information-monitoring technology.
The upgrades will support:

- Improved CAD performance, data security, and operational uptime.
- Enhanced interoperability with partner agencies and emergency management systems.
- Real-time situational awareness on the communications floor through strategically placed display monitors showing critical operational information.
- Display integration for weather alerts, active incidents, GIS mapping, unit status, emergency notifications, camera feeds, traffic conditions, and regional emergency information.
- Improved visibility of major incidents and operational priorities for dispatchers, supervisors, and command staff.
- Increased operational coordination during high-volume incidents, severe weather events, and large-scale emergencies.
- Infrastructure improvements to support future technology expansion and modernization initiatives.

This investment reflects AECC's commitment to operational readiness, technological modernization, responder safety, and improving emergency communications coordination through enhanced situational awareness and information-sharing capabilities.

Goal:
Invest in an interoperable software solution for managing workforce scheduling, training, certification tracking, compliance monitoring, and employee development across AECC's 24/7 operation while enhancing the AECC Training Academy and improving training conducted on the communications floor.

Objective:
Deploy an integrated scheduling and training management platform that centralizes staff availability, certifications, compliance requirements, training progress, and workforce scheduling while supporting real-time feedback, individualized coaching

opportunities, and continuous employee development.
The platform will strengthen both the AECC Training Academy and operational floor training by:

- Providing real-time feedback and performance improvement opportunities for personnel.
- Enhancing onboarding, academy training, and structured employee development processes.
- Supporting improvement training and remediation efforts conducted on the communications floor.
- Automating certification tracking, continuing education monitoring, and compliance documentation.
- Reducing manual scheduling errors and improving workforce accountability.
- Improving reporting capabilities for supervisors, CTOs, FTOs, and administrative personnel.
- Supporting accreditation standards, quality assurance initiatives, and long-term workforce readiness.

This investment reflects AECC's commitment to workforce development, employee retention, operational excellence, accountability, and maintaining the highest standards in emergency communications training and preparedness.

Goal:
Enhance situational awareness and operational coordination on the AECC dispatch floor through modernization of display systems and improved access to real-time operational information.

Objective:
Upgrade and expand dispatch floor display systems to provide personnel with immediate visibility of critical operational information, improving coordination, awareness, and decision-making during emergency incidents and day-to-day operations.
The situational awareness enhancements will support:

- Real-time monitoring of active incidents and major events.
- GIS mapping and incident visualization capabilities.
- Weather monitoring and emergency alert displays.
- Unit status and operational resource tracking.
- Regional emergency notifications and intelligence sharing.
- Traffic, camera, and infrastructure monitoring where applicable.
- Improved visibility for supervisors and command personnel during critical incidents.

This initiative supports improved operational awareness, responder coordination, and informed decision-making while enhancing the overall efficiency and resiliency of the emergency communications center.

Goal:
Initiate strategic planning and interagency discussions to expand AECC's emergency communications services to additional local and regional public safety agencies within the Amarillo area, with the aim of increasing operational impact, enhancing staffing and recruitment opportunities, and diversifying revenue streams.

Objective:
Launch a structured outreach and feasibility assessment process to explore service agreements with nearby fire, police, EMS, educational institutions, and municipal agencies by identifying operational needs, aligning resources, and outlining mutual benefits for regional service consolidation and cost-sharing opportunities.
This initiative will support the continued growth, operational sustainability, and regional collaboration efforts of the Amarillo Emergency Communications Center.

Programs of the Amarillo Emergency Communications Center

Administration/Support

2026/27 Budget — 8% of Budget

The AECC Administration/Support Program is responsible for the information coordination and management between each public safety department supported within AECC. Specific responsibilities include budgeting, timekeeping and payroll, policies and procedures development, personnel administration, responding to requests for public records, as well as data collection and analysis for all public safety departments supported by the AECC.

Call Center Services

2026/27 Budget— 90% of Budget

The Call Center Program's mission is fulfilled by state-licensed and nationally credentialed Emergency Communications Specialists (ECS) who deliver rapid and accurate responses to emergency requests to gather and relay information accurately while processing calls for service. Performance measures are based on national standards and best practices. The Potter-Randall 9-1-1 District funds the Emergency Call Tracking Software (ECATS) service.

Call Data:

	Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**

% answer time ≤ 40 seconds	97.23%	99.75%	99.80%

Quality Assurance, Certification, and Training
2026/27 Budget— 2% of Budget

This program promotes **Best Practices**, state and national certification, and the pursuit of national accreditation for the AECC. Quality Assurance (QA) is provided through a program funded by the 9-1-1 District. Most of the QA is outsourced to an independent, national vendor that provides the ACE Performance Standard reports for Fire and Medical calls. Training is conducted according to the Texas Commission on Law Enforcement (TCOLE) standards, which mandate basic qualifying standards for employment and certification courses before hands-on training as an Emergency Communications Specialist. Personnel are state-licensed telecommunicators through TCOLE and certified through the International Academy of Emergency Dispatch (IAED) for Emergency Medical Dispatch (EMD), Emergency Fire Dispatch (EFD), and Emergency Police Dispatch (EPD). AECC implemented Emergency Police Dispatch (EPD) in August of 2021. AECC employees earn certifications and continuing education credits from national professional emergency communications organizations such as APCO and the National Emergency Number Association (NENA).

Mission

The Office of Emergency Management (OEM) administers and directs a comprehensive, collaborative, and community-driven emergency management program that addresses the mitigation, prevention, preparedness, response, and recovery of all hazards affecting the City of Amarillo, the City of Canyon, and Potter and Randall counties.

Goals & Objectives

The Office of Emergency Management (OEM) is committed to ensuring that the City of Amarillo, City of Canyon, and Potter and Randall counties are prepared to effectively respond to and recover from all types of disasters. To achieve this, we have identified key goals and objectives for the upcoming budget year that focus on enhancing our emergency management program and ensuring a sustainable, efficient, and innovative approach to public safety.

Goal:

Enhance public safety during large-scale and high-visibility events by strengthening preparedness, improving coordination, and ensuring the City's emergency planning processes are comprehensive, scalable, and aligned with public safety best practices.

Objective:

Ensure that all special events within the jurisdiction are supported by well-developed, all-hazards emergency operations plans that prioritize life safety, resource coordination, and rapid response. The Office of Emergency Management (OEM) will work in close coordination with law enforcement, fire, EMS, public health, and other key stakeholders to plan for potential threats and hazards associated with mass gatherings and community events.

Goal:

Strengthen the City's ability to reduce risk by enhancing the identification and analysis of threats, hazards, and vulnerabilities, and by expanding collaborative mitigation strategies that protect critical infrastructure and safeguard the community.

Objective:

Advance mitigation planning efforts by partnering with internal City departments, regional jurisdictions, and public safety agencies to improve the assessment and reduction of community risk. The Office of Emergency Management (OEM) will lead efforts to enhance data-driven decision-making through the use of digital tools, risk modeling, and geographic information systems (GIS) to identify and prioritize vulnerabilities in essential infrastructure systems.

Goal:

Enhance and optimize the City's emergency communication capabilities by creating a fully integrated, interoperable digital ecosystem that improves situational awareness, streamlines information sharing, and strengthens both internal coordination and public warning systems.

Objective:

Invest in modernizing and unifying OEMs' digital platforms to ensure seamless interoperability between all tools used for emergency management, including alert and notification systems, planning software, GIS platforms, resource tracking, and response coordination systems etc.. This initiative will support real-time data sharing, reduce operational silos, and enable faster, more informed decision-making during incidents.

Goal:

Enhance and optimize the OEM's emergency communication and notification capabilities by developing a fully integrated, interoperable digital ecosystem that strengthens public warning systems, improves internal coordination, and supports real-time situational awareness.

Objective:

Invest in both the modernization of existing tools and the acquisition of new digital platforms to improve how the Office of Emergency Management (OEM) communicates during emergencies and manages operational data. This includes streamlining the use of internal and external alert systems, enhancing cross-platform functionality, and ensuring all systems can work cohesively to support effective emergency response

Goal:

Remodel and update the current Emergency Operations Center (EOC) to create a modernized, fully functional space

equipped with advanced technology and digital tools that support effective emergency coordination, communication, and decision-making.

Objective:

Upgrade the existing EOC to reflect the growing demands of the jurisdiction by improving its physical layout, situational awareness infrastructure, and operational capabilities. This includes integrating new software platforms, enhancing digital interoperability, and creating a more efficient, resilient environment for managing complex incidents.

Programs of the Office of Emergency Management

Administration/Support.

2026/27 Budget — 33% of Budget

This program provides administration and support for day-to-day operations and project management for the department and manages Homeland Security and Agreement-In-Principle programs.

- Provides administration and support of department funds and community investment projects;
- Administers participation by Potter and Randall counties and the Cities of Amarillo and Canyon in the inter-jurisdictional emergency management program;
- Administers the City's participation in the Pantex Plant Agreement-In-Principle (AIP) grant program, State Homeland Security Program (SHSP) grants, and other homeland security and emergency management-related grants; and
- Supports City priorities and initiatives as requested by management.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Grant funding administered (SHSP & AIP)	$786,011	$800,000	$850,000

Emergency Operations, Preparedness, and Planning Program

2026/27 Budget — 67% of Budget

The operations portion of the program provides for the policy direction, coordination, and support of emergency response and recovery to all hazards (natural, technological, and man-made) that could impact the Texas Panhandle region.

- Maintains availability of an OEM Duty Officer to maintain situational awareness and initiate emergency response to potential or actual threats;
- Provides information to enhance situational awareness for emergency response agencies, city and county supporting agencies, key stakeholders, and partners;

- Coordinates mechanisms to provide notifications to responders and warnings to the public;
- Coordinates community response through the activation of the Emergency Operations Plan; and
- Facilitates the recovery process from disasters that impact the community.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Natural hazards operations	58	85	85
Technological/man-made hazards operations	68	85	90
Major incident response operations	5	30	27
Planned Events	7	15	15
EOC Activations	137	155	175

The planning and preparedness portion of the program is to save lives and reduce disaster damage, identifying critical resources and developing the necessary agreements among responding agencies, both within the jurisdiction and with other jurisdictions and entities. This program is a continuous cycle of planning, organizing, equipping, training, and exercising to ensure effective coordination during incident response and recovery.

- Develops and maintains the Community Hazard Analysis, Mitigation Action Plan, Emergency Operations Plan, and implements procedures, and Community Mass Casualty and Mass Fatality Incident Plans; assists with local government Continuity of Operations Planning,
- Develops and maintains emergency operations facilities and tools to ensure a coordinated response to all hazards, incorporating redundant capabilities.
- Develops and maintains a community outdoor warning system and other warning systems.
- Facilitates an Emergency Management Team to respond to and recover from all-hazards.
- Coordinates the integration of the emergency management program with government entities at all levels, volunteer/faith-based organizations, and key stakeholders.
- Conducts emergency management training, drills, and exercises to promote and enhance whole community emergency preparedness.
- Administers the requirements of the National Incident Management System (NIMS);
- Administers the requirements of the Emergency Planning & Community Right-to-Know Act (EPCRA) and assists with City compliance with the Risk Management Program (RMP); and
- Conducts emergency public information activities to promote and enhance citizen and visitor emergency preparedness.
- Provides Emergency Preparedness and Incident Command System Training Programs for both Community members and City Personnel

Performance Measures/Indicators:	2024/25 Actual
Public education/information provided (hours)	190
Exercises completed:	
Discussion-based exercises	2
Operations-based exercises	1
Full-scale exercises	1 (1 Real Event)
Training completed by OEM staff (hours)	180
Siren Maintenance:	
Batteries Changed	120
Preventative Maintenance Inspections	80
Repairs	28

As baseline performance measures/indicators, the OEM ensures the Cities' and counties' compliance with emergency management legal requirements and maintains the emergency management program at an advanced level as defined by the Texas Division of Emergency Management (TDEM)/Federal Emergency Management Agency (FEMA). As outlined above, the OEM exceeds all TDEM/FEMA-defined standards for public education/information, exercises, and training.

Mission

The Municipal Court upholds the rule of law by administering justice in a fair, impartial, and efficient manner. Dedicated to protecting individual rights and ensuring equal access to justice, the Court provides professional and courteous service while promoting transparency, accountability, and public confidence in the judicial system.

Goals & Priorities

The Municipal Court has jurisdiction over Class C misdemeanors, city ordinance, and civil violations that occur within the city limits of Amarillo. The violations filed include traffic, parking, state law, and city ordinance violations. The Municipal Court integrates best practices and court-specific training in the department's public service role to ensure that citizens interacting with the court receive fair, impartial, and timely information on their court case. The Court aligns the council pillars of Public Safety, Communication, Fiscal Responsibility, and Technology and Innovation.

1. **Public Safety:** The Municipal Court works with Public Safety and other departments to increase technology-based organizational integration (i.e.: Amarillo Police Department, Animal Management, Amarillo Emergency Communications Center, Legal, and IT)
2. **Communication:** The Court utilizes its case management software to send text messages and easily create lists to email the court defendants to help ensure compliance with judicial orders on their cases.
3. **Fiscal Responsibility:** The Municipal Court is a general fund department, that is committed to responsible stewardship of public funds through transparent financial practices, conservative budgeting, and strong internal controls.
4. **Technology and Innovation:** The Municipal Court allows defendants access to resolve cases online, in virtual dockets, and has required forms available on the City of Amarillo website for the court's defendants to use.

The Court supports staff growth through ongoing professional development opportunities. Court Clerk Certification is offered to staff who have been employed by the court for at least one year and who request to participate. Court staff are also able to participate in in-person and virtual training to increase court-related knowledge given by the Texas Municipal Courts Education Center (TMCEC) and Texas Court Clerks Association (TCCA). Staff are also provided with intradepartmental and city-sponsored training opportunities. Court Clerk Certification is required for four positions within the Court, with five additional staff members currently having certification. Members of the Court Administrative team also attend training both in person and online to ensure that we are fully using our case management software.

Programs of Municipal Court

Case Flow Management

2026/27 Budget — 27% of Budget

To facilitate the timely administration of justice, the Court electronically processes filed cases. Staff continuously analyze data evaluating the processes and strategies being used and implemented to ensure that the public is receiving the highest level of service while adhering to judicial orders and legal requirements.

The Court provides clerical support for both criminal and civil dockets, including in-person, virtual, and jail arraignment settings, by processing documents needed before, during, and after dockets; updating case records when defendant correspondence is or is not received; recording of judicial decisions; and processing arrest warrants. The Court also provides critical, direct support of core jail services under an inter-local contractual agreement with the Randall County Jail.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Timely setting of court hearings	120 days	45 days	45 days
New cases filed	33,057	33,770	34,445
Cases placed on hearing/trial dockets	12,860	12,600	12,474
# Of cases seen in jail arraignments	5,087	4,964	4,914

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Cases needing interpreter services	422	528	554

Financial Management

2026/27 Budget — 18% of Budget

The Court processes payments for Class 'C' cases and civil offenses filed at the court, any posted cash bonds, and court-ordered refunds. Court staff balances cash drawers and apply all monies in accordance with state law and City policy.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Administrative accuracy of transactions	99%	99%	99%
Transactions processed at cashier windows	17,668	16,474	16,145

Technology Project and Technology Resources Management

2026/27 Budget — 29% of Budget

The Municipal Court maintains an electronic court case management system (CMS). The system enables the electronic routing of court cases, documents, electronically captured signatures, fingerprints, and photos. The CMS allows for download of external documents into the system, including e-citations, DCS certificates, Texas driver's license records, insurance, driver's license copies, deferred disposition agreements, and case related payments.

The Court continually monitors the availability of court services online and public access to all Court policies and procedures through an internally designed web page managed by City and Court staff. Court staff, with the help of internal Information Technology staff, have added forms required either by statute or by the Presiding Judge to the website that can be completed and submitted to the court electronically. To ensure accessibility and ease in submission of required written communications the court has group email accounts. The court also notifies court defendants of filings, payments due, required dockets, and other case requirements with text messages and emails to help ensure compliance with judicial orders. These text messages include hyperlinks that make it possible for citizens to access the Court from their cell phone.

To ensure accessibility for all court defendants the Court offers virtual dockets.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Electronic citation filings	91%	95%	94%
Online transactions	22,831	24,222	24,828

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Defendants Seen in Virtual Dockets	3,064	3,176	3,240
# Of Text Message Reminders Sent	56,820	53,790	54,866

Compliance Services

2026/27 Budget — 11% of Budget

Compliance Services Department ensures that defendants are following Court orders for their citations. This program works within guidelines set by judicial orders and best practices to provide citizens with a fair, impartial, and individual review of their financial information. Compliance clerks review applications and interview defendants, track compliance, contact delinquent accounts via phone and mail, and identify and update cases for Judges' review.

Court defendants who have fallen out of compliance with judicial orders, are skip traced and sent notices advising them of the status of their case and compelling them to get back in compliance either through payment or appearance on their court case(s).

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Cases Court ordered to compliance department	12,232	10,880	10,771
Records for Defendants Skip Traced	3,476	3,852	3,948

Community Programs

2026/27 Budget — 3% of Budget

The Court Community Programs Department provides effective and relevant alternative sentencing options to assist offenders with violation resolution, accountability, and services, as needed. Staff establish relationships with area agencies/organizations/programs for the betterment of the community and provide education for the safety of all citizens. In January 2025, this group began a new statutorily required Juvenile Diversion Program. This program allows cases to not be filed criminally for juvenile offenders that are approved for the program by the Prosecutor and changed with a non-traffic offense.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Cases allowed community service	1,928	1,978	1,998

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Cases Approved for Youth Diversion Program	19	50	51

Public Information/Jury Management

2026/27 Budget — 5% of Budget

This program provides easily accessible information to citizens regarding options for their citations, processes document filings, answers phones to assist citizens, manages public information requests, processes written and email correspondence, and provides public access to court policy and procedures. This program works closely with both the public and the judges to ensure that juror information is ready for jury trial dockets.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Email correspondence received/sent	55,053	49,302	49,795
Hearing notices processed	30,983	29,588	29,884
Jury summons sent	5,000	4,400	4,200
Jurors appearing for trials	1,448	974	1,050

Office of Civil Hearings

2026/27 Budget — 7% of Budget

The Office of Civil Hearings oversees the operational needs regarding civil cases filed at the court that include, but are not limited to, parking violations, vehicle immobilizations/towing, social hosting, and illegal dumping ordinances. The department's focus is to provide all the necessary administrative tools to ensure that the public has an easily accessible and transparent litigation process that expedites the fair resolution of civil cases filed at the Municipal Court. These tools include the use of technology and case flow management. The program manager coordinates with Municipal Court, Public Works, City Marshal, and the Police Department on any potential issues, both physical and/or administrative.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Number of Civil Cases filed	593	624	640

Mission

Use democracy to govern the City efficiently and effectively to accomplish the City's mission.

Goals and Objectives

The mayor and council serve as the policymaking body for the City of Amarillo (COA). The City Council's responsibilities, as defined in the Governance and Ends Policies (adopted 2019 and readopted 2021) include:

- Cast vision for the City.
- Set policy for the City.
- Allocate the resources of the City.
- Evaluate the performance of the City.
- Hire, terminate and supervise the City Manager and the Municipal Court Judge.
- Operate as a team of governing officials.

- Create partnerships with all local government units in the City.
- Listen to the community about City affairs.
- Inform the community of City affairs.
- Establish an atmosphere conducive to a transparent and fair exchange of ideas, needs and policies.

The mayor and council provide guidance to the City Manager to implement priorities for the benefit of the city and its residents. These priorities, adopted under Resolution No. 09-26-23-1, include business friendly community, communications, fiscal responsibility, infrastructure, public safety, and technology and innovation.

The mayor and council have only two employees – the City Manager and Municipal Judge. Periodically, the mayor and council will participate in strategic planning workshops to evaluate and update priorities and strategic vision for the city in alignment with the City Council's mission and the City's mission: Create the best environment possible for every Amarillo resident to find and achieve their potential for greatness.

Mission

To professionally administer the policies and directives established by the City Council and to perform the duties and responsibilities prescribed by the Amarillo City Charter. The City of Amarillo operates under a Council-Manager form of government. Through the delegation and oversight of staff, the City Manager directs, coordinates, and facilitates the effective, efficient, and fiscally responsible delivery of municipal services to the citizens of Amarillo.

Goals and Objectives

With guidance and direction from the City Council, the City Manager will develop, promote, and implement strategies that foster an attractive, economically vibrant, healthy, and safe community for residents and visitors alike. In collaboration with the executive leadership team and department directors, the City Manager will advance programs and policies that support these strategic priorities while motivating and engaging all full-time and part-time employees.

The City Manager and staff will maintain strong collaboration and communication with governmental entities, boards and commissions, economic development organizations, nonprofit partners, civic groups, the school district, and other community stakeholders to achieve shared goals and position Amarillo as a progressive, best-practice municipality.

The City of Amarillo adopts a comprehensive strategic direction to guide city operations, resource allocation, and organizational priorities. As part of this process, the City Council establishes a forward-looking vision for the community, which the City Manager operationalizes through coordinated planning and implementation.

Programs of the City Manager

City Manager Department Administration and Support

2026/27 Budget — 36% of Budget

Oversee and coordinate the development, drafting, distribution, and production of policies, procedures, projects, City Council agendas and calendars, official correspondence, and related communications. This function is supported by a Deputy City Manager, two Assistant City Managers, a Chief Financial Officer, an Intelligence Liaison, and an Executive Assistant.

Tourism

2026/27 Budget — 64% of Budget

Provide leadership and professional expertise related to convention and tourism initiatives. Responsibilities include coordinating city resources to support tourism activities and assisting in the development of policies and programs that promote and expand tourism within the Amarillo community.

Mission

To strengthen public trust through clear, accessible, and community-informed communication that helps people understand, engage with, and participate in the work of the City of Amarillo.

Goals & Objectives

The Office of Engagement & Innovation (OEI) serves as a centralized support office focused on strategic communications, public engagement, organizational improvement, and project coordination. The department works across City operations to improve communication, support implementation of major initiatives, strengthen public transparency, and enhance the delivery of services to residents.

OEI provides communication and engagement support for City departments through media relations, digital communications, crisis communications, marketing, public education campaigns, website management, and community outreach efforts. The department also supports organizational initiatives through process improvement, cross-department coordination, customer experience strategies, and implementation support for operational and technology-related projects.

As resident expectations for accessibility, responsiveness, and digital engagement continue to evolve, OEI helps ensure the City communicates clearly, responds effectively, and delivers consistent public-facing services across departments.

OEI supports City Council priorities in the following ways:

1. *Communication & Transparency* – Provides timely, accurate, and accessible public information through media relations, digital communications, social media, public education campaigns, and crisis communications.
2. *Technology & Innovation* – Supports modernization efforts related to digital communication tools, website services, accessibility compliance, customer engagement platforms, and operational improvement initiatives.
3. *Fiscal Responsibility* – Provides strategic communications, creative services, and project coordination internally, reducing reliance on external vendors while improving consistency and response times.
4. *Infrastructure & Organizational Support* – Assists departments with communication planning, stakeholder engagement, and coordination for major projects, operational initiatives, and service-related improvements.
5. *Public Safety* – Supports emergency communications, incident messaging, and coordination of public information during emergencies and high-impact community events.
6. *Customer Experience & Community Engagement* – Supports efforts to improve how residents access information, communicate with the City, and engage with public services across digital, phone, and in-person channels.

Programs of the Office of Engagement & Innovation

2026/27 Budget — 100% of Budget

The Office of Engagement & Innovation provides centralized support for strategic communications, public engagement, organizational improvement, and cross-department coordination. The department works across City operations to strengthen communication, support implementation of organizational initiatives, improve service delivery, and enhance public access to information.

Strategic Communications & Public Engagement

Develops and coordinates communication strategies supporting City operations, programs, services, and initiatives.
Manages media relations, social media platforms, website administration, multimedia content, live stream support, and public education campaigns.
Coordinates crisis communications and public information efforts during emergencies and significant community events.
Supports departments with communication planning, stakeholder engagement, and community outreach efforts.

Organizational Improvement & Innovation

Partners with departments to improve operational processes, support organizational initiatives, and identify opportunities to improve service delivery.

Supports implementation of technology modernization efforts, customer experience initiatives, digital accessibility improvements, and operational coordination projects.

Facilitates collaboration across departments to support continuous improvement and organizational effectiveness

Strategic Initiatives & Project Coordination

Supports planning, coordination, and communication efforts for high-impact organizational initiatives and cross-department projects.

Assists departments with project communication, stakeholder coordination, and implementation support to improve alignment and accountability across City operations.

Output/Outcome Detail

The Office of Engagement & Innovation provides centralized communication, engagement, and organizational support services that improve coordination, operational efficiency, and public access to information across City departments.

The department supports citywide operations through media relations, digital communications, crisis communications, website management, public engagement initiatives, and cross-department coordination efforts. OEI also supports organizational initiatives related to customer experience, operational improvement, accessibility, and digital service delivery.

Maintaining these services internally allows the City to improve responsiveness, strengthen consistency across departments, reduce reliance on outsourced communication and project support services, and support organizational priorities related to transparency, accessibility, customer service, and public trust.

Mission

Identify and respond to the issues, concerns, and needs of mayor and council, City of Amarillo staff, and the citizens of Amarillo.

Goals & Objectives

The City Secretary's Office prepares the City Council agenda and minutes, manages the official City of Amarillo records and contracts, administers the record management program, administers the open record request program, and is responsible for conducting municipal elections. The City Secretary's Office is responsible for developing and administering records retention and destruction policies and monitoring the records storage center. The City Secretary's Office coordinates the recruitment, application, and appointment process for City Council appointed boards and commissions.

In addition to the duties listed above, the City Secretary serves as custodian of the City of Amarillo's corporate seal; attests to the mayor's signature on all official documents; records and files deeds and easements; coordinates the codification of City of Amarillo ordinances into the Amarillo Municipal Code; publishes legal ads, public notices, and agendas; and develops and oversees the City Secretary's Office and Mayor and Council budgets. The City Secretary also serves as the Local Vital Registrar and as the approving authority for TABC alcohol permits. As in many other cities, the City Secretary serves not only as a historian for the city, but also as a resource for citizens and as a link between citizens and their elected officials.

Programs of City Secretary

Election Management

2026/27 Budget — 35% of Budget

Administer all aspects of City of Amarillo regular and special elections and citizen-initiated petitions of initiative and referendum.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of elections held	3	0	1

Council and Board Support

2026/27 Budget — 20% of Budget

Provide executive assistance to the mayor and council; prepare agendas for and take the minutes of all City Council meetings; and oversee the appointment to and posting of agendas and minutes for all City Council appointed boards and commissions.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of ordinances passed by City Council	84	73	75
Number of resolutions passed by City Council	84	75	80
Number of active boards	44	45	45
Members appointed to boards	76	90	90

Executive Support

2026/27 Budget — 10% of Budget

Provide administrative support to the executive offices, including the City Manager's Office and the department of engagement and innovation.

Records Management

2026/27 Budget — 10% of Budget

Develop and administer records retention and destruction policies; monitor the records storage center; and add transparency documents to the website.

Public Information Act Requests

2026/27 Budget — 20% of Budget

Administer the City's Public Information Act process; receive and enter requests; monitor requests and work with department liaisons to ensure timely processing; creation and submission of requests to the Office of the Attorney General as necessary.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Public information requests Police Department* All Other	6,027 4,494 1,533	1,600	1,650
Average days to process requests not sent to Attorney General's Office Police Department* All Other	12.06 5.80	6.0	6.0
Average days to process requests sent to Attorney General's Office Police Department* All Other	101.02 78.47	80.0	80.0

*Police Department requests for public information are processed solely by Amarillo Police Department staff, and therefore no estimated or projected numbers have been provided.

Department Administration

2026/27 Budget — 5% of Budget

Manage and administer the City Secretary's Office.

Mission

Maintain, design, and construct City of Amarillo facilities to ensure safe, secure, and professional environments for employees and the public.

Goals & Objectives

Facilities will maintain a fully operational workforce responsible for 2,582,268 square feet of City-owned structures, including 2,046,721 square feet of occupied facilities, and provide custodial services for 682,235 square feet of occupied floor space. Key responsibilities include:

- Maintain HVAC, mechanical, electrical, plumbing, and structural systems.
- Conduct daily inspections and preventive maintenance of building systems.
- Provide in-house architectural and design services for City facilities.
- Manage Capital Improvement Program (CIP) projects to ensure code compliance, quality, and budget control.
- Monitor project costs, schedules, contractor performance, and community engagement efforts.

Programs of the Facilities Department

Administration and Project Management

2026/27 Budget — 11% of Department Budget

- Provide oversight of City construction projects to monitor schedules, costs, changes, punch lists, and quality of work.
- Coordinate with architects, engineers, and departments to ensure accurate project designs before construction.
- Prepare construction cost estimates for budgeting and approved projects.
- Work with the City Manager's Office to identify goals and priorities for structural projects.
- Coordinate with contractors on bid projects to maintain schedules, costs, and construction quality.

Maintenance/Building Automation and Security/Fire Systems

2026/27 Budget — 34% of Department Budget

- Perform plumbing repairs on water and sewer systems.
- Perform electrical repairs on power, lighting, motors, and equipment.
- Repair structural systems including walls, ceilings, roofs, doors, locks, paint, and flooring.
- Maintain and repair HVAC systems, including chillers, boilers, heaters, and cooling systems.
- Perform general maintenance, furniture moving, glass replacement, and painting.
- Coordinate elevator maintenance and annual inspections with contractors.
- Maintain key inventory and produce replacement keys as needed.
- Provide snow removal and 24-hour support for emergency operations facilities.
- Design, install, and monitor building automation and environmental control systems.
- Monitor and maintain building security and video surveillance systems.
- Review automation reports to improve building energy efficiency.
- Coordinate employee security clearances with the Police Department.
- Create and replace employee identification badges.
- Replace or refurbish outdated equipment and systems.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total square footage serviced (Occupied (2,046,721) and non-occupied (535,547))	2,428,306	2,519,306	2,582,268
HVAC service calls and B.A.S.	18%	26%	25%
Plumbing service calls	20%	22%	24%
Electrical service calls	25%	17%	16%
Building maintenance calls	32%	30%	30%
Downtown Parking Garage	5%	5%	5%
Total workorders processed	2,303	2,454	2,500
city labor/average market cost per hour	$30.07/84.00	$30.07/$102.00	$30.07/$105.00

Construction

2026/27 Budget — 15% of Department Budget

- Provide new electrical services, wiring, lighting, and remodel installations.
- Install HVAC systems including package units, chillers, boilers, ductwork, and heating systems.
- Perform structural construction including metal buildings, workspaces, concrete, framing, drywall, flooring, and finishes.
- Coordinate trenching, overhead utilities, and utility provider services.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of construction projects	38	45	48

Architectural

2026/27 Budget — 6% of Department Budget

- Provide sealed plan sets for new construction projects.
- Provide sealed plan sets for remodels and coordinate with outside engineers for design overlays.
- Monitor project progress and construction compliance.
- Maintain historical construction documents for City facilities.

Custodial

2026/27 Budget — 27% of Department Budget

- Provide daily cleaning services in occupied areas, including floors, trash removal, dusting, and vacuuming.
- Monitor common areas and perform floor maintenance such as stripping, waxing, buffing, and shampooing.
- Replace lighting after hours to minimize disruption to staff and the public.
- Document and report maintenance issues identified during routine custodial duties.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Square feet cleaned by each custodian each night (682,235 sq. ft. divided by 27 custodians = 25,268 sf)	25,167	25,261	25,268
Cost per square foot cleaned by each custodian	$2.20	$2.77	$2.83
Number of custodial calls	110	120	125

Operating Cost Calculation:

Operating Budget: $1,933,252
Square Footage: 682,235 sq ft
Cost per Square Foot: $2.83 sq ft

Multi-Purpose Event Venue

2026/27 Budget — 7% of Department Budget

Provide lease management for the Multi-Purpose Event Venue (MPEV), Hodgetown. The facility is owned by the City of Amarillo and leased and operated by Panhandle Baseball Club, Inc. and serves as the home field for the Amarillo Sod Poodles.

Responsibilities include oversight of lease compliance, coordination of maintenance and repairs, and support of facility operations to ensure the venue remains safe, functional, and properly maintained for events and professional baseball operations.

Downtown Parking Garage

2026/27 Budget — 7% of Department Budget

Provide lease management and ongoing repair, operations, and maintenance of the Downtown Parking Garage in Amarillo, Texas. Responsibilities include ensuring facility functionality, coordinating routine and preventive maintenance, managing necessary repairs, supporting operational efficiency, and maintaining safe and reliable access for public parking users.

Mission

Promote and maintain excellence and efficiency in the accounting, budgeting, and reporting functions of the city.

Goals & Objectives

The Finance Department is responsible for the administration of all the city's financial activities as described in Article V., Section 27 of the City Charter. Finance is also responsible for maintaining a financial system that accurately records all receipts and disbursements for the City of Amarillo, for providing

timely reporting to individual departments, and for preparation of the Annual Comprehensive Financial Report, while utilizing best practices related to all financial matters.

The Finance Department provides multiple programs including administration, cash and debt management, financial reporting and budgeting, internal control, pension administration, fiscal agent services, and property tax analysis.

The Finance Department evaluates city policies pertaining to control of financial matters and audits payments to vendors and contractors. In addition to performing the accounting and reporting functions for the city, Finance provides these services for the Amarillo Economic Development Corporation, Amarillo Hospital District, Amarillo-Potter Events Venue District, Tax Increment Reinvestment Zone #1, Tax Increment Reinvestment Zone #2, Tax Increment Reinvestment Zone #3, Local Government Corporation, Amarillo Chamber of Commerce, Amarillo Housing Finance Corporation, Amarillo Health Facility Corporation, and the Harrington Library Consortium.

The Finance Department will utilize funding for FY 2026/27 to ensure proper budgeting, accounting, and reporting of all City of Amarillo financial information in accordance with applicable accounting pronouncements, laws, and bond covenants. The funding will help maintain favorable bond ratings for the City of Amarillo, ensure proper internal controls are in place and make sure all property taxes are correctly calculated and reported.

Programs

Finance Department Administration

2026/27 Budget — $472,003 of Budget

Provide management and oversight to the Purchasing department. Provides oversight of accountants and clerks to provide timely financial records for all deposits and disbursements for all departments of the city. Preserve the safety and liquidity of city investments as directed by policies of the city, while maximizing interest earnings. Monitor the city's banking relationships to verify that the city is compliant with all state requirements.

In 2024, the Finance Department received certification from the Government Treasurer's Organization of Texas (GTOT) on the City's investment policy, aligning to Finance's goal of fiscal responsibility. This was the fourth time the city participated in this certification program, which is good for two years. The city will submit the investment policy for certification again in 2026.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total Operating Costs Managed (millions)*	$84.5	$86.3	$86.3
Total Positions Managed	39	39	39
Public Funds Investment Act Compliance	100%	100%	100%
Quarterly Investment Reports Presented to Council	4/100%	4/100%	4/100%
GTOT Investment Policy Certification (years)	10	11	12

**Total expenses for Finance, Purchasing, General Fund Transfers, and Debt Service Fund.*

Debt Management

2026/27 Budget — $94,400 of Budget

Issue debt with bond covenants that will protect taxpayers and future bondholders. Ensure all debt payments are made in a timely manner and in accordance with bond covenants. Coordinate with rating agencies, financial advisors, and underwriters to achieve the lowest overall interest rate paid on new issues. Issue refunding bonds if financially prudent. Each year, the Finance Department analyzes the debt per capita ratio in comparison to peer cities. This information is provided to the City Council and citizens for comparison purposes.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
GO Bonds (S&P)	AAA	AAA	AAA
Water & Sewer Revenue Bonds (S&P)	AA+	AA+	AAA

HOT Revenue Bonds (S&P)**	A+	A+	A+
Compliance with Bond Covenants	100%	100%	100%
Debt per Capita*	$3,186.23	$3,450.00	$3,450.00
Amount of Debt Outstanding	$645,334.295	$702,000,000	$702,000,000

**Excludes Water Authority Debt*

***Due to COVID-19 impact on hotel occupancy taxes*

Financial Reporting and Budgeting

2026/27 Budget — $991,208 of Budget

Ensure timely, accurate reports are available to city departments and external users. Facilitate preparation of adopted budgets in accordance with State law. Prepare monthly and quarterly financials for management. Submit Annual Comprehensive Financial Reports, adopted budgets, and Popular Annual Financial Reports to the Government Finance Officers Association (GFOA) each year for formal review and certification aligning to the Finance Department's goal of fiscal responsibility. Assist departments with financial oversight of all construction in progress, capital purchases, and capital asset financial presentation; maintain accurate financial information for all assets for all departments. Prepare grant billings and manage financial reporting of grants to federal and state agencies. Establish and maintain an effective system of organizational internal control.

It is the City's policy is to maintain a 90-day operating reserve plus one year's capital requirements. Finance works with all departments to develop operating budgets and long-term capital plans that ensure compliance with this policy.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
GFOA Certificate of Achievement for Excellence in Financial Reporting (years)	49	50	51
GFOA Distinguished Budget Presentation (years)	34	35	36
GFOA Award of Outstanding Achievement in Popular Annual Financial Reporting (years)	14	15	16
Quarterly Financial Reporting to City Manager	4/100%	4/100%	4/100%
Monthly Budget vs. Actual Reporting to Audit Committee	12/100%	12/100%	12/100%
General Fund Reserves as % of target	100%	100%	100%
Internal control issues reported by external auditors	0	0	0
Single audit findings	5	0	0

Pension Administration and Fiscal Agent Services

2026/27 Budget — $283,203 of Budget

Administer the Amarillo Firemen's Relief and Retirement Fund (AFRRF) to provide benefits for both retirees and current employees.

Provide accounting and financial services for the Amarillo Economic Development Corporation, Amarillo Hospital District, Amarillo-Potter Events Venue District, Tax Increment Reinvestment Zone #1, Tax Increment Reinvestment Zone #2, Tax Increment Reinvestment Zone #3, Local Government Corporation, Amarillo Chamber of Commerce, Amarillo Housing Finance Corporation, Amarillo Health Facility Corporation, and the Harrington Library Consortium.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Compliance with Pension Review Board Requirements:			
AFRRF	100%	100%	100%

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Unmodified Audit Opinion for Outside Entities (city is fiscal agent)	8/100%	8/100%	8/100%

Property Taxes

2026/27 Budget — $1,038,407 of Budget

The Finance Department is responsible for the recording of property tax collections and all tax calculations as well as payment to the Potter Randall Appraisal District for assessment of the city's property taxes. Finance ensures that all budget and tax publication notices and postings, City Council meeting dates for public hearings, and budget and tax rate adoption are conducted as required by State statutes. Finance prepares historic comparative schedules of tax rates, assessed values, and budgets with peer cities for City Council and taxpayers aligning to the city's goal of fiscal responsibility.

Treasury Management

2026/27 Budget — $1,604,812 of Budget

Manages electronic payments, receipts, positive pay, stop payments, and monthly reconciliations. Manages all weekly payments to vendors and deposits to the city and ensures all cash receipts are recorded to the proper department.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Pool checks issued	8,278	8,500	8,500
Vendor ACH Payments	5,710	6,200	6,200
Procurement Card Transactions	29,972	32,500	32,500
Procurement Card Rebate	$84,001	$112,734	$125,000
1099's issued	650	700	700

Payroll

2026/27 Budget — $236,001 of Budget

Processes bi-weekly payroll and associated bi-weekly, monthly, and quarterly reports, as well as year-end earnings reporting forms.

Mission

The mission of the Purchasing Department is to provide optimal value to the City of Amarillo through the strategic acquisition of materials, services, supplies, and equipment. All procurement activities are conducted in strict adherence to applicable legal and funding regulations.

Goals & Objectives

The Purchasing Department is committed to a fair and trusted procurement process. Key objectives include:

- Ensuring equitable access for all vendors through the implementation of competitive bidding practices.
- Maintaining transparency in all acquisition activities to foster public confidence and safeguard taxpayer resources.
- Adhering to the highest standards of integrity in all procurement operations.
- Increase the use of cooperative contracts to streamline procurement.

Programs of the Purchasing Department

Administration and Support

2025/2026 Budget — 35% of Budget

- Provide strategic oversight and management of the Purchasing Division to ensure all procurement of services and materials aligns with city policies, legal requirements, and principles of fiscal responsibility.
- Manage vendor onboarding processes, including verification of required insurance documentation and accurate system entry.
- Administer the bid process, encompassing the distribution of bid documents and addenda.
- Develop and prepare detailed procurement specifications.
- Provide resources to City departments for the procurement of goods/services utilizing various procurement methods.
- Develop and deliver training programs for new city credit card users and new purchasing request system users
- Communicate to city employees on updated to the CoA purchasing manual

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
City employees trained	200	200	250
Vendor onboarding coaching	50	70	80
Updates/additions to vendor database	700	700	750
Specifications issued/updated	50	50	25
Renewal/new vendor insurance	850	850	850

City Procurement

2025/26 Budget — 60% of Budget

Collaborate with other city departments to ensure accurate and complete information is compiled and entered for the bid process. Manage the public distribution of bid solicitations and serve as the primary point of contact for vendor inquiries, providing timely and accurate responses.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Public Solicitations Issued	450	75	65
Purchase Orders processed	2,200	2,250	1,400
Annual Contracts processed	180	180	116
Cooperative Contract Purchases	No data	550	600

Credit Card Administration

2025/26 Budget — 5% of Budget

Administer the city's Procurement Card (P-Card) program, including the issuance of new cards and the resolution of card-related issues.

Conduct regular audits of P-Card transactions to ensure compliance with established policies and procedures.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
City issued P-Cards	650	705	730
Amount spent on P-Cards	$6,800,000.00	$7,000,000	$7,200,000
Average amount per P-Card transaction	$247.27	$245.61	$240.00
P-Card transactions	27,500	28,500	30,000

Mission

Facilitate all inter-fund transfers to and from the General Fund to account for Information Technology charges to the General Fund and budget for personnel adjustments for the General Fund.

Goals & Objectives

General Fund Transfers are used for financial reporting and budgeting purposes. These accounts reflect transactions that only impact the General Fund as a whole and are not program specific.

Programs of General Fund Transfers

Inter-fund Transfers

2026/27 Budget — 99% of Budget

Includes funding for inter-fund transfers to and from the General Fund, including the transfer of excess hotel/motel tax to the Civic Center Improvement Fund, the transfer of funding for the Street Improvement Fund, and the transfer of funding for the Solid Waste Disposal Improvement Fund. Administrative costs reimbursable to the Information Technology Fund are also included in this program.

Personnel Adjustments

2026/27 Budget — 1% of Budget

Includes budgeted personnel adjustments for the General Fund. After the budget is approved each year, these budgeted amounts are allocated out to the General Fund departments, causing this amount to fluctuate each year.

Mission

The Fleet Services Division is dedicated to advancing the City Council's pillars through innovative, fiscally responsible, and high-performing fleet operations. We provide safe, reliable, and cost-effective transportation assets that enable city departments to deliver essential services efficiently and without interruption. Through strategic lifecycle management, preventative maintenance, and responsible resource stewardship, we maximize fleet performance while protecting public investment. Our commitment to safety and regulatory compliance ensures vehicles and equipment remain mission-ready and dependable. By delivering responsive and efficient fleet support, we strengthen city infrastructure, enhance public safety, and contribute to a business-friendly community that serves residents with excellence.

Goals & Objectives

The Fleet Services Division performs the majority of maintenance and repair services in-house to maximize efficiency, control costs, and ensure timely service delivery. Specialized or outsourced services are utilized when operationally necessary. The division supports the City's long-term infrastructure strategy by implementing industry best practices in fleet management, asset lifecycle planning, and preventative maintenance. To further advance innovation and fiscal responsibility, the Fleet Services Division continues transitioning select vehicles to a lease-based model, improving fleet flexibility, reducing long-term replacement costs, and optimizing resource allocation.

Programs of the Fleet Services Division

Administration/Support

2026/27 Budget - 4% of Budget

Provide oversight and management of multi-function fleet operation.

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Training Opportunities	12	17	15

Fleet Fueling Services

2026/27 Budget - 8% of Budget

Provide fuel services for all City vehicles and equipment to ensure uninterrupted municipal operations. Maintain and manage a minimum four-week emergency fuel reserve to support continuity of operations during severe weather events, supply shortages, delivery disruptions, or other emergencies. Ensure all fueling operations comply with Texas Commission on Environmental Quality (TCEQ) operator certification and environmental compliance standards. Coordinate and oversee fuel deliveries to multiple locations throughout the city to support efficient and reliable departmental operations.

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Diesel (Gallons)	611,451	750,000	755,000
Unleaded (Gallons)	472,654	525,000	530,000
Portable Fuel Available (Gallons)	4,000	4,000	5,500

Fleet Preventative Maintenance

2026/27- 8% of Budget

All fleet equipment is on lube service/preventative maintenance schedules.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Lube/Preventative Maintenance Work orders Completed	1,922	2,345	2,400

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Same Day Work Order Completion Rate	92%	95%	95%

Fleet Tire Service

2026/27- 6% of Budget

The Fleet Services Division manages all tire maintenance operations for City vehicles and equipment, including tire replacements, repairs, preventative maintenance, and roadside service support. The division employs an in-house Tire Industry Association (TIA) certified trainer to ensure adherence to industry standards and best practices. All Tire Service personnel maintain national certification through the Tire Industry Association, demonstrating the division's commitment to safety, professionalism, and technical excellence.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Tire Replacement Work Orders Completed	1,912	2,250	2,250
Tires Replaced	1,515	1,850	1,800

Performance Measures:	2023/24 Actual	2024/25 Estimated	2025/26 Projected
Same Day Work Order Completion Rate	94%	97%	97%

Fleet Maintenance and Repair

2026/27- Budget- 13% of Budget

The Fleet Services Division's shop operations provide comprehensive maintenance and repair services for the City's diverse fleet of vehicles and equipment, ensuring safe, reliable, and efficient operations across all departments. By performing the majority of maintenance and repairs in-house, the division improves service turnaround times, controls operational costs, and maximizes equipment reliability, availability, and lifecycle performance.

Fleet technicians maintain Automotive Service Excellence (ASE) certifications and participate in ongoing technical training to remain current with evolving vehicle technologies, diagnostic systems, industry standards, and safety practices. Their expertise and commitment to quality workmanship help ensure City vehicles and equipment remain dependable, compliant, and mission-ready to support essential municipal services.

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Maintenance and Repair Work Orders	13,539	14,500	14,000

Performance Measures:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Same Day Work Order Completion Rate	88%	90%	91%
Average Fleet Availability	92%	90%	95%

Fleet Replacement

2026/27- 62% of Budget

Administration of the City's fleet replacement program, including asset lifecycle planning, vehicle and equipment specification development, bid evaluation and procurement support, preparation and upfitting of new equipment, and environmentally responsible disposal of surplus or retired assets.

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected

Mission

To deliver secure, reliable, and innovative technology services that support city operations, strengthen public safety, enhance communication, and improve quality of life for our community.

Goals and Objectives

The IT Department's goal is to strengthen and modernize the City's technology infrastructure to support reliable operations, public safety, cybersecurity, and long-term organizational growth. Efforts focus on improving resiliency, expanding connectivity, enhancing operational efficiency, and supporting

critical city services while managing rising technology costs and evolving technology demands.

Major accomplishments included deployment of enhanced security and network monitoring systems, operating system upgrades, wireless connectivity improvements, GIS scaling and modernization, enterprise application development and major integrations, and modernization of voice and communications infrastructure. Significant completed projects included the Airport Gen-2 Infrastructure project, DMZ upgrades, Phase I VoIP modernization, public safety connectivity enhancements, and multiple network, firewall, VPN, and failover infrastructure upgrades. The department also supported multiple facility relocations, and strategic cybersecurity and resiliency initiatives that improved reliability and citywide service delivery.

Upcoming priorities include Phase I deployment of the City's third-generation IT infrastructure, desktop lifecycle replacements, Phase II VoIP modernization (remote offices), and completing the replacement of helpdesk and network monitoring systems. Additional initiatives include CAD-to-CAD emergency communications integration, public safety radio upgrades, Emma infrastructure enhancements, internet improvements, and technology support for AFD Station 14 and Transformation Park Day Center construction. These efforts will require careful prioritization and strategic budgeting to address the rapid rise in cost for goods and services, cybersecurity demands, supply chain challenges, and evolving vendor support models.

Information Technology Programs

Enterprise Services — 99% of Budget

IT Enterprise Services provides the technology foundation that supports city operations, public safety, communication, and digital services across the organization. Through this program IT ensures the City's technology environment remains secure, reliable, efficient, and scalable, helping departments operate more effectively, strengthen communication and collaboration, support innovation, and enable strategic technology investments that align with the City's long-term goals and service priorities.

- **Cybersecurity:** Protects city systems and data through security monitoring, threat prevention, and staff awareness training.
- **End User Support:** Provides help desk assistance, troubleshooting, and technical support for city employees and departments.
- **Enterprise Application Support (EAS):** Maintains enterprise applications, data systems, and cloud integrations that support city operations and business processes.
- **Geographic Information System (GIS):** Delivers mapping, spatial analysis, and open data tools to support planning, operations, and decision-making.
- **Infrastructure:** Manages the city's core technology environment, including networks, servers, storage, cloud platforms, and unified communications systems.
- **IT Governance:** Standards, policies, strategic planning, compliance, and oversight to ensure technology investments align with city goals and operational priorities.
- **Public Safety:** Supports technology systems used by police, fire, EMS, emergency communications, and other public safety operations.
- **Radio Communications:** Maintains reliable radio networks and communication systems that support first responders and citywide coordination.

Cybersecurity Operations			
Total of Work Orders/Incidents	90	120	180
Time to Resolution (HH:MM)	366:00	250:00	200:00:00
Threat Preventions	28,244,503	119,468,926	191,150,281
IT Infrastructure			
Total Nodes Supported[2]	5464	5811	6000
Total Systems Supported[3]	347	312	300
Network Node Uptime (95th percentile)	99.87%	99.90%	99.90%
Total Work Orders/Incidents	1,006	1,297	1,350
Time to Resolution (HH:MM)	199:00	150:00	145:00
Time to Recovery (HH:MM)	42:00	32:00	30:00

[1] Total Endpoints Supported: PCs, laptops, thin clients, mobile devices, printers, and virtual desktops.

[2] Total Network Nodes Supported: Network communications, security, cellular devices, and radio subscribers.

[3] Total Systems Supported: Servers (physical, virtual, cloud), storage/backup, and network printers.

Print Services — 1% of Budget

IT Print Services program offers a cost-effective print shop services that deliver a comprehensive printing solutions to all city departments. This program is designed to streamline print operations, reduce expenses, and enhance efficiency by leveraging bulk procurement and centralized management. As a result, it provides reliable, high-quality print services to the entire municipal organization at a lower cost.

Key Performance Indicators	2024-2025 Actuals	2025-2026 Estimated	2026-2027 Projected
Print Shop			
Total Print Jobs Processed[1]	348,530	348,530	350,000

[1] Total Print Jobs Processed: The system counts print jobs only. Print jobs have multiple pages.

Mission

Provide high-quality Human Resource services to all prospective, current, and past employees.

Goals and Objectives

Through partnerships and collaboration, the Human Resources Department recruits, develops, and retains a high-performing and diverse workforce and fosters a healthy, safe, well-equipped, and productive work environment for employees, departments, and the public in order to maximize individual potential, expand organizational capacity and position the City of Amarillo as an employer of choice. The Human Resources Department is a conduit to building a vibrant workforce and a thriving community. Human Resources (HR) has 4 main goals and objectives:

Goal 1: Drive HR excellence and innovation that leads to successful outcomes in recruiting, retaining, and developing an outstanding workforce and move the City of Amarillo forward while remaining a financial steward. HR will host quarterly and department specific job fairs to recruit qualified applicants to the City. HR will host annual and department specific supervisor and employee training focused on need areas to enhance the skillset of the employee population.

Goal 2: Expand and promote community engagement by partnering with local agencies, schools and local events to educate, mentor, and showcase the employment opportunities at the city. HR will partner with community stakeholders to attend school job fairs to promote employment opportunities at the

city. This will also develop a relationship with the community, in particular the youth of the community to lay the grounds for the future workforce at the City.

Goal 3: Continue enhancing the employee experience by moving the organization forward while leveraging HR technology and increasing convenience to all customers. HR will streamline the onboarding experience to create a more enjoyable and efficient experience for the employee. HR will utilize Workday to deliver training, information, and employee performance that will in turn enhance the employee experience.

Goal 4: Invest in our employees' continued growth by continuing our organizational development initiatives and educational experiences throughout the city. HR will deliver organizationally need specific trainings such as supervisor training and core compliance training to enhance employee education. HR will meet with departments monthly to identify employee growth needs and develop initiatives and trainings to meet those needs.

The HR team is excited about the future and we are committed to serving our employees, departments, and the public with excellence.

Programs of Human Resources

Human Resources Administration and Support (Policies and Procedures)

2026/27 Budget — 10% of Budget

Human Resources Administration and Support develops policies and procedures to be used by city employees, assures consistent and fair administration of policies and procedures, and processes timely and accurate changes in employee status and payroll.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
City-wide policies revised and/or created	5	4	4

Total Rewards – Compensation and Benefits

2026/27 Budget — 20% of Budget

Total Rewards – Compensation and Benefits include the review and maintenance of the classification and compensation systems. Position reclassifications and/or salary adjustments are evaluated upon request to assist departments and allow for minimal interruptions within the overall city organization. Staff also works to develop compensation packages competitive according to market rates while maintaining the equity of the city's Compensation Schedule.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Position Adjustments	490	422	450

Employee Development and Training

2026/27 Budget — 20% of Budget

Employee Development and Training entails the promotion of learning and growth while working with management to ensure sufficient and adequate training organization-wide by increasing the number of training hours per employee. In an effort to ensure that the city personnel are equipped, the Human Resources department is continually assessing organizational training needs and implementing training programs.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
City-wide/annual core training	90%	98%	98%

Employment Sourcing and Recruitment

2026/27 Budget — 20% of Budget

The Employment Sourcing and Recruitment program recruits and retains a diverse and skilled workforce while reducing the amount of involuntary terminations and maintaining or reducing the overall city-wide turnover rate. In an effort to attract qualified and diverse candidates, Human Resources works with departments to collaboratively develop specialized recruitment efforts.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
New hires	618	604	600

Employee Relations

2026/27 Budget — 10% of Budget

Employee Relations is responsible for counseling managers, supervisors, and employees, as well as administering the Employee Grievance Process. The Human Resources department, through the city's Health Plan, offers an Employee Assistance Program (EAP).

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Employee complaints unresolved by HR resulting in grievance to Civil Service Commission	0	1	1

Performance Management (Appraisals)

2026/27 Budget — 20% of Budget

Performance Management administers the performance appraisal process. This process is designed to retain the best performance and quality in the workforce. Performance appraisals are completed at an employee's first six months of service in the position and annually thereafter.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Employee performance appraisals	1523	1500	1500

Mission

The Risk Management Department is comprised of the safety and risk management staff. The safety team is responsible for the development, maintenance, and creation of effective safety programs to reduce accidents and injuries and to ensure the City remains compliant with state/federal requirements for safe operations of equipment and personnel. Risk management staff provides management and oversight of any work-related employee injuries, provides accurate and timely recordings of losses incurred from city operations and reports these losses to appropriate personnel and outside service agencies, and is responsible for overall management of the insurance policies for the city that includes working with the insurance broker to obtain the most cost-effective pricing.

Goals & Objectives

The Risk Management Department is a support service to all city departments for the coordination and administration of various claims generated from city operations. Risk Management also assists the Finance department in evaluating current insurance needs throughout the city.

The Risk Management Fund (also known as the Self-Insurance Fund) provides coverage for most of the city's exposures. The Risk Management Fund purchases various insurance policies for the city. The city generally has very high deductibles or self-insurance reserves with purchased coverage. State law protects the city with an overall liability limit of up to $500,000 per occurrence; therefore, the city has not purchased excess coverage for auto or general liability.

The Risk Management Fund seeks to analyze department policies and functions to better utilize loss prevention techniques as an everyday departmental function. Commitment to safety is an initiative to reduce expenditures for injuries, property damages, and liability that directly affects the city's available funds. An effective and best-practice safety management system is vital to reduce these expenditures. While safety programs have predictable costs, claims losses do not. Claims costs can fluctuate to a high degree from year-to-year due to large, sometimes catastrophic, losses. The budget for the following programs is based on averages and trends in each area over a period of time.

Risk Management will conduct facility safety audits. The Risk Management department will develop, implement, monitor, and manage health and safety training, policies, procedures, and programs and will identify areas of improvement to reduce the cost of claims.

Programs of Risk Management

Claims Management

2026/27 Budget — 4% of Budget

The department is responsible for the overall management of claims by obtaining accurate information for claim files on all city losses including workers' compensation, property loss, auto liability, and general liability. Staff adjusters analyze claims for accuracy and validity, monitor claim progress, and coordinate with claimants to reach reasonable settlements. The department analyzes claim history and losses to identify trends and implement loss control measures. It works collaboratively with city departments to identify loss prevention and reduction methods designed to reduce injuries, accidents, and liability.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total claims processed	746	659	528

Self-Insurance General

2026/27 Budget — 7% of Budget

Risk Management partners with a third-party administrator (TPA) to manage the city's self-insurance workers compensation program in accordance with the Texas Department of Insurance Division of Workers Compensation standards. This partnership supports cost containment measures by better utilizing network savings and applying best practices to provide cost control measures more efficiently. Risk Management receives and processes the injury claims from city departments before transferring the claim to our TPA. Risk Management also coordinates return-to-work and modified duty with city departments. A major part of the city's workers' compensation program is employee safety. Risk Management supports employee safety initiatives by providing safety and health training to all city departments.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Safety Footwear Purchased	760	798	779

Job Safety Observation	55	112	84
Drug and Alcohol Testing	363	412	387

Unemployment Claims

2026/27 Budget — 1% of Budget

The city is self-insured for Unemployment Claims. Risk Management partners with Equifax Workforce Solutions for several services including representation at hearings, preparation of cases, and responses of complex employment actions with the state. These claims are managed by Human Resources staff.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Numbers of cases	46	32	38
Percentage of positive outcome	95%	100%	97%

Fire and Extended Coverage

2026/27 Budget — 33% of Budget

The City engages the services of an Insurance Broker that assembles a layered coverage plan to meet the city's property insurance needs in this dynamic market. Our property policies are provided by multiple individual insurance carriers coordinated by our contracted insurance broker. The policies provide $100,000,000 total annual coverage. The wind/hail deductible is 5% total insured value per location, per occurrence. The deductible for all other perils is $250,000.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Claims processed	57	37	47
Paid claims	*$1,621,527	$384,910	$1,003,218

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Premium for property policy	$3,499,303	$4,122,326	$3,591,835

**High Cost Claims –$1.25M is from wind/rain/hail damage*

Workers' Compensation

2026/27 Budget — 34% of Budget

Workers' Compensation manages all city workplace injuries. The city utilizes a third-party administrator (TPA) to administer these claims. However, Risk Management staff continue to manage the employees involved in workplace injuries. This program also funds the medical and indemnity payments associated with workplace injuries. The mission of the safety program is to reduce the risks of injuries, illnesses, and fatalities. The safety program results in cost savings in numerous areas, including lower workers' compensation costs and overall medical expenses, fewer lost workdays, a reduction in the costs to train replacement employees, and a reduction in impact on crew workload related to overtime and downtime caused by injuries and property damage. A work environment with a strong safety culture prevents accidents, which results in improved productivity and employee satisfaction

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of claims	239	276	258
Total incurred cost	$983,915	$659,778	$821,846

Medical bills paid timely	100%	100%	100%
Injury incident rate	12.45	12.95	12.7

General Liability

2026/27 Budget — 8% of Budget

General Liability is the liability to a third party for damage to private property other than vehicle collisions. Examples would be city employees digging to repair a water main and accidentally cutting some other service line, or citizens slipping and falling into a city building.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of claims	144	113	129
Claims paid	$589,480	$386,461	$487,970
Average cost per claim	$4,093	$3,420	$3,783

Police Professional (Law Enforcement Liability)

2026/27 Budget — 2% of Budget

This is a policy with high limits for issues surrounding claims for personal injury and property damages from police actions. Due to a high exposure, it is vital to keep this coverage for protection of the self-insurance fund.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of claims	3	1	2
Claims paid	$968	$550	$759
Average cost per claim	$323	$550	$380

Auto Liability and Physical Damage

2025/26 Budget — 11% of Budget

This portion of the self-insurance fund covers all losses to city motor vehicles, including city property damage, city comprehensive damage, city liability for personal injury, and property damages to a third party. Claims are primarily managed by Risk Management staff with added support from our third-party adjuster on complex claims.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of incidents	306	279	293
Claims paid	$737,114	$590,533	$663,824
Average cost per incident	$2,408	$2,116	$2,266

2026/27 Expenditures by Funding Source

Mission

Providing comprehensive benefits, services, and programs to eligible employees, retirees, and their dependents which:

- Meet and anticipate their individual needs.
- Assure the City of Amarillo's competitiveness with other employers to attract and retain employees.
- Maximize cost-effectiveness.
- Assure optimal health and productivity of our employees.

Goals & Objectives

To align with the City of Amarillo's Benefits Department mission, department goals have been established to ensure that the overall administration of the city's healthcare plan is met and managed throughout the fiscal year.

- Provide ongoing equitable benefits based on legal requirements, eligibility, and city policies.
- Collaborate with employees, retirees, and others to assure that selected benefits programs and services are responsive to their needs.
- Communicate benefits information to employees, retirees, and their dependents which enables them to tailor coverage to meet their needs.
- Explore alternate or additional benefits and financial structures that maximize affordable coverage.
- Represent employees, retirees, and dependents in their efforts to resolve benefit problems with external providers.
- Provide health and fitness programs and activities that improve employee health and promote well-being.
- Provide sound fiscal and contract management of benefits programs.
- Create a strong partnership with the city's benefits consultants and vendors.
- Provide information to other public sector employers as needed.

This aligns with our goals and objectives to illustrate excellence in Communication and Fiscal Responsibility.

Programs of the Benefits Department

Health Plan Administration

2026/27 Budget — 1% of Budget

The City of Amarillo's Benefits Department is responsible for the overall administration of the city's benefit and wellness plans for active eligible employees, retirees, COBRA enrollees, and their dependents. This includes management and oversight of benefit plans outsourced to outside vendors.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Internal audit of enrollment records for 100% accuracy in all systems	100%	100%	100%
Conduct quarterly reviews with consultants for Healthcare Plans and 457 Deferred Compensation and OPEB Trust Plans	100%	100%	100%

Employee Insurance Fund (Health Plan)

2026/27 Budget — 91% of Budget

The Assistant HR Director for Benefits partners with the Finance Department and Healthcare Consultant to ensure that the healthcare plan(s) are staying within budget and are managed in accordance with the appropriate federal/state/public government laws/regulations.

Mission

To enrich the community by hosting a variety of experiences while providing extraordinary customer service in versatile and inviting facilities.

Goals & Objectives

The Amarillo Civic Center Complex continues to manage a active schedule across its facilities, including seven major leasable spaces and three meeting rooms in the Civic Center, two venues in the Globe-News Center for the Performing Arts, and the new Pavilion at the Santa Fe Depot.

In alignment with the City Council's 2023 Strategic Pillars and Milestones, our staff remains focused on implementing best practices, delivering exceptional customer service, and maintaining a strong commitment to safety for employees and guests. As we work toward these goals, the age of our facilities, along with growing aesthetic and technological deficiencies, is increasingly evident for users and is significantly affecting our ability to meet expectations and increase bookings and revenue. Addressing these needs will require near-term attention, especially as key partners continue to outgrow the space available.

Several important infrastructure improvements have been recently completed or will begin in the coming year. Renovation of the eight Coliseum restrooms, originally built in 1968, is nearly complete. This year, we will complete the transition from incandescent to LED lighting in the Heritage Ballroom, Regency Room, and the three north hallways, reducing energy costs and improving illumination. We will be working to upgrade the professional audio systems in the Civic Auditorium and Globe-News Center, and in partnership with the Information Technology Department, we will also replace end-of-life network fiber, switches, and wireless access points to ensure compliance and significantly enhance connectivity for clients and guests.

Additionally, a new storefront-style wall will be installed along the east-west hallway between entrances 1 and 5. Designed to match existing glass and framework and meet ADA standards, this improvement will properly secure the Box Office/Chase hallway from the rest of the Complex and create a new third-space environment that benefits both the Complex and the downtown area. This will be the first phase in a rebrand and community engagement focused strategy to help increase attendances and local support.

The Civic Cener Complex will continue its membership and relationship with the International Association of Venue Managers. IAVM is the leading global authority on public-assembly research, information, services, and life-safety issues. While IAVM does not certify venues, it provides specialized training and industry-recognized certifications for senior and middle management. Historically, most professional development programs were limited to senior leaders, but moving forward we will extend these opportunities to middle management to strengthen our leadership pipeline. Currently, one staff member holds IAVM's highest designation, the Certified Venue Executive (CVE).

Programs of the Civic Center

Administration

2026-2027 Budget —12.65 % of Budget

Includes management, booking, marketing, and the administrative office. All travel, training, professional development, and associated expenses are included in Administration. Civic Center Administration has a total of five full-time positions.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
ACCC Facebook followers	23,420	24,850	26,500
Website Unique Visitors (cumulative 12-month total)	149,772	150,500	153,000
Guest survey overall rating (meet or exceed expectations)	95%	96%	NA

Operations / Sports

2026-27 Budget — 66.5% of Budget

Includes Operations and Production staff, equipment, supplies, contracted services, and utilities. Operations and Sports have a total of twenty-five full-time positions.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**

Mission

Enhance knowledge, empower individuals, and enrich the community.

Strategic Approach

The Amarillo Public Library (APL) system, consisting of five physical locations and an interactive website, strives to provide a central source of information, materials, and services for residents of all ages. Managing a collection comprised of almost half a million items, APL acquires materials and online resources intended to support lifelong learning; skills attainment and career advancement; cultural pursuits; historical research; leisure reading, listening, and viewing; and early literacy development and school readiness. APL supports City Council's Six Pillars in the following ways:

1. **Building Business-Friendly Communities** – Provides essential resources such as public access computers, printing/mobile printing, scanning, copying, faxing, and Wi-Fi. Facilitates upskilling and career development through free online training platforms like Udemy and Learning Express and through job seeker's assistance.

2. **Communication** – Provides more than 1,000 programs annually and engages residents through an active media presence. Serves as a public space for the community to review public notices and environmental planning permits. Facilitates communication between the City and its citizens by hosting events like town hall meetings and public forums such as Vision 2045 and Amarillo 101.

3. **Fiscal Responsibility** – Manages departmental expenditures in accordance with state requirements, which maintains APL's accreditation with the Texas State Library and Archives Commission, enabling APL to acquire resources at a cost savings. Shares resources with other COA departments and takes advantage of group discounts available through its membership in the Harrington Library Consortium, which saves the City money. Generated every two years, the Library department's ROI Report demonstrated a 306% return on investment for taxpayers in FY 2023-24.

4. **Infrastructure** – Provides residents with internet connectivity, study spaces, and community meeting spaces. Provides cultural and educational resources desired by prospective residents and the information resources needed by current residents to improve their skills or launch new businesses.

5. **Public Safety** – Offers spaces where individuals from varied backgrounds—including vulnerable groups like teens and seniors—can gather to learn and engage in communal activities for free. Helps to address broader social issues in the community by providing staff who can refer individuals to financial, housing, and mental health services.

6. **Technology and Innovation** – Provides the public with access to advanced digital resources, subscription databases, and internet connectivity. Helps extend, through APL's partnership in OE&I's Digital Literacy Initiative, access to new technologies to those in the community who have not had the opportunity to learn about or use them.

Programs

Library Public Services

2026/27 - 60% of Budget

- Provides information and assistance at APL locations citywide.
- Assists library patrons in locating materials, utilizing library computers and online resources, and requesting new books, movies, and digital resources. Facilitates patron registration and maintains patron records.
- Plans and conducts educational and recreational programs for residents of all ages.
- Provides to library patrons an avenue to free Wi-Fi service and free internet access computers.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**

Items Circulated	1,121,227	1,125,000	1,147,500

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

Our primary focus is on general operations and maintenance of the Ross Rogers and Comanche Trail Golf Complexes. In addition to essential operations, the Golf department also offers tournaments, youth, and league programs, and other special activities to expose the game to a wider audience and to enhance the quality-of-life opportunities for Amarillo residents and visitors.

Each of these programs and activities has value for the participants beyond just the game itself. Our strategy is to communicate the many benefits of the game as an activity for a lifetime. Golf does not require vigorous activity such as running and jumping, nor does it require a great deal of strength. It only requires only a self-paced walk, intervals of bending, reaching, and stretching--all valuable to the players' health and well-being. These activities can be performed by almost anyone, at any age, and will contribute to a longer, more enjoyable, and healthier life.

In addition to the physical attributes that improve health and wellness, the numerous social interactions also contribute to the players' well-being. Golf is a vehicle for youth to learn discipline, rules, sportsmanship, and etiquette. Golf requires self-control, the ability to remain calm under pressure, the ability to learn strategies, problem-solving, and perseverance. Participation also provides an opportunity for interaction with business leaders, community role models, and members of local charities and civic organizations.

Golf courses provide green space for both people and wildlife where players regularly see turtles, fish, birds, hawks, waterfowl, rabbits, and foxes. The golf courses are maintained to recognize the importance of environmental stewardship in our operations.

Convenience is critical to patrons. The online tee time system makes it easier for patrons to book their tee time and to see what times are available at each course. Approximately 90% of tee times are now booked online. The online booking site is tied to the website www.playgolfamarillo.com where tournament schedules can also be viewed, along with many other pertinent information associated with Golf Operations.

Programs of the Parks and Recreation Department — Golf Courses

Golf Operations

2026/27 Budget — 90% of Budget

Efficiently and effectively operate and maintain the Ross Rogers and Comanche Trail Golf Complexes by providing an economical, customer-friendly, and family-oriented experience with award-winning courses and recreational opportunities for our citizens and visitors.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual rounds	98,189	110,189	110,000
Average daily rounds	271	304	304
Average monthly revenue	$406,001	$476,298	$503,151
Revenue per round	$49.62	$51.87	$54.80
Cost per round	$53.34	$48.14	$49.09

Tournaments

2026/27 Budget — 7% of Budget

Market and showcase Amarillo municipal golf courses; support community charities; provide a measurable benchmark for golfers; and further the game of golf.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Charity/tournament rounds	12,932	13,000	13,000
Charity contributions to the community	$1,585,075	$1,600,000	$1,600,000

Youth

2026/27 Budget — 1% of Budget

Create future golfers to promote and protect the viability of the game.

Leagues

2026/27 Budget — 1% of Budget

Support economic development and business retention in Amarillo and provide an economical, customer-friendly experience and quality golf venue for the business community to provide health and wellness opportunities for their employees.

Special Programs

2026/27 Budget — 1% of Budget

Impact the health and wellness of various special groups in Amarillo and the surrounding area.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

To integrate public arts into the environment of the city to improve the visual design and content of the city to enhance the experience of living and visiting Amarillo.

Goals and Objectives

The main function of Parks and Recreation Administration is to direct the overall operations of Golf, Recreation, Special Events, Aquatics, Tennis, Warford Activity Center, Park Maintenance, Zoo, Athletics, and Senior Services. All the departments within Parks and Recreation strive to improve the Quality of Life for those that live, work, and play in Amarillo.

Over the past two years, Parks Administration has initiated several forward-thinking projects including the Asset Management Plan and Parks Master Plan. This Parks Master Plan utilized information identified in the Asset Management Plan to develop a strategy for improvements to existing infrastructure, and new improvements desired by the community.

Programs of the Parks and Recreation Department — Administration

Administration/Support

2024/25 Budget — 100% of Budget

Provide general oversight and direction for the various departments within the Parks and Recreation Department, including Golf, Special Events, Beautification, Aquatics, Recreation, Tennis, Warford Activity Center, Park Maintenance, Zoo, Athletics, and Senior Services.

Performance Measures/Indicators:	**2023/2024 Actual**	**2024/2025 Estimated**	**2025/2026 Projected**
Number of special event applications*	21	40	40
Number of park reservations processed	578	350	350
Phone contacts with public (daily average)	85	60	60
Number of permanent positions managed	124	124	124
Number of part-time positions managed	225	225	225

*Special Event applications are now included in the new Special Event Fee Structure

Parks Beautification & Public Arts

2025/2026 Budget — 100% of Budget

The main function of Beautification and Public Arts is to:

- Promote and encourage private and public programs to enhance all aspects of the city's appearance, presentation, and beautification
- Promote and encourage private and public programs to further the development of public arts
- Increase employment opportunities in the arts
- Encourage the integration of art into the architecture of municipal structures
- Identify and develop quality programs involving notable art in public places through exhibitions, acquisitions, and education to enhance our community.
- Raise awareness and appreciation of the value of art in public places and the beautification of our city in general.

Performance Measures/Indicators:	**2024/2025 Actual**	**2026/2027 Estimated**	**2027/2028 Projected**
Number of Volunteer Cleanup Events	26	27	28
Acres converted to Habitat, Natural Areas and No-Mow Landscape	6	6	6
Number of Murals Funded through Grant Program	5	5	5

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

The function of the Aquatics Department is to plan, develop, and deliver quality aquatics programs and events that meet the needs of the community. Aquatics currently operates one outdoor seasonal swimming pool, Thompson Pool, and one indoor year-round pool at the Charles E. Warford Activity Center. Southeast and Southwest Pools are temporarily closed for the 2026 season while a third party evaluates the structural integrity of both facilities

and completes an aquatic viability study. Aquatics offers numerous programs and special events throughout the season including swim lessons (group, private & adult), lap swim, water aerobics, open swim, kayaking, pool parties & special events. Staffing, Operating Costs and Repair & Maintenance are the largest expense items for the aquatics department.

Decisions will need to be made in the near future regarding the long-term viability of two of our facilities—Southeast Pool, constructed in 1965-remodeled in 1987, and Southwest Pool, built in 1974. Both facilities are in need of new mechanical equipment in the pump rooms and need to be replastered which will cost around $700K per pool. Southeast Pool experienced significant infrastructure and mechanical issues during the 2025 season and vandalism in Spring of 2026, and Southwest experienced a failed pump motor and we have discovered voids under the pool deck. To assist in evaluating our options, we have engaged a firm to conduct a comprehensive structural assessment and feasibility study. We anticipate that the findings will provide valuable insight and help inform our strategic planning moving forward.

Programs of the Parks and Recreation Department — Aquatics

Revenue

Mission

Build our community by encouraging physical and mental well-being through participation in Amarillo Parks and Recreation's athletic programs.

Goals and Objectives

The Athletics Division serves as a vital community resource by creating, managing, and supporting a wide variety of recreational and competitive athletic opportunities for residents of Amarillo and the surrounding region. In addition to directly administering adult softball and volleyball leagues, Athletics supports numerous youth and adult sports organizations, tournaments, and special events that collectively engage thousands of participants and spectators each year.

Athletics administers registration and entry fees for all City-operated adult sports programs, with participation levels and revenues varying by sport and season. The division utilizes electronic scheduling and standings systems to provide participants with convenient, real-time access to league information. Athletics staff recruit, schedule, train, and supervise sports officials, scorekeepers, and event personnel to ensure high-quality program delivery and a positive participant experience. Staff also coordinate league and tournament awards, recognizing team and individual accomplishments throughout the year.

The division is responsible for preparing biweekly payment authorizations for contracted officials and scorekeepers while also managing facility scheduling, participant communications, and program administration. Athletics allocates and coordinates the use of City-owned athletic facilities among multiple private adult sports providers, youth sports organizations, schools, community groups, and tournament operators. Through careful scheduling and collaboration, Athletics maximizes facility utilization while ensuring equitable access to fields, courts, and recreational spaces.

Athletics works closely with the Park Maintenance Division to coordinate field usage, maintenance schedules, and facility preparation. This partnership helps ensure athletic fields, courts, and supporting amenities are properly maintained, safely prepared, and available to meet the needs of leagues, tournaments, and community events. Through ongoing communication and planning, both divisions work together to provide high-quality playing surfaces and facilities that enhance the participant experience while protecting City assets.

In addition to league operations, Athletics organizes and facilitates numerous local, regional, and state tournaments across multiple sports each year. Staff coordinate tournament logistics, schedule facilities, invoice user groups, collect approved fees, and provide operational support that generates economic impact and attracts visitors to Amarillo. The division also serves as a key liaison between the City and outside organizations seeking to host events within municipal athletic facilities.

Although Athletics is not a direct provider of youth sports programming, the division plays a critical role in supporting youth athletics throughout the community. Athletics allocates field space, coordinates facility access, provides operational support, and collaborates with youth sports organizations to facilitate leagues, tournaments, practices, and special events. These partnerships help ensure that thousands of local youth have access to safe, well-maintained facilities and quality recreational opportunities.

The division will continue exploring opportunities to expand programming and meet evolving community interests. Potential growth areas include Cricket, Ultimate Frisbee, Dodgeball, Cornhole, Sand Volleyball, Flag Football, and other emerging recreational activities that promote community engagement and active lifestyles.

This budget includes funding for continued employee development and professional training to ensure Athletics staff remain current on industry best practices, emerging trends, risk management strategies, and program innovations. Staff will continue participating in educational opportunities through organizations such as the United States Specialty Sports Association (USSSA) and the Texas Recreation and Park Society (TRAPS). Attendance at conferences, workshops, and professional meetings allows staff to stay informed on rule changes, operational improvements, tournament hosting opportunities, and innovative approaches that enhance athletic programming and facility management in Amarillo.

Through strategic partnerships, facility stewardship, quality programming, and community collaboration, the Athletics Division continues to enhance the quality of life for Amarillo residents while supporting recreational opportunities that positively impact individuals, families, organizations, and visitors throughout the region.

Programs of the Parks and Recreation Department — Athletics

Contribute to the quality of life in Amarillo while providing healthy, safe, social, and recreational opportunities for the community's adult population through the following leagues:

- Softball (1871) - This program provides for the adult softball leagues in Amarillo. Average 80 to 100 teams per season. City of Amarillo Athletics hosts 3-5 tournaments per year.
- Volleyball (1874) - This program provides for the adult volleyball leagues in Amarillo. We have 4 seasons 1 indoor and 3 outdoor seasons that are played at local AISD middle school gyms, Amarillo Civic Center, Thompson Park, Ellwood Park, and Memorial Park.

Athletic Field Administration

Manage the reservations for athletic fields for adult and youth sport association groups. The list of user groups that utilize our facilities and work closely with City of Amarillo Athletics are as follows:

- Texas Panhandle Youth Sports Foundation (TPSYF)-Youth Baseball and Softball
- Top of Texas Youth Sports League (TTYSL)-Youth Football
- Amarillo Soccer Association (ASA)-Youth Soccer
- Kids Inc.-Youth Track, Soccer, and Flag Football
- PCHEA-Youth Football and Baseball
- San Jacinto Christion Academy- Youth Football
- Socialete Sports- Adult kickball, Spike ball, and Pickleball
- Senior Softball
- St. Andrews Episcopal School- Youth Football
- Iron Plains-Youth Flag and Tackle Football

Parks & Recreation Maintenance	8,301,358	10,202,414	8,738,411	9,403,322	9,022,827

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

The Park Maintenance Department provides and is responsible for the care and upkeep of city parks and a wide range of public facilities, supporting divisions including Aquatics, Athletics, Recreation, Special Events, Public Arts and Beatification, Warford Activity Center, and Amarillo National Tennis Center. In addition to its core responsibilities, Park Maintenance also provides landscape maintenance and site care for various City of Amarillo departments and facilities, such as Public Health, Libraries, WIC, Civic Center, City Hall, Bus Transfer Stations, Police and Court buildings, Airport Blvd. Madam Queen, Centennial Plaza, Bivins Home as well as city streetscapes, boulevards and other municipal properties.

Park Maintenance supports Severe Weather Operations by conducting snow removal for parking lots and sidewalks around public buildings and Fire Stations. It also provides a support role in storm damage response to the Office of Emergency Management (Strike Teams) by securing sites involving downed trees and other fallen or blown debris.

Parks and Recreation utilizes the Asset Management Plan and Parks Master Plan to prioritize improvements to the existing infrastructure while looking at strategic and sustainable improvements.

Programs of the Parks and Recreation Department — Maintenance

General Park Maintenance

2026/27 Budget — 25% of Budget

Efficiently and effectively maintain park land, irrigation systems, playgrounds, facilities, special use sites, and other park-maintained infrastructure. Park Maintenance also supports the Office of Emergency Management during and after significant weather events. This support includes snow and ice removal, downed street trees, and response as Strike Teams for site security, allowing Police and Fire to respond to more urgent calls.

Contract Maintenance

2026/27 Budget--46% of Budget

11%	Landscape Maintenance of Neighborhood Parks, Linear Parks, Traffic Islands, and Public Buildings
27%	Landscapes Maintenance of Regional Parks, Community Parks, Zoo, and School Parks
1%	Undeveloped Mowing and Maintenance
5%	Forestry / Tree Management
2%	Electrical Maintenance

Forestry

2026/27 Budget — 6% of Budget

Assist contracted Forestry/Tree management contractor with the care of over 15,000+ trees located at parks, tree farms, streetscapes, and municipal facilities.

Athletic Field Maintenance

2026/27 Budget — 18% of Budget

Effectively and efficiently maintain athletic fields to support City of Amarillo Athletic leagues and tournaments and Youth Sports organization leagues and tournaments using City of Amarillo fields.

Aquatics Maintenance

2026/27 Budget — 5% of Budget

Maintenance of City of Amarillo swimming pools and splash pads.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

Senior Services at the Warford Activity Center officially launched on April 26, 2023. The program is dedicated to enhancing the lives of residents aged 50 and older by offering resources and facilities that foster social engagement and support mental, physical, and emotional wellbeing. To fulfill these goals, Senior Services offers a wide range of health-focused physical activities along with events and programs designed to build community connections. Regular offerings include weekly social gatherings, educational sessions, and organized day trips. Interest-based social groups that are member-led have also emerged, centered around games and activities like cards, dominoes, diamond art, cornhole, and pickleball. In 2025, Senior Services received a

$20,000 grant, which continues to fund a free weekday lunch program for seniors and also supports outreach efforts in the North Heights community to better understand and meet the needs of the neighborhood surrounding the Warford Activity Center.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

The Recreation & Special Event Division plans, develops, and delivers quality recreation programs and events that enhance the quality of life in Amarillo.

The Recreation Department provides programs that encourage physical activity, socialization & skill development which helps combat childhood obesity and improve mental health and resilience. Many parents rely on our affordable childcare options on school holidays through our Kids Day Out Program and Spring, Winter & Summer Break Camps. Our Recreation Department also provides PE class for children who are home schooled, free sports camps in the summer and programs that focus on connecting attendees with nature such as Hooked on Fishing and Camping Experience.

The Special Events Department enhances the quality of life for the citizens in Amarillo. Parks and Recreation offers numerous free or low-cost special events throughout the year. We have free events such as Independence Day, Starlight Theater, Starlight Cinema, Harry Potter's Birthday and Pirates in the Park. These events bring people together which fosters a sense of community and belonging, promotes our culture and most importantly, creates opportunities for celebration and joy.

The Recreation Department secures sponsorships and partners to offset the cost of our special events and programs so that we can continue to provide low-cost programming that enhances the quality of life in Amarillo.

Mission

Building our community through parks and programs by encouraging health and wellness, creating positive economic benefits, and enhancing the community's ecological systems.

Goals and Objectives

The Charles E. Warford Activity Center opened in January of 2018 as the city's only activity center. The Warford Activity Center offers a cardio & weight room, indoor pool, full court gymnasium, fitness & dance studio, community garden, outdoor basketball courts and multi-purpose rooms. In October of 2023, the Charles E. Warford Center changed to a member's only model for safety reasons. The Warford Activity Center creates revenue primarily

through rentals & memberships. Unfortunately, in August of 2025, Warford was notified that it would no longer receive grant funding through the public health Reset grant in the amount of $37,000. This money was used to fund fitness instructor positions and classes at Warford. Staff has had to restructure its staffing model so that Warford can continue to offer fitness classes in 2026. As costs of goods continue to rise and this well-used 60-year-old building begins to show its age, increased operational spending and repair and maintenance spending may be required to ensure smooth operation of the facility.

Mission

Building our community through parks facilities and recreational programs by encouraging health and wellness, creating positive economic benefits, and protecting and enhancing the community's ecological systems.

Goals and Objectives

The Tennis program provides a quality tennis facility and supporting staff members that provide quality programs and events that meet the needs of the community. Tennis programs include Adult Leagues, Tournaments, Youth Programs, Pickleball and Padel.

Tennis programming is offered at the Amarillo National Tennis Center which has 11 lighted outdoor tennis courts, 3 lighted indoor tennis courts, 9 lighted outdoor pickleball courts, and lighted 2 padel courts. The budget provides funding for the care and upkeep of tennis courts, lights, and the buildings which support these activities. Full-time, part-time and independent contractors support these programs and provide customer service, instruction, stringing, and court reservations services.

The Amarillo National Tennis Center receives support from the Amarillo Area Tennis Association and the United States Tennis Association which helps us provide sanctioned tournaments to the public. We also partner with Kids Incorporated and the Alex O'Brien Foundation to support our Youth programs.

Mission

Commitment to the conservation of wildlife and the natural world through excellent animal care, education, and community engagement.

Goals & Objectives

The City of Amarillo owns the Amarillo Zoo, a public facility operated for educational, recreational, and conservation purposes. To enhance operations, animal care, and facility improvements, the City entered into a long-term lease agreement with Amarillo Zoo and Sanctuary, establishing a public-private partnership for management and development of the Zoo.

Under the agreement, operations transferred to the nonprofit organization to strengthen the Zoo's capacity to maintain and expand its assets, programming, and public amenities. The Zoo will continue to serve Amarillo families by providing affordable access to wildlife experiences, conservation education, and community programming. The agreement ensures the Zoo's primary purpose remains public benefit, with the intent of expanding educational opportunities for children and enhancing the facility in alignment with community values and aspirations.

Key Provisions:

- Partnership Purpose: To ensure the Zoo remains a family-friendly, educational, ethical, and conservation-focused facility.
- Lessee Responsibilities:
  - Operate and maintain the Zoo in compliance with the highest standards of animal welfare.
  - Modernize enclosures, fencing, and water systems; expand playground and educational exhibits; and add new features such as a café, petting zoo, sloth exhibit, and event facilities.
  - Collaborate with Texas Tech University School of Veterinary Medicine on internships, training, and educational programming
- City Responsibilities:
  - Retain ownership of all Zoo land and facilities
  - Provide oversight and collaborate on grant funding and capital improvements
- Accreditation and Oversight: Lessee to pursue accreditation with AZA and ZAA and maintain operational transparency with City oversight.
- Economic and Community Benefits: Increased tourism, educational opportunities, and local revenue while promoting conservation awareness.

Mission

Deliver safe, reliable, and affordable transit that improves lives and strengthens our community.

Goals and Objectives

Amarillo City Transit (ACT) remains committed to advancing safe, reliable, and efficient transportation services that meet the growing and evolving mobility needs of our community. To support this mission, ACT will maintain a forward-thinking approach focused on continuous improvement, innovation, and alignment with industry best practices.

ACT's goals and objectives include enhancing operational efficiency through the strategic use of technology, improving data collection and performance monitoring, and strengthening community engagement while leveraging new revenue streams to support long-term sustainability and service enhancements. Additionally, ACT will continue to prioritize customer experience, workforce development, safety, and system modernization while pursuing opportunities for growth and innovation.

Our commitment to service is guided by our core values, which include:

- **Safety** – Protect everyone. Every Trip
- **People & Inclusion** – Respect everyone. Value difference.
- **Service Excellence** – Be safe, reliable, on time, and clean community.
- **Action Ready** – Step up. Take ownership and ACT >>>Moving People Forward>>>>
- **Ethics and Integrity** – Do the right thing, always.
- **Resilience** – Stay strong. Work together.
- **Innovative** – Find better ways to serve our community.

Programs of the Transit Department

Fixed Route Operations

2026/27 Budget

Amarillo City Transit's (ACT) fixed-route operations continue to provide accessible and reliable transportation services that connect residents to essential destinations throughout the community. For many individuals, fixed-route transit serves as a critical lifeline and often represents the most dependable and affordable means of transportation available.

Through ACT's ongoing community-focused approach, the agency continues to experience steady ridership growth and increased requests for specialized services from both community organizations and regional partners. This growth reflects the positive impact of enhanced service delivery, improved customer experience, and strengthened safety initiatives, while also demonstrating the community's increasing reliance on and confidence in public transportation services provided by ACT.

As Amarillo continues to grow, ACT remains committed to adapting to evolving mobility needs while meeting changing federal funding requirements and performance expectations. In partnership with the City of Amarillo, ACT continues to focus on strategic planning, service enhancements, regional collaboration, and long-term mobility solutions that support access to employment, education, healthcare, and other essential services for the community.

Fixed Route Operations					
Performance Measures/Indicators:					
Indicator	**Measure**	**Target**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual Ridership	Passengers per fiscal year	210,000	238,632	250,000	275,000
On-Time performance	Percent of trips within On-Time 0 minutes	92%	80%	90%	95%

	early – 5 minutes late at time points				
Fare recovery ratio	Fares paid vs. cost to provide service	6%	2%	3%	4%

ACT-Connect Americans with Disabilities Required Service

2026/27 Budget

ACT-Connect remains dedicated to enhancing mobility for seniors and individuals with disabilities by reducing barriers to accessible transportation throughout the Amarillo community. As Amarillo City Transit's paratransit service, ACT-Connect provides essential transportation for individuals who are unable to utilize fixed-route services, helping connect customers to employment opportunities, medical appointments, education, shopping, and other important daily activities.

This year, ACT implemented new transportation technology through the Spare platform to improve the overall customer experience, enhance scheduling and dispatching efficiency, strengthen communication with riders, and provide more modern and reliable paratransit service operations. The implementation of this technology supports ACT's ongoing commitment to innovation, accessibility, and service improvement.

Eligibility for ACT-Connect is determined through a screening process that evaluates whether an individual's disability prevents them from independently using the fixed-route system for some or all trips. Individuals who are able to independently access and navigate fixed-route services are not eligible for ACT-Connect services.

ACT continues to maintain strong partnerships with the Area Agency on Aging (AAA), the Panhandle Regional Planning Commission (PRPC), and various social service agencies throughout the community. These collaborative partnerships help provide coordinated support services, mobility resources, and financial assistance opportunities for qualifying individuals.

Additionally, ACT is finalizing the required Coordinated Public Transit-Human Services Transportation Plan associated with Federal Transit Administration (FTA) Section 5310 funding. Completion of this plan will create new opportunities to expand mobility programs and enhance transportation services designed to meet the evolving needs of Amarillo's elderly and disabled populations.

Connect Operations					
Performance Measures/Indicators:					
Indicator	**Measure**	**Target**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual Ridership	Passengers per fiscal year	50,000	50,270	53,000	56,000
Passenger per revenue hour	Passengers per revenue hour	2.4	2.2	2.4	2.5
On-Time performance	Percent of trips picked up/ dropped off within the 25- minute pick up window	92%	97%	98%	98%

Fleet Maintenance and Repair

2026/27 Budget

Amarillo City Transit's (ACT) Fleet Maintenance Program is organized into two core functions: Utilities and Maintenance. The Utilities team manages the daily cleaning and sanitization of transit buses, support vehicles, facilities, and passenger amenities to ensure a safe and welcoming environment for riders and staff. The Maintenance team is responsible for all preventive and corrective maintenance activities, including scheduled inspections, mechanical repairs, and safety-related diagnostics across the fleet.

Our maintenance program is based on manufacturer recommendations, Federal Transit Administration (FTA) requirements, and industry best practices. This proactive approach maximizes the useful life of fleet assets, enhances vehicle reliability, reduces long-term maintenance costs, and minimizes service disruptions for passengers.

Over the past several years, ACT has consistently exceeded its Mean Distance Between Road Calls (MDBRC) performance goals across both fixed-route and paratransit services. This sustained level of performance reflects the effectiveness of the agency's preventive maintenance program, the skill and dedication of maintenance personnel, and ACT's commitment to providing safe, reliable, and dependable transportation services to the Amarillo community.

As ACT continues to modernize its fleet and advance the procurement of new transit vehicles, the agency remains focused on further improving fleet reliability and operational performance. Through continued investments in preventive maintenance, technology, equipment, and workforce development, ACT will pursue higher MDBRC performance targets that enhance service reliability, minimize service disruptions, and support the delivery of high-quality public transportation services for years to come.

Fleet Maintenance and Repair					
Performance Measures/Indicators:					
Indicator	**Measure**	**Target**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Daily cleaning	Percent of Fleet Cleaned Daily	100%	99%	99%	100%
Service Reliability**	Mean Distance between Road Calls Fixed Route	10,000	14,975	15,000	15,000
Mean Distance between Road Calls Connect Service	15,000	33,323	25,000	25,000	
Preventative Maintenance	PM Service Completed within 500 miles of scheduled service	95%	95%	96%	98%

** New vehicles reduce the distance between road calls. Also, a requirement of the Safety Plan.

** MDBRC under the "Major Mechanical System Failures" category. A major mechanical failure is defined as one that prevents the vehicle from completing its scheduled trip and requires immediate maintenance attention

Management and Administration

2026/27 Budget

Includes transit management, an accountant III, 2 transit planners of which one is split with the MPO, an administrative assistant, and the safety and training program.

Safety						
Performance Measures/Indicators:						
Indicator	**Measure**	**Target***	**Mode**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Fatalities	Per 1,000,000 miles	0	Fixed Route	0	0	0
0	Connect	0	0	0		
Injuries	Serious or Not Serious Injury to a Person	9	Fixed Route	18	5	4
1	Connect	12	3	2		
Events	Any Accident, Incident, or Occurrence	18	Fixed Route	35	11	10
7	Connect	35	6	5		
*Targets are based on a 5-year average						

Customer Service					
Performance Measures/Indicators:					
Indicator	**Measure**	**Target**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Complaints**	Complaints per 10,000 passengers	Less than 1.6	2.56	2.0	3.0
Customer Service Response	24-hour acknowledgment of a complaint	97%	100%	98%	100%

** Industry standard is 2.0-10.0 per 10,000 passengers

ACT follows the Transit Asset Management Plan to comply with federal requirements for managing assets in a State of Good Repair.

Transit Asset Management					
Performance Measures/Indicators:					
Indicator	**Measure**	**Target**	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Revenue vehicle	The % of revenue vehicles that exceed the useful life.	3.57%	2.94%	2.94%	2.94%
Non-revenue vehicles: supervisor cars and shop trucks	The % of non-revenue service vehicles that exceed the useful life.	30.00%	36.36%	36.36%	36.36%
Facilities: transit office/maintenance, transfer terminal, bus wash	The % of facilities (by group) that are rated less than 3.0 on the Transit Economic Requirements Model (TERM) Scale.	0.00%	0%	0.00%	0.00%

2026/2027 Expenditures by Funding Source

Mission

The City of Amarillo Street Division is committed to delivering safe and well-maintained streets and alleys to the community, aligning with the pillars of the City Council. We achieve this by prioritizing infrastructure and implementing best practices with transparency and fiscal responsibility. Our focus on efficient communication and innovative technology ensures cost-effective solutions while providing exceptional service. We are dedicated to enhancing a Business-Friendly Community to residents through proactive maintenance and responsive support.

Goals & Objectives

The Street Division currently maintains 1,071.45 centerline miles of streets and 709.10 miles of alleys. Over the past five years, the number of miles of streets has increased by 28.99 miles, and the number of miles of alleys has increased by 6.61 miles. Managing an aging and growing transportation system of this magnitude requires the utilization of best practices, fiscal responsibility, and an array of effective maintenance and pavement preservation programs.

Programs of the Street Department

Administration/Support

2026/27 Budget – 4% of Budget

Management of the multi-faceted street and alley maintenance operation is achieved by the Street Superintendent and Assistant Street Superintendent and a four-person office staff. The Street Department delivers cost-effective programs aimed at providing the public with a safe, well-maintained transportation network.

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Service Requests Received	5710	1,500	4500
Service Requests Completed	5078	1600	5000

*Length of service is impacted by weather conditions

Pavement Preservation Program

2026/27 Budget – 30% of Budget

The Street Department utilizes an extensive assortment of preventative maintenance programs to preserve the city's transportation infrastructure. Sealcoating, crack sealing, and fog sealing (alleys) are performed in-house, while asphalt overlay, micro-surfacing, scrub sealing, cape sealing, and high-density mineral bond are outsourced to local contractors.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Lane miles of paved streets crack sealed (10-year cycle = 243.5 lane miles annually)	0	10	70
Miles of paved alleys sealed (6-year cycle = 37.98 miles annually)	2.2	4.0	5.0

Pavement Maintenance and Repair Program

2026/27 Budget – 41% of Budget

General pavement maintenance and repairs are performed to prolong the life of our streets and alleys. Asphalt repairs are categorized by size and complexity: potholes, minor, and major. This program also includes brick and concrete street repairs, pavement shouldering, and sweeping. Due to traffic volume and speed, pavement repairs performed in-house by Street Department employees are prioritized in the following order to ensure the safety of the traveling public: arterial streets, residential streets, and alleys. Arterial reconstruction is outsourced to local contractors.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of Potholes Repaired in Paved Street (Average Size = 3' X 3')	2142	4500	6,000
Number of Potholes Repaired in Paved Alley (Average Size = 3' X 3')	5692	5,100	6,600
Number of Minor Asphalt Repairs Completed in Streets (Avg Size = 10' X 15')	251	1,000	1,250
Number Of Minor Asphalt Repairs Completed in Alleys (Avg Size = 10' X 15')	1042	1,300	1,400
Lane Miles Of Major Asphalt Repairs Completed in Streets	.97	4.5	5.0
Miles of Major Asphalt Repairs Completed in Alleys	1.57	3.0	3.0
Gutter Miles Of Residential Streets Swept	10,383	18,000	25,000

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Average Days to Repair Pothole in Street from Receipt of Service Request	2.0	4.0	4.0
Average Days to Repair Pothole in Alley from Receipt of Service Request	15	20	15
Average Days to Repair Minor Asphalt Failure in Street from Receipt of Service Request	15	25	20

Performance Measures:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Average Days to Repair Minor Asphalt Failure in Alley from Receipt of Service Request	15	50	40
Average Days to Repair Major Asphalt Failure in Street from Receipt of Service Request	60	70	60
Average Days to Repair Major Asphalt Failure in Alley from Receipt of Service Request	250	300	75
Average Days to Sweep Paved Street from Receipt of Service Request	15	10	3

Winter Weather Operations

2026/27 Budget – 6% of Budget

This program provides for safe roadways during winter weather events. The division performs snow/ice control on arterial and collector streets, overpasses, etc.

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Tons of De-Icing Materials (Salt/Sand) Applied	1,736	1,800	1,800
Snow Removal (Number of Lane Miles)	0	8.9	15

Street Structure Maintenance and Repair

2026/27 Budget – 1% of Budget

Various street-related structures, such as crash attenuators, guard rails, speed bumps, ADA ramps, etc. are essential safety components for motorists and pedestrians traveling throughout the city's transportation system.

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Number of Speed Bumps Installed (Alleys Only)	0	4	4

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Linear Feet of Guardrail Repaired	166	900	250

Performance Measures:	2024/25 Actual	2025/26 Estimated	2027/28 Projected
Average Days to Install Speed Bump from Receipt of Installation Order from Traffic Engineering*	0	10	10
Average Days to Repair Guardrail from Receipt of Service Request	116	180	125

*There is not a dedicated repair/installation crew. It is based on availability of personnel, materials, and severity.

Street Utility Cuts

2026/27 Budget – 6% of Budget

Effective pavement cut restoration is a key element of our long-term transportation infrastructure maintenance plan, as well as a best practice according to the American Public Works Association. This program administers a permit process for all utility excavations within the city right-of-way for service line installation or maintenance. Utility cut surface repairs for permit holders are also provided, at a fee.

Workload Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Total Number of Utility Cut Permits Issued	1,474	1,500	1,575
Number of Utility Cut Permits Issued to City Departments	650	675	700
Number of Utility Cut Permits issued to Outside Agencies	850	900	900

Performance Measures:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Average Days to Complete Utility Cut Repairs (Surface Repaired by City) from Issuance of Permit*	23	25	25

*Includes the time it takes a utility contractor to complete work.

Unpaved Streets/Alleys Maintenance

2026/27 Budget – 12% of Budget

This program effectively maintains the unpaved streets and alleys within our transportation system.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Miles of Unpaved Streets Repaired Annually (83 Total Miles of Unpaved Streets)	36.29	30	30
Miles of Unpaved Alleys Repaired Annually (279 Total Miles of Unpaved Alleys)	31.29	35	35

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Average Days to Repair Unpaved Alley from Receipt of the Service Request	32	15	10

Mission

The Traffic Division is dedicated to advancing the pillars of the City Council by prioritizing infrastructure, communication and public safety while managing the flow of pedestrians, cyclists, and vehicular traffic. This is accomplished by utilizing nationally recognized standards and best practices in traffic

engineering. Our mission is to ensure the safe passage of all road users through the strategic implementation of traffic control devices and innovative technologies. We strive to minimize inconveniences and aim to enhance the overall efficiency of the street network. Through continuous improvement efforts, we strive to promote responsible driving behavior and reduce the frequency and severity of collisions, ultimately contributing to a safer and more accessible city for all.

Goals & Objectives

The Traffic Division is responsible for the planning, design, operation, and maintenance of traffic control devices citywide including traffic signals, signage, pavement markings, school flashers, and pedestrian and street lighting. It also manages key programs such as school crossing guards, traffic counts, sight restriction investigations, and special event permitting.

By leveraging performance measures to monitor operations and implementing cost-effective improvements like signal retiming, enhanced signage, and equipment replacement at end-of-life, the division improves safety, enhances traffic flow, and ensures efficient use of resources. These efforts reflect a strong commitment to long-term infrastructure investment and technological advancement.

-

Programs of the Traffic Department

Administration/Support

2026/27 Budget — 20% of Budget

Management of multi-faceted Traffic Administration duties by the Traffic Engineer and office support staff. This program receives requests for signal and sign maintenance from the public and assigns them to the correct personnel. Traffic Administration also sends out various traffic-related work orders for the installation of signs, relocation of pavement markings, and retiming of school flashers and traffic signals. This program is designed to make sure the department follows best practices using nationally recognized standards and methods found in the Texas Manual on Uniform Traffic Control Devices and International Transportation of Engineers best practices for Traffic Engineering and continues to design for the flow of traffic in the downtown development.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Service Requests for Traffic Control Devices Completed	30	35	40
Number of Traffic Construction Plans Reviewed	86	220	315
Traffic Engineering Work Orders Assigned	149	150	200
*Signal Maintenance Requests Reviewed and Assigned	1,162	1,200	1,220
*Sign Maintenance Requests Reviewed and Assigned	380	700	725
*Street Light Maintenance Requests Reviewed and Assigned	236	375	300

Workload Indicators:	2024/25 Actuals	2025/26 Estimated	2026/27 Projected
Public Records Request Data	5	11	12

*Response time goal: Plans Reviewed – 1 week; Signals – 30 min; Signs – 1 Hour; Street Lights – 24 hours

Traffic Engineering

2026/27 Budget — 3% of Budget

Provides for the time and resources dedicated towards the review and resolution of traffic-related concerns in an effort for commitment to safety, consistent, and effective transportation system that implements best practices. Traffic Engineering is responsible for implementing city policies/standards for development projects for residential and commercial construction projects that occur within the City of Amarillo. This program continues to improve traffic patterns throughout the city and in the downtown development; it also plans for future infrastructure replacements as they meet their end of life.

Workload Indicators:	2024/25 Actuals	2025/26 Estimated	2026/27 Projected
Work Orders Issued for Street Lights Installed By Xcel	0	1	10
Traffic Signal Studies	17(*3)	20(*2)	20(*2)
Speed Studies	117 (*3)	120(*4)	120(*3)
Traffic Control Requests	9(*8)	45(*40)	20(*18)

*Number of studies Implemented

School Crossing Program

2026/27 Budget — 6% of Budget

This program has 36 Hourly School Crossing Guards with 3 Substitutes and 1 Supervisor. This program is designed with a commitment to safety and civic pride to work with Amarillo Independent School District (AISD) and Canyon Independent School District (CISD) to aid with the crossing of school children across busy arterial and collector streets.

Permits

2026/27 Budget — 1% of Budget

Parade and Block Party permits are issued to citizens to ensure that all emergency services are aware of street closures and to ensure that parties are following city guidelines.

Workload Indicators:	2024/25 Actuals	2025/26 Estimated	2026/27 Projected
Block Party Permits Issued	25	20	30
Parade Permits Issued	6	10	12

Sight Restrictions

2026/27 Budget — 1% of Budget

Sight Restrictions are obstructions in the line of sight for traffic at an intersection with a stop sign or yield sign.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Sight Restrictions Complaint Request	62	55	60

Safety Improvements

2026/27 Budget — 5% of Budget

Traffic Engineering studies to allocate which new signalized intersections, and which signalized intersections will be rebuilt with projected funds for the fiscal year.

Locate Services

2026/27 Budget — 1% of Budget

Provides the time and resources dedicated towards the protection of the Traffic's underground utility assets, as well as the safety of area excavation activities. Traffic Field Operations is part of the city's Line Locate Services, locates are submitted internally and externally. The Traffic department owns and is responsible for its own underground streetlight, traffic signal, and fiber optic utility assets.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Line Locates Reviewed	2,995	2,700	3,000
Line Locates Completed	160	150	200

Traffic Sign Maintenance

2026/27 Budget — 6% of Budget

Provides for the time and resources dedicated towards well-maintained, safe, and consistently applied signage throughout the city. The program strives for timely response maintenance, as well as appropriate proactive maintenance.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Signs Fabricated	1,905	1,750	1,850
Pre-Made Signs Purchased	700	750	1,000
Signs Repaired	3,546	5,100	5,200

Signal Maintenance

2026/27 Budget — 8% of Budget

Provides the time and resources dedicated towards well-maintained, safe, efficient, and consistently applied traffic signals and flashing beacons throughout the city. The program strives for the timely response of maintenance, as well as appropriate proactive maintenance. All Signalized Intersections are LED indications.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
*Signalized Intersections Electronics Replaced	53	42	40
Signalized Intersections Constructed	0	0	2
Signalized Intersections Maintained	272	272	274
School Flasher Preventative Maintenance	135	130	120

*Electronic Equipment has a 12-year life span (Current replacement rate is 16 years)

Street Light Maintenance

2026/27 Budget — 42% of Budget

Provides for the time and resources dedicated towards well-maintained, safe, efficient, and consistently applied street lighting throughout the city interstates and highways. It includes all costs associated with TXDOT-owned street lighting systems. This program pays out close to $2,000,000 in electricity costs annually. The program strives for timely response maintenance, as well as appropriate proactive maintenance. This program is designed to protect current infrastructure, update technology to improve efficiency, provide safe driving corridors during low lighting and follow transportation initiatives, and implement best practices. The city has started to convert the High-Pressure Sodium bulbs to the newer, brighter LED indications 57% complete on I-40, I-27, Dumas Drive, and Amarillo Blvd. from Ong west to Soncy.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Streetlights Maintained	2,100	1,812	1,900
Central Business District Pedestrian Lights Maintained	574	590	600

Performance Measures:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
*Replace High Pressure Sodium with LED Lights COA Maintained	86%	93%	96%

***% lights converted**

Street Pavement Markings

2026/27 Budget — 7% of Budget

Provides for the time and resources dedicated towards well-maintained, safe, and consistently applied pavement marking, crosswalks, and parking lot striping throughout the city. This program works to achieve striping the arterial streets at least once per year and replace pavement markings on a 6-year rotation. The program strives for appropriate proactive maintenance.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Street Striping (Center Line Miles)	170	200	200
Bike Lanes Striped (Miles)	111	114	125
Thermoplastic Crosswalk & Stop Bars Installed	191	200	225

Mission

To provide a safe and reliable airport that meets the traveling public's expectations while strengthening the community.

Goals and Objectives

- Maintain a motivated and goal-focused staff.
- Provide the internal systems and processes needed for accountability and efficiency.
- Maintain compliance with all applicable regulations and exceed standards when able.
- Be vigilant in our safety consciousness.
- Maintain professional yet flexible attitudes.
- Maintain a high level of integrity and accountability.
- Look for positive opportunities whenever possible.
- Look for ways to save money in the near term, but also the long term.
- Promote internal and external efficiencies whenever possible.
- Think as a team by supporting each other as well as other City departments.
- Set appropriate standards in every operational area.
- Be customer focused, including the public and on-airport tenants.

The Department of Aviation (Airport) is an enterprise operation organized to provide the necessary services for a public airport on a financially self-sufficient basis. Airport tenants and users provide the necessary revenue to operate the facilities. No General Fund tax revenues are used to operate the department. Transportation services available at the airport include commercial airlines (American, Southwest, and United) and ground transportation companies (taxi cabs, Uber, Lyft, and Wridz). Available general aviation (non-airline) services include aircraft storage, refueling, charter, and maintenance. The airport also supports military operations primarily through use of the runways and fueling activities.

The department's activities are aimed at providing a long-term public-use aviation facility using various airport revenue sources. The airport's primary revenue sources include automobile parking, rental car commissions, food and beverage commissions, building leases, ground leases, landing fees, and fuel flowage fees. Capital projects are funded with local airport funds and grants from the Federal Aviation Administration (FAA). Passenger Facility Charges (PFC's) are used to fund approximately 10% (or more) of federally eligible capital projects. The department also strives to access FAA discretionary funds, as they become available, to fund as many eligible capital projects as possible with federal funds.

With three commercial service airlines, American, Southwest, and United, serving the Amarillo community, the department's air service development program has ensured that the airlines continue to serve at least the same destinations year-over-year. The department's "Taking Flight" program has ensured positive engagement between the airlines and the community, working towards sustaining current service, additional destinations, and expanded service to current destinations.

Facilities available to carry out the aviation department's mission include 3,445 acres of land, a 217,000 square foot passenger terminal building used to service commercial airline flights from approximately 6:00 A.M. to midnight daily, and another 24 buildings ranging in size from 1,000 square feet to 312,000 square feet which is utilized for revenue production or as support facilities to maintain the Airport's physical plant. Among the airport's most significant assets are the runways and taxiways used by all aircraft. The primary runway (4/22) is one of the longest civilian runways in the United States at 13,502 feet in length, and the secondary runway (13/31) is of moderate length at 7,901 feet. The aviation department currently employs 75 personnel to operate and maintain the facility, with occasional vacant positions. Specialized aircraft rescue and firefighting equipment and facilities are also provided by the airport. Staff for the airport fire department is provided by the City of Amarillo fire department (AFD), paid for by the airport.

Projects planned for FY26/27 include completion of baggage handling system improvements, replacement of the crash phone system, a master plan & airport layout plan update, and the design of some new taxiway shoulders and a runway blast pad. These projects will enhance the airport's overall operation. The department also plans to complete construction of a replacement fire training simulator so that AFD firefighters can train here at the airport instead of training elsewhere.

The department's challenges include implementing updated standards while keeping up with the maintenance and systems replacement requirements of aging and highly technologically dependent facilities. Additionally, the department has been working to move a third-party legacy operation to a different part of the Airport in order to free up space for numerous development opportunities, but this remains a challenge due to the funding needed.

The Airport aligns with the City Council's adopted focus areas including a Business-Friendly Community, Communication, Fiscal Responsibility, Infrastructure, Public Safety, and Technology and Innovation. It is also important to note that the department of aviation has also built great relationships with other City organizations such as the Amarillo Economic Development Corporation, the Amarillo Chamber of Commerce, and the City's own Community Development department to ensure a coordinated and positive development effort.

Programs of the Airport

Administration/Support

2026/27 Budget

The Department of Aviation administrative staff directs the management of a multi-faceted airport transportation facility operation. The staff consists of the Director of Aviation, Deputy Director of Aviation, and administrative support staff. They identify and monitor the funding and financial budgeting for current and future operational needs and capital development. Airport funding sources include the Passenger Facility Charge (PFC) program and federal and state grant programs.

Performance Measures/Indicators:	**2023/24 Actual**	**2024/25 Actual**	**2025/26 Projected**
Number of active signatory air carriers	3	3	3
Total enplanement	412,265	414,889	419,000 (Est)

Airfield Management and Maintenance

2026/27 Budget

Provides maintenance and repair of runways, taxiways, ramps, airside roadways, airfield lighting and signs, navigational aids, and other services such as mowing and wildlife control. The airfield is maintained and operated per Federal Aviation Administration (FAA) requirements for all commercial airports (14 CFR Part 139) that hold an Airport Operating Certificate. This program supports developing the best transportation systems for the citizens of Amarillo.

Performance Measures/Indicators:	2024/25	2025/26
Lights on Airfield	1,628	1,628
Runway area (SQ FT)	4,060,000	4,060,000
Lights % Up Time	99%	99% (Est)

Airport Safety, Security, and Communications Center

2026/27 Budget

Provides short-term and long-term planning for Federal Aviation Administration (FAA) coordination. Assists in the development of the Airport Certification Manual, environmental-related compliance programs, and Airport Security Program to assure the safety of the traveling public. Security costs include the Airport Police Department, Airport Operations Center, badging and credentialing, and the maintenance of security cameras and security-related technology systems. This program includes emergency and medical services needed at the airport and surrounding areas. This program directly supports the city's Public Safety and Customer Service initiatives.

Performance Measures/Indicators:	2023/24 Actual	2024/25 Actual	2025/26 Estimated
Law enforcement activity (logged)	30,628	25,606	28,000

*Law enforcement calls include items such as offense/incident reports, security system alarm responses, passenger/citizen assistance, parking citations, lost and found calls, unattended bags, arrests, and security area patrols.

Winter Weather Operations

2026/27 Budget

Snow and ice removal operations during winter weather events are provided by airport personnel. The assigned departments perform snow and ice control on runways, taxiways, ramps, entrance roads, and parking areas. Program costs include the maintenance and operation of snow removal equipment owned by the airport.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Actual
Total snowfall (inches)	18	4.4
Total snow events	6	3
Winter weather manhours	750	826

Public Parking

2026/27 Budget

Parking is available at the Airport for use by the public and Airport employees. This program oversees more than 1,400 parking spaces in four different parking lots while maintaining the parking control operations and the revenue control system.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Projected**
Parking revenue	$4,182,806	$5,000,000 (Est)
#Tickets Sold	118,040	125,000 (Est)

Consolidated Rental Car ("CONRAC") Facility

2026/27 Budget

CONRAC provides maintenance of the Rental Car Center and customer return lots and the administration of commercial fuel sales and the Customer Facility Charge (CFC) program.

Performance Measures/Indicators:	**2023/24 Actual**	**2024/25 Actual**	**2025/26 Projected**
System operational during operating hours	98%	99%	99% (Proj)

Property Management and Maintenance

2026/27 Budget

Responsible for leasing real estate, property management, tenant relations, community outreach, risk management, and maintenance of properties leased to tenants within the surrounding Airport owned properties.

Performance Measures/Indicators:	**2023/24 Actual**	**2024/25 Actual**	**2025/26 Projected**
Total Airport Acres	3,811.15	3,811.15	3,811.15
Total Acres Available for Development	1,707	1,701	1,698

Terminal Management and Maintenance

2026/27 Budget

Provides maintenance and repairs of all terminal and terminal-related facilities to ensure the terminal is safe, efficient, clean, and user-friendly for travelers and Airport employees. Also includes lease management and tenant relations for commercial airlines.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Projected**
# Preventative Maintenance (PM) Checks	3,842	4,000 (EST)
# Hours for PM	6,270	7,000 (Est)
# Hours for Repair	1,233	1,250 (Est)

Terminal Technology Systems

2026/27 Budget

The Terminal Technology Systems group provides technical support and maintenance for the terminal systems, including flight and baggage information displays, passenger and paging information systems, administrative and Wi-Fi networks, and audio and visual systems. It provides technical support and maintenance for the flight information displays at the gate and hold room areas. This area also provides continuing support for the airport's extensive computer networks, software, and computerized hardware systems including numerous desktops/laptop computers and approximately 55 computer servers.

Performance Measures/Indicators: **Hours for:**	**2025/26 Estimated**
CCTV Maintenance/Repair (hours)	250
Network Maintenance/Repair (hours)	200
Public Address/Flight Information Display System Maintenance/Repair (hours)	10

Terminal Inline and Baggage Systems

2026/27 Budget

This group provides technical support and maintenance of the inline baggage system including conveyor belts, baggage claim devices, and bag makeup areas.

Performance Measures/Indicators:	**2025/26 Estimated**

# Preventative Maintenance (PM) Checks	100
# Hours for PM	200
# Hours for Repairs to BHS	450

Airport Fleet Vehicles (Including ARFF and Snow Removal Equipment)

2026/27 Budget

This group provides maintenance of the Airport's vehicle fleet, including pick-up trucks, other work trucks, buses, tractors, lifts, airfield snow plows, airfield snow broom vehicles, other snow removal equipment, aircraft rescue and firefighting (ARFF) vehicles, airport police vehicles, and airport operations vehicles. (* Item does not include the ARFF truck that required engine replacement, which was out of service for several months).

Performance Measures/Indicators:	**2023/24 Actual**	**2024/25 Actual**	**2025/26 Actual**
Snow removal equipment uptime (%)	94%	90%	99%
ARFF equipment uptime (%)	98%	95%	97%

Mission

The Utility Billing Department is committed to delivering accurate billing, exceptional customer service, and reliable utility account management while serving as a central point of contact for City services. Through Utility Billing, Meter Operations, Cashiering, Vital Statistics, and the Amarillo 311 Contact Center, we strive to provide timely, professional, and customer-focused service that enhances the quality of life for Amarillo residents and businesses. Our goal is to exceed customer expectations through responsive communication, innovative technology, and a commitment to transparency, accountability, and service excellence.

Strategic Approach

The Utility Billing Department is a comprehensive customer service organization responsible for Utility Billing, Customer Service, Cashiering, Meter Operations, Vital Statistics, and the Amarillo 311 Contact Center. As one of the City's most visible departments, Utility Billing serves as the primary point of contact for customer interactions annually and plays a critical role in connecting residents with city services.

The department is focused on creating seamless customer experience through a one-contact resolution model. By integrating Utility Billing operations with Meter Operations and the Amarillo 311 Contact Center, customers receive faster responses, improved communication, and greater accountability throughout the service process. This structure allows staff to coordinate utility billing inquiries, service requests, meter investigations, field operations, and general city information through a centralized customer service approach.

A major focus of the department is the continued optimization of the City's new EnQuesta Customer Information System and Advanced Metering Infrastructure (AMI) program. These technologies provide enhanced customer access to account information, daily and hourly consumption data, online service requests, digital payment options, and automated customer communications. Through continued process improvements and system enhancements, the department will increase efficiency while improving the overall customer experience.

The Amarillo 311 Contact Center continues to expand as the City's centralized hub for non-emergency services and information. The center currently supports inquiries for Utility Billing, Vital Statistics, Animal Management, Solid Waste, Community Development, Planning, Traffic, Streets, Water Distribution, Drainage, City Marshal, and other city departments. By providing a single point of contact for residents, the department improves customer access to services while allowing operational departments to focus on their core functions.

Meter Operations remains an integral component of the department and includes Meter Reading, Customer Service Field Agents, Meter Technicians, Meter Inventory Specialists, and supervisory staff. The integration of these functions under Utility Billing improves communication between field and office operations, enhances customer response times, and supports the City's investment in Advanced Metering Infrastructure.

The department also maintains a strong commitment to community engagement and public education. Through conservation initiatives, outreach programs, customer alerts, and proactive communication efforts, Utility Billing strives to keep residents informed while promoting responsible utility usage and awareness of available city services.

Programs of the Utility Billing Department

Administration and Support

2026/27 Budget — 4% of Budget

This program ensures the accurate recording of meter readings, billing, and account collections, all with a focus on responsiveness and customer satisfaction. We've enhanced our capabilities with InContact call center software, enabling tailored communications, reduced waiting times, and multichannel support (phone, email, and chat).

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual customer contact by email	15,262	15,415	20,500
Annual customer contact by chat	5,161	5,450	5,500
Annual customer contact in person	29,059	35,623	38,500

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual contact by phone for Utility Billing	125,027	145,000	148,000
Annual contact by phone for Solid Waste	9,098	9,250	10,500

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Annual contact by phone for AMW	22,406	25,000	28,500
Annual contact by phone for Community Development	2,431	12,000	14,500
Annual contact by phone for City Marshal	7,348	8,000	8,500
Annual contact by phone for Planning	2,476	3,500	4,000
Annual contact by phone for Traffic	1,077	1,200	1,250
Annual contact by phone for Streets	3,781	4,000	4,250
Annual contact by phone for Water Distribution	1,234	1,500	1,800
Annual contact by phone for Vital Statistics	7,025	7,250	8,000
Annual contact by phone for 311 (Operator)	62,361	65,000	68,000
Responsiveness-calls handled within 3 mins	53%	55%	60%
Responsiveness-wait time 3 mins or more	47%	50%	55%

Bill Production

2026/27 Budget — 31% of Budget

Responsible for over 850,000 utility bills annually, this program maintains a high level of accuracy and efficiency in billing for Water, Sewer, Drainage, and Solid Waste services. Our new Utility Billing Specialist position has significantly strengthened quality control and streamlined coordination with Meter Reading and Water Distribution to proactively resolve issues.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Accounts billed monthly	83,935	84,000	79,000

Customer Service and Contact Center Operations

2026/27 Budget — 20% of Budget

This program serves as the City's centralized customer service hub through the Amarillo 311 Contact Center and Utility Billing Customer Service teams. Representatives provide information, process service requests, assist customers with utility services, and coordinate inquiries across multiple city departments. The department continues to expand one-contact resolution capabilities while improving responsiveness and customer satisfaction.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total arrangements issued	2,998	1,475	2,850
6-month arrangements issued	2,544	1,250	2,500
12-month arrangements issued	454	500	1,250
Total broken arrangements	82%	70%	65%
Time spent per new service request	7.5 minutes	7 minutes	7 minutes
Time spent per discontinued service request	4.5 minutes	5 minutes	4 minutes
Time spent per transfer service request	7.5 minutes	7 minutes	7 minutes

Payment and Account Administration

2026/27 Budget — 15% of Budget

This program oversees the secure processing of customer payments and financial transactions. Staff support multiple payment channels including in-person, online, phone, kiosk, ACH, and mail payments while promoting self-service options and improving payment accessibility.

Performance Measures/Indicators:	**2024/25**	**2025/26**	**2026/27**
Actual	**Estimated**	**Projected**	
Cash handled (daily)	$10,632.04	$10,250.00	$10,500.00
Cash payments (monthly)	$230,360.87	$220,500.00	$227,000.00
Credit card payments (monthly)	$229,948.49	$198,500.00	$204,000.00
Check payments (monthly)	$3,082,139.87	$3,565,000.00	$3,567,500.00

ACH Payments (monthly)	$614,529.20	$630,000.00	$635,000.00
Total transactions (daily)	287	260	270
Number of walk-in customers (monthly)	1,432	2,600	2,700
Mail in Checks Processed (Monthly)	$2,085,974.99	$2,460,000.00	$2,465,000.00
Mail in Checks Processed (Daily)	$96,275.77	$114,000.00	$116,000.00

Meter Operations

2026/27 Budget — 30% of Budget

Our integrated Meter Operations team is committed to reliable, on-time meter readings and exceptional field service. Meter Readers complete daily routes with precision, while Customer Service Field Agents work directly with residents to address high usage or meter concerns.

Service Technicians respond quickly to installation, maintenance, and emergency issues, and Inventory Specialists maintain all meters citywide—ensuring operational integrity and performance.

With the support of dedicated supervisors and the Meter Operations Superintendent, we are proactively identifying and resolving customer concerns, advancing Amarillo's transition to Advanced Metering Infrastructure (AMI), and expanding field support for greater customer satisfaction.

Performance Measures/Indicators:	**2024/25**	**2025/26 Estimated**	**2026/27 Projected**

Mission

Supply continuous high-quality water, sewer, and environmental services to our community in a safe and efficient manner, supporting Amarillo's high quality of life now and in the future. This is accomplished by engaged employees demonstrating teamwork through adherence to regulatory criteria, and a commitment to outstanding customer service.

Goals and Objectives

The Director of Utilities Office leads and supervises seven water departments: Production, Transmission, Treatment, Distribution, Wastewater Collection, Treatment, and Environmental Lab. Every department’s primary goal is to ensure the City of Amarillo provides clean and safe drinking water to its citizens, along with effective wastewater treatment. They focus on strategic planning throughout the organization to maintain excellent customer service while aligning with the department's mission.

The Director of Utilities Office is dedicated to upholding the city's core values through effective management practices that emphasize economic development, fiscal responsibility, and regulatory compliance. The office oversees seven departments, ensuring that Water and Wastewater Treatment Plants operate within established guidelines. It also focuses on optimizing resource use, providing employee training, and responding to customer feedback to enhance service delivery.

To maintain compliance, the Director of Utilities Office stays informed on evolving regulations from organizations such as the American Water Works Association (AWWA), Texas Commission on Environmental Quality (TCEQ), and the Environmental Protection Agency (EPA). The office is responsible for managing the city’s utilities infrastructure, including its maintenance and expansion to accommodate future growth. This includes monitoring system age, planning upgrades or replacements, and managing inventory to anticipate the needs of Amarillo’s growing population.

In the 2024-2025 fiscal year, the Directors of Utilities gained control of the warehouse, optimizing inventory management and resource allocation to improve operational efficiency and support the department’s utility services and infrastructure needs.

Programs of the Director of Utilities Office

Support and Managerial Oversight of Utilities Department

2026/27 Budget — 3% of Budget

The Director of Utilities oversees and supports the management of seven departments within the Water Utilities Department. The current team includes the Director of Utilities - Operations, Director of Utilities – Regulatory Compliance, Assistant Director of Utilities, Utilities Business Administrator, Asset Management Program Manager, Utility Analyst, Utilities Inventory Superintendent and four Inventory Specialists. The development of an Asset Management system is a key initiative aimed at sustaining service levels well into the future. Additionally, the Director of Utilities Office provides ongoing support to both the Utility HR Generalist and the Utility Safety Officer.

In 2025, the Water Utilities Department implemented the Cartegraph Asset Management System, a powerful tool designed to enhance the tracking, maintenance, and planning of utility infrastructure. This system supports data-driven decision-making, improves operational efficiency, and ensures the long-term sustainability of service levels across all utility departments. By centralizing asset information and streamlining workflows, Cartegraph enables proactive maintenance and resource allocation to better serve the growing needs of the Amarillo community.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Public awareness meetings on water conservation	24	30	30
Evaluation of departments to comply with best practices for department	7	7	7

Regulatory compliance review for departments	7	7	7
Warehouse - Items in Inventory	1,700	1,500	1,200
Warehouse - Stock item value	$1,000,000	$1,500,000	$2,000,000
Cartegraph - Total Requests Entered	7,000	7,000	7,900
Cartegraph - Total Tasks Entered	30,000	40,000	65,000

Water and Sewer General

2026/27 Budget — 97% of Budget

This program includes administrative and professional costs not attributable to specific Water and Sewer departments.

Water and Sewer Capital

2026/27 Budget — 0.3% of Budget

The City's Capital Improvement Plan (CIP) outlines projects to be completed over the next five years to enhance quality of life and delivery service. The Director of Utilities plans projects like installing new water and sewer mains, improving existing infrastructure, and acquiring necessary vehicles or equipment. Funding comes from Water and Sewer rate revenues.

Mission

Water Production focuses on delivering a consistent supply of high-quality water that meets the evolving needs of customers, while ensuring public health is protected in compliance with federal and state water quality regulations.

Goals and Objectives

As a major city in the High Plains of Texas, a reliable water supply is essential for Amarillo's survival, economy, and overall quality of life. However, recent changes in weather patterns have prompted a reevaluation of what is considered "normal", leading to a greater reliance on groundwater sources. With the city's growing population and economy, along with various competing needs, Amarillo is working closely with engineers, the Texas Water Development Board (TWDB), and the Texas Commission on Environmental Quality (TCEQ) to develop and implement its most proactive and comprehensive water system plan to date. This plan will fully integrate the supply, transmission, treatment, storage, and distribution of water.

The Water Production department plays a key role in engaging with the community by handling calls and resolving issues related to the distribution system, such as main breaks, sewer problems, disconnected services, and general utility inquiries. Each call is managed with professionalism and courtesy. Staff regularly attend events to raise awareness and educate the community on water production and conservation, using tools such as brochures, website updates, media campaigns, and high school classroom presentations. Additionally, staff at the Osage plant offer educational tours to school groups throughout the year. The department also supports the city's conservation efforts, participating in campaigns like *Every Drop Counts*.

The Water Production department is focused on addressing the growing demands of residents, businesses, and firefighting needs by enhancing security measures across the infrastructure, increasing well field production, and optimizing the use of allocated source water. In the current budget year, projects have been completed to improve water quality and production capacity to meet long-term customer needs. Plans are in place to increase the Treatment Plant's rating capacity to 70 million gallons per day and upgrade chemical application processes. Additionally, air-scouring equipment is anticipated be added to improve filter backwashing and reduce water loss in the treatment process. The department has also launched programs to pool utility resources, enhancing staff safety and working conditions.

Programs of the Water Production Department

Water Production Department

2026/27 Budget — 31% of Budget

Management and maintenance of the four City's well fields and well field pumping stations.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Groundwater production produced (billion gallons)	7.2	6.9	8
Groundwater direct into Osage WTP *20.0 MGD is the maximum.	2.3	2.6	2.8
Well pump and motor replacement/repair	10	7	8
Well Field Production (Carson and Potter) percentage	93%	95%	97%
Leak repairs	8	7	4
Meter replacements	22	14	10

Water Transmission Department

2026/27 Budget — 22% of Budget

Management and maintenance of city pumping stations and overhead storage facilities.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Potable Water Tank Inspections	24	24	24
Pressure Point additions	3	3	4
Upgrades to radio/communication/SCADA network	20	12	20
Water Loss Percentage[1]	4.75%	8.5%	7%

[1] AWWA standard for water loss is ≤ 12%

Water Treatment Department

2026/27 Budget — 47% of Budget

Management, maintenance, treatment, and state compliance testing of the Canadian River Municipal Water Authority (CRMWA) water resource.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
CRMWA allocation Used (billion gallons)	8.8	10	10.2
Compliance with state/federal regulatory reporting	100%	100%	100%
% Loss in treatment process	1.7%	1.7%	1.7%
Gallons Used per Backwash	271k	271k	271k
Bacteriological sampling	1,640	1,640	1,640
Surface water production capacity (Billion gallons) AWWA standard increase 3%	9.8	10.3	10.5

Mission

Provide safe, high-quality, and dependable water services to customers. Ensure a reliable service that meets customer needs while managing departmental resources transparently, responsibly, and cost-effectively.

Goals & Objectives

The Water Distribution Department is responsible for maintaining and repairing the city's vast water distribution network, which includes over 1,261 miles of water mains ranging from 2 to 48 inches in
diameter, 5,396 fire hydrants, 20,230 valves, and 79,235 service connections. To ensure efficient operations, the department follows the industry's best practices for infrastructure rehabilitation and emphasizes outstanding customer service through strong collaboration with both internal and external partners.

Programs of the Water Distribution Department

Water Distribution Administration

2026/27 Budget — 3% of Budget

Responsible for receiving and dispatching customer calls to field crews for Water and Wastewater. Utilizing tools such as the Cartegraph Asset Management platform to streamline communicating water and wastewater customer service requests establishing beginning-to-end customer service.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Admin staff work orders created	10,000	12,500	13,000
Water/Sewer Tap work orders created	464	550	600

Maintenance and Repair

2026/27 Budget — 91.7% of Budget

Maintain and repair the water distribution system to ensure uninterrupted service to customers – including fire hydrants that are essential to public safety. These frontline employees are often the
face of the City of Amarillo as they are the employees who respond in person to customer inquiries and speak face to face with customers. Maintenance employees are on call 24/7 to respond to emergency situations. Employees must maintain professional licenses through the Texas Commission on Environmental Quality (TCEQ).

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Main breaks	377	400	500
Damage by contractors	2	10	15
Fire hydrants repaired	69	100	125
Water valves worked	945	2,000	2,500

Construction Service Taps and Main Extensions

2026/27 Budget — 5% of Budget

Responsible for the installation of new water services from 1" to 4", fire lines, and new water mains. The Operations and Maintenance department covers the labor and equipment costs for new construction.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimate	2026/27 Projected
New water taps installed	104	50	25
Water taps abandoned	6	20	20

Winter Weather Operations

2026/27 Budget — 0.3% of Budget

Responsible for responding to Emergency Operations Center (EOC) emergencies and removing snow from city properties including City Hall, Civic Center, libraries, Globe News Center, and downtown streets when requested by the Street Department.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Snow removal events	1	1	2

Mission

To operate and maintain the wastewater collection system efficiently and responsibly, with a focus on customer service, regulatory compliance, and public health protection through safe and accessible sewage transport.

Goals and Objectives

The Wastewater Collection Department oversees the operation and maintenance of the city's wastewater collection system, which includes 1,061 miles of sewer mains (ranging from 6 to 60 inches in diameter), 14,335 manholes, and 56 lift stations. The department carries out its mission by responding promptly to customer inquiries and systematically gathering system data. It follows the industry's best practices and prioritizes delivering exceptional customer service.

Completed in 2026, the Wastewater Master Plan introduced the Dynamic Planning Tool (DPT), a key resource for long-term infrastructure planning. The Dynamic Planning Tool (DPT) helps address evolving service area demands while ensuring alignment with regulatory and financial requirements. The Wastewater Collection Department uses this tool to plan major capital improvement projects and to pinpoint smaller infrastructure needs that can be integrated into day-to-day operations.

Programs

Maintenance and Repair

2026/27 Budget — 97% of Budget

Maintain and repair the wastewater collection system to ensure uninterrupted service to customers. These frontline employees are often the face of the City of Amarillo as they are the employees who respond in person to customer inquiries and speak face to face with customers. Maintenance employees are on call 24/7 to respond to emergency situations. Employees must maintain professional licenses through the Texas Commission on Environmental Quality (TCEQ).

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Sewer mains repairs	77	125	150
Sewer manholes adjusted	53	65	75
Miles of sewer cleaned	252	300	300
Total sewer calls received	776	800	850
Total sewer calls that were not stops	557	625	650
Lift station checks yearly	7,900	7,900	7,900

Construction Service Taps and Main Extensions

2026/27 Budget — 3% of Budget

Responsible for the installation of new sewer taps and new sewer mains. The department O&M covers the labor and equipment cost for new construction.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
New sewer taps installed	92	45	22
Sewer taps abandoned	6	20	20

Mission

Operate the Wastewater Treatment Plants in a safe, efficient, and reliable manner to ensure compliance with all applicable federal and state environmental regulations.

Goals & Objectives

The Wastewater Treatment Plants are committed to fiscal responsibility, civic pride, and the implementation of industry best practices. The department strategically allocates maintenance funds to assess and prioritize infrastructure repairs and replacements. Staff uphold a high standard of professionalism in maintaining equipment and facilities, contributing to community aesthetics, environmental protection, public health and safety, and regulatory compliance.

Emphasizing the delivery of high-quality effluent, the department integrates the best practices into all policies and procedures. The facility provides a reliable source of effluent water that consistently meets—and often exceeds—contractual requirements for industrial cooling. Additionally, the department promotes the responsible use of reclaimed water, reinforcing its commitment to environmental stewardship.

Regulated by the Texas Commission on Environmental Quality (TCEQ), the facility ensures compliance with state and federal water quality standards. Employees undergo extensive training and testing to earn professional licenses, ensuring operational excellence and regulatory adherence.

Programs of the Wastewater Treatment Department

Wastewater Treatment

2026/27 Budget — 100% of Budget

Provides wastewater treatment plant operations removing contaminants and organic matter, provides reclaimed water reuse to industry, as well as bio-solids disposal to residents, businesses, and industries, allowing the community to achieve an environmentally safe wastewater disposal system.

Hollywood Road:

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Violations of discharge permit	1	4	4
Treatment plant capacity – flow of million gallons per day (MGD)	12	12	12
Wastewater treated (MGD)	8.8	9.1	8.5
Reclaimed water to XCEL (MG)	700	900	900
Effluent to L. Tanglewood (MG)	2400	2,100	2100
Biosolids to landfill (Metric Tons)	1,500	1500	1400

Mission

Fulfill regulatory obligations and deliver essential analytical services to various city departments and divisions through the Environmental Quality Division. The mission is a unified effort to protect the well-being of citizens, the city, and the environment.

Goals & Objectives

The Environmental Lab takes pride in its professional staff, committed to upholding integrity and expertise. Accredited by the Texas Commission on Environmental Quality (TCEQ) and National Environmental Laboratory Accreditation Conference (NELAC) for bacteriology, the lab ensures data integrity through standardized performance protocols and staff training. Additionally, it manages a TCEQ-approved Pretreatment Program to regulate materials entering the wastewater system and oversees the Stormwater Quality Program, holding a TCEQ MS4 Permit to reduce pollution discharge during rainfall events. Additionally, the Household Hazardous Waste Program (HHW), further enhancing its pollution reduction initiatives, by removing potential pollutants from the waste streams ensuring appropriate and safe disposal.

The lab utilizes advanced technology and sophisticated instruments to ensure the safety of drinking water and wastewater management systems. The lab prioritizes excellent customer service, supporting citizens, city departments, private businesses, and economic development projects. It also plays a key role in infrastructure development by providing analysis and historical data on water and wastewater quality. Additionally, the lab monitors private industrial waste facilities for compliance with permits and oversees the Stormwater Quality Program, which mitigates sediment and debris runoff from construction and industrial sites through state-mandated inspections and plans.

Programs of the Environmental Lab Department

Administration and Support

2026/27 Budget - 10% of Budget

This program is responsible for completion of 20,581 required administrative documents including laboratory reports, credit card purchases, memos, deposits/cash reports, requisitions, payment vouchers, chemical inventory, and others as required by different work groups.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Administrative documents managed	20,581	21,198	21,900

Environmental Laboratory

2026/27 Budget - 41% of Budget

This program is an in-house central laboratory operation. Work includes approximately 69,000 parameter results within 18,000 samples with a commercial value of $1,904,000 per year. The laboratory is seeking to expand its scope of accreditation to better assist community and regional need for local laboratory services.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2025/26 Projected**
Total parameters analyzed	65,000	69,000	75,000

Industrial Waste/Pretreatment

2026/27 Budget - 14 % of Budget

This program administers 19 significant Industrial Waste Permits, ensuring timely and professional execution of monthly and semi-annual sampling, inspections, permitting, and reporting activities. All operations meet or exceed the requirements outlined in the TCEQ-approved Pretreatment Program.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Industries managed under permits	19	21	23

Stormwater Quality

2026/27 Budget - 21% of Budget

This program is responsible for the implementation and enforcement of the Stormwater Quality MS4 Permit, the Construction General Permit, and the Multi-Sector Industrial General Permit. The City's state and federal MS4 Permit is actively maintained and operates on a five-year renewal cycle. Routine monitoring is conducted on the city's primary playa lakes to assess pollution levels.

The Multi-Sector Industrial General Permit program oversees 237 regulated industrial facilities, which includes activities such as sampling, inspections, and compliance reporting. Additionally, the program monitors all residential and commercial construction projects to ensure compliance with MS4 requirements and conducts inspections at both industrial and construction sites.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Industrial and construction site inspections	1,751	4,000	4,500

Chemical Inventory

2026/27 Budget - 3% of Budget

This program manages 8,849 chemical items for city departments and generates the Texas Tier II Report annually. The Annual Chemical Inventory for city departments and divisions is conducted each year in December. The results of the 121 inventories are checked for accuracy and completeness to support generation of the primary Annual Texas Tier II Report. Interim Tier II Reports may be required at different times during the year. Performance for the Program is measured by time of response, completeness, and accuracy of the data presented to TCEQ. Attempts to reduce and consolidate reporting to items that are notable in their nature as a human health or environmental concern will reduce performance measures totals in the upcoming years.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total chemical items managed	8,372	7,994	8,200

NELAC Drinking Water Bacteriology

2026/27 Budget - 10% of Budget

9,332 drinking water samples are analyzed each year to protect over 250,000 people living in the upper Panhandle Region. We also serve regional bottled water companies. We maintain TCEQ NELAC accreditation for bacteriology and provide the state with all applicable reports in a timely and accurate manner. The laboratory applied for additional accreditation in February 2026 for the analysis of heterotrophic plate count (HPC) via Simplate method. This will likely increase sample volumes.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Total bacteriology samples processed	8,456	6,957	8,500

Household Hazardous Waste

2026/27 Budget – 1% of Budget

This team safely and responsibly manages approximately 4,990 pounds of chemical products delivered by residents annually and ensures compliance with all required state reporting. Products deemed safe for consumer reuse are recycled and made available to the public at no cost, while hazardous or prohibited materials are properly transported to a certified Hazardous Waste Disposal Facility.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Pounds of chemicals managed	4,753	4,990	5,240

Mission

The Solid Waste Collection Division's mission aligns with the pillars set forth by the City Council, focusing on Business-Friendly Community, Fiscal Responsibility and Infrastructure. We are dedicated to safely and efficiently collecting residential and commercial solid waste within Amarillo, adhering to state regulations and municipal

ordinances. By embracing technology and innovation we strive to become more efficient, sustainable and responsive. Our commitment to excellence ensures the health and safety of our community while delivering reliable service.

Goals & Objectives

The Solid Waste Collection Division utilizes a fully automated, containerized trash collection system for the majority of its residential and commercial customers. Funding was dedicated during the FY 24/25 budget to transition residents who still receive hand collection service to polycarts. That process has begun and is currently underway. The city also has a curbside collection program for the removal of bulky household items like furniture, appliances, and tree limbs. The division also operates a bulk alley cleanup program for the removal of illegal dumping in alleys.

Programs of Solid Waste Collection

Department Administration/Support

2026/27 Budget – 5% of Budget

Administration/Support is responsible for the management of the multi-faceted Solid Waste Collection Division.

Residential Collection Services

2026/27 Budget – 47% of Budget

The city provides residential collection using side-load dumpsters, curbside cart collection, as well as curb-side bag collection in neighborhoods without alleys.

Each 3-cubic-yard, side-loader dumpster for solid waste disposal, will generally serve three to five households. At present, there are approximately 18,000 of the 3-cubic-yard, side-loader dumpsters serving approximately 64,000 residences within the city limits.

Workload Indicators:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Single Family Residential Households - Dumpsters	59,369	67,500	70,100
Single Family Residential Households – Curbside Cart	6,432	8,600	8,800

Recycling Centers

2026/27 Budget – 1% of Budget

Four Household Collection Sites are cleaned and maintained. The centers accept used motor oil, oil filters, and aluminum cans. The recycling centers are cleaned, and the oil filters are removed at least twice per week by the Chipper Crew.

Big and Bulky Collection Crews and Roll-Off Sites

2026/27 Budget – 16% of Budget

The Curbside Big and Bulky program allows customers to contact the Solid Waste Collection Department to schedule pick-up of big and bulky items from their curb. Once a customer calls Solid Waste, they are given a date to set out their items and the crew collects the items from their curb. The city operates seven knuckle booms for curbside big/bulky collection. Two bulk alley cleanup crews remove illegal dumping from alleys. the Big and Bulky Collection Crews have finished all curbside requests, they divert their efforts to alleys as well. The city also has eight locations for residents to dispose of their bulky waste. The Roll-Offs are conveniently located at the Public Libraries and several City Parks. Each location has two or more Roll-Offs set for residential use.

Performance Measures:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Miles of alleys cleaned	650	650	900
Curbside big & bulky pick-up requests	36,797	37,900	38,950
Curbside service requests completed	35,664	37,000	38,900
Roll-off containers emptied	10,200	16,500	20,000

Brush Sites

2026/27 Budget – 3% of Budget

The city operates two brush sites for residents to dispose of their tree limbs and brush. The brush and limbs at these two locations are processed and transferred to the compost facility at the City of Amarillo Landfill. The brush sites provide organic material needed for the compost site at the landfill. The compost facility produces woodchips that are available for residents, this comes from utilizing the materials collected from the city's brush sites to grow this program. The compost site will allow the citizens and businesses of Amarillo to divert waste from the Landfill to the compost site, expanding the life of the Landfill.

Performance Measures:	**2024/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**
Total tons diverted from the Landfill (brush sites)	3,500	4,000	4,600

*Brush sites do not have scales; these numbers are from the scales located at the landfill.

Dumpster Repair and Replacement Operation

2026/27 Budget – 12% of Budget

The Solid Waste Collection Department operates a container repair and painting operation.

Performance Measures:	**204/25 Actuals**	**2025/26 Estimated**	**2026/27 Projected**

Dumpster service requests	4,000	240	200
Dumpsters repaired	2,800	1,400	1,000
Dumpsters replaced	1,400	2,400	3,000

Commercial Collection Services

2026/27 Budget – 16% of Budget

Commercial Collection Services serve approximately 3,316 business customers using either 8-cubic-yard front-loading containers or 3-cubic-yard side loading dumpsters. Smaller businesses and apartment complexes utilize the smaller 3-cubic-yard side-loading containers. Due to very competitive pricing from private commercial haulers with three-year term contracts and national chain service agreements, the commercial collection service has seen a decrease in customers and service from past years.

Mission

The Solid Waste Disposal Division of Amarillo is committed to ensuring the safe and efficient processing, transportation, and disposal of solid waste in compliance with all applicable regulations. By aligning operations with City Council Pillars set forth, solid waste disposal enhances a business-friendly community with consistent, reliable services. Prioritizing infrastructure, we strive to maintain the highest standards of operation at our Transfer Station and Landfill facilities, contributing to citizens and businesses in Amarillo and neighboring communities.

Goals & Objectives

The Solid Waste Disposal department operates a Transfer Station that receives the refuse from commercial and residential collection vehicles. The Transfer Station is centrally located within the city limits of Amarillo, at the City Service Center, and reduces the overall transportation costs of hauling refuse to the Landfill. The Landfill strategic approach is to maintain compliance with federal and state environmental laws while serving the needs of the citizens of Amarillo through efficient waste disposal.

Programs of Solid Waste Disposal

Transfer Station

2026/27 Budget — 36% of Budget

The Transfer Station provides a central location to efficiently transfer refuse from the collection routes to the Landfill for disposal.

Landfill

2026/27 Budget — 64% of Budget

The Landfill weighs, compacts, and covers all incoming refuse. The Landfill recycles appliances, miscellaneous metals, used tires, etc. The facility must collect air samples, groundwater samples, surface water run-off samples, and water well samples to assure compliance with federal, state, and local permit operating regulations. The Amarillo Landfill has an expected life of approximately another 108 Years.

Solid Waste is actively pursuing ways to reduce, reuse and recycle to expand the Landfill's lifespan. One such effort is the composting site located at the landfill. The compost facility produces quality compost and woodchips is available for residents, this comes from utilizing the materials collected from the city's brush sites to grow this program. The compost site allows citizens and businesses of Amarillo to divert waste from the Landfill to the compost site, expanding the life of the Landfill.

A tire-shredding program is now being utilized at the Landfill. Prior to disposal, the tires are shredded two to three days out of the week. Approximately 50 - 150 tires are shredded per week. Once the tires are shredded the tire chips are placed in the Landfill, reducing the amount of space consumed. A decrease is expected due to the advertising of alternative tire disposal methods.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of Incoming Loads	58,577	68,400	69,800
Tons of Solid Waste Received	284,107	296,300	302,200
Used Tires Brought to Landfill (From Public and Transfer Station)	2,500	4,400	4,500

Mission

The Drainage Utility Division of Amarillo is committed to upholding the pillars set forth by the City Council by prioritizing collaboration, efficiency, and exceptional customer service in managing the city's drainage system. Our mission is to work cooperatively with stakeholders to ensure the safety and

efficiency of the drainage infrastructure while serving our customers with respect, courtesy, and responsiveness.

We strive to identify and address drainage issues proactively, utilizing best practices and innovative solutions to mitigate flood risks. By fostering collaboration with residents, businesses, and other city departments, we aim to enhance the resilience of our drainage system and minimize the impact of adverse weather events.

Goals and Objectives

The Drainage Utility Division supports the City of Amarillo's Council pillars by maintaining and improving the City's stormwater infrastructure to ensure a safe and sustainable community. In support of Infrastructure and Public Safety, the division works to mitigate the risk of flooding, minimize erosion, and protect property through proactive maintenance and system upgrades.

By using data-driven assessments, prioritizing critical projects, and adopting cost-effective solutions, the division upholds Fiscal Responsibility. It also embraces Technology and Innovation by using inspection tools and system monitoring to improve performance.

The principal guidance documents that aid in the division's planning and operations are the City of Amarillo Drainage Utility Study (June 2019), the Martin Road Lake Storm Water Master Plan (November 2013), the Tee Anchor Drainage Master Plan (July 2014), the Storm Water Management Master Plan (April 1993), and the Storm Water Management Criteria Manual (April 1995).

Programs

Drainage Utility Administration/Support

2026/27 Budget - 18% of Budget

Provide administration and support to the drainage utility system through infrastructure planning, implementing best practices, and utilizing the city's safety programs.

Workload Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Number of Service Requests Received	340	326	333

Drainage Infrastructure and Maintenance

2026/27 Budget - 63% of Budget

Meet the infrastructure planning, safety programs, civic pride, and best practices initiatives of the City of Amarillo by inspecting, maintaining, and repairing the drainage system. Maintain the drainage system for operational efficiency and provide for the safest transport and removal of storm waters.

Performance Measures:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Storm Sewer Pipe Inspected, Cleaned, or Repaired (Linear Feet 898,339)	28,502	49,079	224,584
Drainage Channel Maintenance, Cleanup, Vegetation Control, and	251,865	306,068	278,966

Performance Measures:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Mowing (Linear Feet)			
Curb and Gutter Repair and Replacement (Linear Feet)	6,520	6,429	6,475
Concrete Alley Approach, Driveways, and Channels Repair and Replacement (Square Feet)	4,813	4,215	4,514
Drainage Inlets inspected, cleaned or repaired (3,955 inlets)	804	1,689	1,247
Manholes inspected, cleaned or repaired (642 manholes)	15	118	155

Environmental Maintenance

2026/27 Budget - 19% of Budget

Sweep streets regularly to improve customer service and reduce contaminants regulated by state and federal agencies. Cover approximately 20,000 centerline miles of curbed streets.

Performance Measures:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Central Business District Streets Swept (Curb Miles)	3,189	2,952	3,071
All Other Streets Swept (Curb Miles)	1,537	2,090	1,815
Street Sweeping Material and Debris Collected (Cubic Yards)	9,425	7,535	8,480

Mission

The mission of the Public Works Department is to provide strategic leadership, administrative support, and efficient management. We aim to ensure the reliable delivery of essential services that uphold the highest standards of safety, sustainability, and community well-being. Guided by the City Council's pillars, we are committed to fostering a business-friendly community through streamlined infrastructure support, promoting transparent communication with the public and stakeholders, ensuring fiscal responsibility through efficient resource management, enhancing infrastructure to meet current and future needs and embracing technology and innovation to drive continuous improvement and operational excellence.

Goals & Objectives

The primary function of the Public Works Department is to provide administrative support and managerial direction to the five divisions within the Public Works Department, which are: Drainage Utility, Fleet Services, Solid Waste Collection & Disposal, Streets, and Traffic. The Public Works Department provides coordination, operational direction, and administrative support to these departments. These responsibilities include strategic planning, program coordination, contract management, quality, safety, and environmental systems, community outreach, and budget management. These functions are accomplished through the department's singular program of Administration & Support Services.

Mission

Facilitate safe, well-planned community improvements. The Department acts with integrity, accountability, and transparency to provide the highest level of service for the production of well-planned, well-designed, safe, lasting, and useful infrastructure.

Goals & Objectives

CP&D Engineering is a full-service department made up of a team of professionals in the fields of surveying, drafting, GIS, project management, construction inspection, engineering, and administration.

CP&D Engineering provides Customer Service to the citizens of Amarillo, engineering services to other city departments, and regulatory oversight to private development. The department commits to the health, public safety, and welfare of the general population by ensuring compliance with laws and regulations governing the design and construction of public drinking water production and supply systems; public wastewater collection, treatment, and disposal systems; public stormwater infrastructure; public solid waste disposal systems; and the public right-of-way.

CP&D Engineering contributes to the overall efforts of the city's Infrastructure pillar and Business Friendly Community pillar by planning, designing, and constructing public improvements such as streets, drainage, water, and wastewater. CP&D Engineering embodies the Fiscal Responsibility pillar by initiating and evaluating the success of a multi-year citywide infrastructure plan—Community Investment Program (CIP). The CIP focuses on infrastructure planning, design, and construction utilizing best practices. That plan includes collecting and evaluating statistical data and maintaining licensed and certified design and project management staff to make recommendations on the maintenance, expansion, and funding of the infrastructure needs of the community.

CP&D Engineering strives for Excellence in Communication with the public, contractors, and private development partners. CP&D Engineering provides a safe work environment that encourages the growth of loyal employees who respect each other. The department holds the highest ethical standards and performs in ways that earn the trust of others by acknowledging that decisions affect all residents of Amarillo. The department was created in the 2015/16 fiscal year by combining the engineering functions from the Utilities and Engineering departments.

Programs of the CP&D Engineering Department

Department Administration/Support

2026/27 Budget — 23% of Budget

Provides oversight and management of the design and construction of capital projects and development for the city and its extraterritorial jurisdiction (ETJ). This program ensures best practices are used in the design process and construction of public infrastructure. Performance measures include meeting contractual processing times for project payments, change orders, and project acceptance letters.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Capital construction projects accepted	7	14	15
Active capital projects	73	47	60
Development infrastructure projects accepted	29	35	35
Engineering consultant contracts administered	40	26	35

Capital Project Planning

2026/27 Budget — 3% of Budget

Provides other departments with technical expertise for long-term planning and budgeting associated with their capital project needs. Provides guidance and expertise for management and elected officials to evaluate and prioritize projects in alignment with the long-term plans for the City. Develop and

present the Community Investment Program (CIP) that focuses on capital planning, design, and construction scheduling utilizing best practices and conforming to the strategic goals of the City as outlined by the elected officials.

Capital Improvement Projects	Estimated Number of Projects	Estimated Value of Projects
2025/2026 Capital Projects Proposed	58	$108,963,376

Capital Project Design

2026/27 Budget — 34% of Budget

Provides city departments with design and bidding phase services for capital projects, including land acquisition, the production of technical specifications, plans, detailed estimates, and contract documents.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Value of street projects designed	$19,775,000	$20,260,000	$40,610,000
Value of storm drainage projects designed	$5,000,000	$49,000,000	$8,000,000
Value of water main designed	$2,000,000	$14,000,000	$5,620,000
Value of sewer main designed	$2,500,000	$686,000	$17,670,000

Project Construction

2026/27 Budget — 26% of Budget

Provides construction phase services to other departments for the construction of capital and development projects including project management, payment recommendation, field inspection, and project testing.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Lane miles of arterial constructed	2	7	17
Miles of residential streets constructed	1.9	5.74	9.1
Lane miles of streets resurfaced	84	167	92
Miles of storm sewer constructed	2.62	3.66	12.72

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Miles of water main constructed	10.48	14.72	21.91
Miles of sewer main constructed	6.82	21.61	13.38

Development Services Administration

2026/27 Budget — 6% of Budget

Provides the public with services associated with planning for, establishing, and enforcing applicable laws and regulations for the design and construction of public infrastructure by private developers. This process includes maintaining the technical specifications for the construction of public infrastructure, flood plain administration, contract administration, review of technical documents, project inspection, and project testing.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Development construction plans reviewed	25	26	26
% reviewed on time	96%	97%	95%
Development drainage reports reviewed	18	10	10
% reviewed on time	98%	96%	95%

Right Of Way (ROW) Management

2026/27 Budget — 9% of Budget

Provides the management of the public ROW, which includes acquiring needed ROW, mapping existing and proposed infrastructure, and planning for and permitting construction in the public ROW. Utilizes best practices by collecting data on the use of the public ROW to develop and enforce fiscally responsible construction methods, keep the public informed, facilitate public safety, and plan for the future of public ROW.

**ROW Permits represent a minimum of 5 inspections each*

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**

Mission

The Planning Department works to enhance the quality of life for City of Amarillo residents by providing services that encourage quality growth, development, and redevelopment in all areas within the city and its extraterritorial jurisdiction. The Department meets the needs of residents by

implementing Council-enacted ordinances for subdivisions, zoning, site development, neighborhood revitalization, and economic development.

The Planning Department's work is organized by the following four focus areas: Long-Range Planning, Current Planning, Grants, and Economic Development.

Goals & Objectives

The Planning Department is guided by the goals and objectives provided by Amarillo's Comprehensive Plan, *City Plan – Vision 2045,* adopted by City Council in June 2024. This document serves as the overall community vision and policy guide for directing growth and development.

The goal areas include Growth Management and Capacity, Place Making – Neighborhoods and Districts, Community Character, Mobility, and Parks and Cultural Resources.

The Planning Department is also responsible for administering and implementing a number of other Council-adopted plans, policies, and ordinances including the neighborhood plans, Downtown Strategic Action Plan, Downtown Urban Design Standards, zoning ordinance, subdivision ordinance, and economic incentive policies.

Most of the department's processes are required and/or guided by state law.

Key objectives for FY 2026/27 are provided below along with the associated Council Strategic Pillars:

- Continue Implementation of *City Plan – Vision 2045* including neighborhood plan updates and selected revisions of the zoning and subdivision ordinances for consistency with the community's vision for growth **(Communication, Fiscal Responsibility, Infrastructure, and Business Friendly Community);**
- Further development of proactive business recruitment and expansion efforts including marketing, site visits, TIRZ support, Business Improvement Grants, and Neighborhood Empowerment Zones **(Business-Friendly Community);**
- Excellent customer service related to development application processing that is timely, helpful, and transparent **(Communication, Business-Friendly Community);**
- Create and maintain datasets and analysis processes to further data driven decision making **(Technology and Innovation);**
- Enhance the Community Data Profile and Economic Development Dashboard with reliable, consistent, and accurate data **(Communication);**

- Enhancing integration and streamlining online permitting software (MGO) and economic development project management software **(Business-Friendly Community, Technology and Innovation);**
- Continued promotion of the Pre-Application Conference (PAC) process and incorporating the additional outreach to development community stakeholders to help advise on any needed changes to standards or policies **(Communication, Business-Friendly Community); and,**
- Work with other departments to secure one major infrastructure grant ($5M+) and three smaller ($50K+) grants benefiting any department priorities **(Infrastructure).**

Programs of the Planning Department

Planning and Development Services Administration/Support 2026/27 Budget — __% of Budget

This program provides for the management of staff and resources necessary to provide customer service to citizens and facilitate the development application review process. This program includes program administration, office supplies and equipment, professional development, and training.

Boards/Commissions Support 2026/27 Budget — __% of Budget

The Planning Department serves as a liaison to various development and economic development-related boards/commissions, public meetings, and public committees/groups as necessary to administer the review and approval of development-related applications. These include the Planning and Zoning Commission; Board of Review for Landmarks, Historic Districts, and Downtown Design; Tax Increment Reinvestment Zones #1, #2, and #3; Zoning Board of Adjustments; Neighborhood Plan Oversight Committee; and steering committees created for plan process oversight. Planning staff also facilitate public meetings for active neighborhood plans and regularly attend neighborhood association meetings for plan implementation support. Staff from all four areas support this program.

Performance Measures/Indicators:	**2024/25 Actual**	
P&Z meetings	23	
LHD&DD Board meetings	4	
ZBA meetings	2	
TIRZ#1 meetings	6	
TIRZ#2 meetings	3	
TIRZ#3 meetings	5	
Long-range planning public meetings and community engagement events	25	

Number of P&Z Commission staff reports	63	
Average # of days to create & distribute P&Z Commission packets	4	

Data
Development and Maintenance
2026/27
Budget — __% of Budget

Data
Development and Maintenance monitor and revise growth and development-related data such as the Community Profile and other data dashboards. It also ensures up-to-date mapping, including the city's official base map and other specialized mapping for transportation, spatial analysis, informational purposes, and annexations. Maintenance of these datasets and maps also provides support to other departments for data requests related to special projects, exhibits, and reports. Staff from all four areas may support this program.

Performance Measures/Indicators:	**2024/25 Actual**	

Number of map amendments or layer created	176	

Ordinance
Maintenance
2026/27
Budget — __% of Budget

Ordinance Maintenance monitors and revises growth- and development-related policies and ordinances as necessary to implement current needs as recommended by development-related decision-making bodies. Staff from all four areas may support this program.

Performance Measures/Indicators:	**2024/25** **Actual**	
Number of ordinance amendments	2	

Long-Range Planning

2026/27 Budget — __% of Budget

Long-Range Planning sets policies to guide growth, development, and investment. These plans are developed through citizen-driven processes utilizing extensive public engagement efforts. Long-Range Planning staff write plans, manage contracts, do citizen engagement, implement plan projects, and write/administer grants.

Performance Measures/Indicators:	**2024/25** **Actual**	
Area within city limit (square miles)	108.759	
Acres annexed	756.74	
Number of comprehensive plan updates/amendments	0	
Neighborhood Plans/Updates initiated	0	
Neighborhood Plans/Updates completed	0	

Other Plans initiated	0	
Other Plans completed	1 (SS4A)	
Grant applications submitted	13	
Grant applications awarded	6	
Grant dollar amount awarded	$1.6 M	

Current
Planning/Development Application Processing and Review
2026/27
Budget — __%
of Budget

Current
Planning/Development Application Processing and Review is the program for administering development-related applications and review processes by staff. This program includes review of applications for plats, site plans, rezonings, certificates of appropriateness, right-of-way licenses, and vacations and dedications. Current Planning staff are responsible for working with citizens to administer Council-enacted regulations within the zoning, subdivision, and other development-related ordinances.

Performance Measures/Indicators:	**2024/25 Actual**	**2 Es**
		In city Limits
Number of cases requiring public notice (zoning, replats, vacations, ZBA)	56	48
Number of subdivision plats processed	78	58
Number of residential lots	618	800
Number of commercial lots	53	36
Number of PAC meetings held	94	

Number of days to conduct completeness check	2	
Number of days to complete initial review of preliminary plans	12	
Number of days for initial plat comments	12	
Site plan cases reviewed	107	
Number of days for site plan initial review	12	

Economic
Development
2026/27
Budget — _% of Budget

Economic Development staff handle
economic development-related incentive requests for the City Council, Tax
Increment Reinvestment Zones, and applications for state and federal programs
needing city approval. Staff also handle economic development research,
marketing materials, general requests for information on city development, economic
development-related pages on the website, as well as other websites such as www.downtowntx.org
to keep relevant Amarillo information listed and current. Staff coordinates
with the AEDC on their projects needing city assistance.

Performance Measures/Indicators:	**2024/25 Actual**	
Taxable values	$20,718,000,000	
Number of new single-family permits	472	
Number of all new permits	598	
Total population	203,950	
Labor force	105,403	
Total taxable sales	$5,305,000,000	

Taxable sales per person (total population)	$26,011	
Business visits	25	
Unemployment Rate (March)	3.1%

Mission

Promotes livability and ensures public health, safety, and welfare in the built environment.

Objectives & Goals

Building Safety's 35 full-time employees are dedicated to protecting public health, welfare, and life safety through timely and professional plan review, permitting, inspections, and Certificates of Occupancy, the Department helps ensure compliance with the City's adopted codes, ordinances, and regulations.

Building Safety staff remains committed to providing responsive customer service and guidance to homeowners, contractors, architects, engineers, developers, and the public regarding code requirements, permitting procedures, and construction standards. The Department also works collaboratively with stakeholders to resolve construction-related concerns and actively engages the community to encourage compliance before and throughout the development and construction process.

In addition, the Department administers Contractor Registration, Transient Business Licensing, Manufactured Home and RV Park Licensing, and investigations of work being performed without required permits (WWOP).

The Department also continues to support and convene the Construction Advisory and Appeals Commission.

Goals for FY 2026/2027

- Working with Office of Innovation and Engagement to make sure web page improvements/updates are regularly made.
- Working with staff and customers to make sure all are fully trained on upcoming software upgrades as MyPermitNow transitions to MGO Connect.
- Improve employee professional development training and retention through updated Pay for Certifications initiative.

Building Safety's mission and operational goals directly support the City Council's adopted Strategic Pillars by fostering a Business Friendly Community through efficient permitting and inspection services; promoting Communication by actively engaging with customers, stakeholders, and the community; and by embracing Technology and Innovation to improve service delivery and operational efficiency.

Programs of the Building Safety Department

Building Safety and Support

The Building Safety Department continues to enhance the level of service provided to the community through reduced plan review and permit processing times, placing an emphasis on thorough and consistent inspections, and ongoing efforts supporting community engagement and preservation. Department priorities remain focused on comprehensive training, professional development, and refining internal workflow processes to improve overall operational efficiency.

Continued enhancements have been made to the Building Safety webpage have helped to improve public access to departmental information, services and informational bulletins. Customer service improvements realized during FY2025/2026 were further supported by current and planned upgrades to permitting software (MGO Connect). Collaboration with the software vendor is anticipated to further streamline operations, enhance staff efficiency, and improve the overall customer service experience.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2025/26 Projected**
Percentage of ICC Certified Plan Reviewers & Inspectors	55%	60%	75%

Process Management: Plan Review and Permit Issuance

Process management initiatives continue to be refined and have contributed to measurable reductions in permit and plan review turnaround times. The Department remains committed to professional development and process improvement through ongoing staff training.

The “Master Plan” program allows high-volume builders to archive pre-approved plans that are frequently reused, reducing subsequent plan review times by approximately 80% while maintaining compliance with adopted codes and standards.

In support of customer service and operational efficiency, the Building Safety team continues to develop and refine spreadsheets, white papers, checklists, guides, and other user-friendly forms and applications designed to simplify requirements, improve consistency, and expedite the permitting process for residents, contractors, and design professionals.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Permits / Plan Review	5348	8250	8660
Trade permit issuance (MEP)	8609	8680	9115
Total value of construction permitted	$743,372,912.74	$536,000,000	$560,000,000
Provisional Permits Issued (all types)	68	60	65
Average calendar days to permit new residential	10	10	10
Average calendar days to permit all commercial	17	17	17

Process Management: Provisional Permits

Building Safety works closely with the City Marshal’s Office and property owners to address dangerous structures in a manner that promotes public safety, neighborhood stability, and community reinvestment. When property owners elect to restore a structure, the department facilitates the abatement process through provisional permitting and compliance with adopted codes and regulations. Once conditions have been met, a courtesy “pre-provisional permit” inspection is conducted prior to the provisional permit being issued.

Successful restoration efforts help eliminate blight, preserve residential and commercial building inventory, support neighborhood revitalization, and return viable properties to productive use and the tax roll. In cases where rehabilitation is not feasible, Building Safety supports the City Marshal’s Office throughout the condemnation and demolition process by issuing provisional demolition permits and conducting the required final inspections.

Inspection Services: Building/Site Inspection

Building Safety currently has two certified Combination Inspectors on staff and continues to encourage additional team members to pursue this professional designation. Combination Inspectors provide significant value to both the department and the development community by performing multiple trade inspections during a single site visit. This streamlined approach reduces the number of required inspections, improves scheduling efficiency, minimizes project delays, and helps contractors keep projects on schedule or ahead of completion timelines through comprehensive, all-inclusive inspections.

Performance Measures/Indicators:	2024/25 Actual	2025/26 Estimated	2026/27 Projected
Total Inspections	34,564	40,505	42,530

Working Without Required Permit (WWOP)

The Building Safety team continues to investigate complaints involving construction activity occurring without the required building and/or trade permits. A dedicated Permit Technician manages incoming complaints, issues notices of violation, and works directly with property owners and contractors to achieve compliance with adopted codes and regulations. The ability to assign dedicated trade inspectors to investigate potential WWOP violations is particularly constrained during peak inspection periods. Establishing a dedicated WWOP Inspector position is recommended to improve enforcement efforts, provide more timely response to complaints, and allow trade inspectors to remain focused on scheduled inspections. Emphasis is placed on education and voluntary compliance by guiding individuals through the steps necessary to obtain the appropriate permits and approvals. When necessary, enforcement measures may be pursued, including the filing of cases in Municipal Court, to ensure compliance and protect public health and safety.

Performance Measures/Indicators:	01/25 – 09/25 Actual	2025/26 Estimated	2026/27 Projected
WWOP Complaints Received/Investigated	461	615	676

Mission

Reduce or eliminate food, water, and vector-borne illnesses through various environmental health programs with an emphasis on education and community partnerships. Our highly trained staff identify and promote the conditions under which people can live in healthy communities and work to build and maintain positive relationships within the Amarillo Area Public Health District.

Goals & Objectives

The Environmental Health Department remains committed to protecting public health through effective regulatory oversight, education, community partnerships, and continuous operational improvement throughout the Amarillo Area Public Health District. As the district continues to experience economic and population growth, the department remains focused on maintaining efficient and responsive services while adapting to evolving state requirements and community needs.

The department continues to prioritize the recruitment, development, and retention of qualified Environmental Health professionals. Maintaining a skilled workforce is critical to meeting state-mandated responsibilities, internal performance standards, and the increasing service demands associated with regional growth and expanded regulatory requirements. To support the future workforce pipeline, the department will continue partnerships with local school districts, Amarillo College, and West Texas A&M University by providing educational outreach, training opportunities, and internships for prospective Environmental Health professionals.

In FY 26/27, the department will continue implementation and monitoring of SB 1008 adopted during the 89th Texas Legislative Session and evaluate its ongoing impacts to Environmental Health operations, permitting structures, and cost recovery efforts related to regulated food establishments. The department will continue identifying fiscally responsible strategies that maintain essential public health services while complying with state limitations related to permitting and fee structures.

Additionally, the department will implement changes associated with HB 2844, which transfers mobile food unit permitting authority to the Texas Department of State Health Services (DSHS). Through an interlocal agreement and cooperative partnership with DSHS, the department will continue conducting inspections of mobile food units operating within the Amarillo Area Public Health District. This collaboration will help ensure continuity of food safety oversight, regulatory compliance, and public health protection while minimizing disruptions to mobile food operators and the communities they serve.

The department will also continue implementation of the Amarillo Area Public Health District cost sharing initiative established in 2026. This initiative promotes equitable distribution of Environmental Health program costs among participating jurisdictions throughout the district while recognizing that these services provide broad public health benefits across the entire region. The department remains committed to responsible financial stewardship through cost recovery models, regional collaboration, and efficient allocation of public resources.

The department remains focused on identifying opportunities to improve operational efficiency through process evaluation, technology integration, staff development, and data-driven decision making. By improving workflows and maximizing available resources, the department seeks to maintain high-quality service delivery while reducing negative public health outcomes related to foodborne illness, waterborne illness, vector-borne disease, environmental hazards, and other public health threats.

In support of long-term program advancement, the department will continue working toward compliance with the Food and Drug Administration (FDA) Voluntary National Retail Food Regulatory Program Standards. Continued progress toward these standards strengthens program quality, supports consistency with national best practices, and improves opportunities for future external funding and program support.

Programs of the Environmental Health Department

Food Hygiene

2026/27 Budget — 55% of Budget

Conducts permitting and inspection of food establishments, to include wastewater pretreatment by use of grease traps, within the Amarillo Area Public Health District. Services include plan reviews, permitting, construction and compliance inspections, routine inspections, sanitary nuisance investigations, investigations of food and waterborne illness and complaints.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Complete food establishment plan reviews within ten calendar days	100%	100%	100%

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Investigate food and waterborne illnesses within one business day	100%	100%	100%
Conduct risk-based inspections on all food establishments	100%	100%	100%
Push proper grease trap maintenance guidelines to all permitted facilities at least two times a year	50%	100%	100%
Total number of completed inspections	5,500	5650	*5,500

***** Due to changes in Texas law under Senate Bill 1008 and House Bill 2844, local jurisdictions now have reduced authority to require permits and conduct routine inspections for certain establishments, resulting in a lower number of inspections within our jurisdiction.

Vector Control

2026/27 Budget — 17% of Budget

Provides treatment of mosquitoes and other disease-causing vectors within Amarillo limits.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Respond and treat valid complaints within one business day	100%	100%	100%
Establish an active mosquito trapping and surveillance program (# of sites)	12	15	18
Conduct surveillance and spray standing water at least two times per week during mosquito season (May-October)	100%	100%	100%
Total acreage treated (pre-treatment)	32	32	40
Total acreage treated (Larvaciding)	60	60	60

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Total acreage treated (Adulticiding)	15,000	61,000	*38,000

*Program is targeting more natural forms of mosquito control and aiming for a reduction in chemical application.

On-site Sewage Facilities (OSSF)

2026/27 Budget — 17% of Budget

Conducts permitting and inspection of on-site sewage facilities within the Amarillo Area Public Health District. Services include plan reviews, construction, and compliance inspections, permitting, and investigations of sanitary nuisance complaints.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Complete permit application review within seven business days	100%	100%	100%
Complete all inspection requests within one business day	100%	100%	100%
Investigate complaints within three business days	100%	100%	100%
Total number of new permits	600	575	*545

*Economic impacts lowering permit applications received.

Recreational Water

2026/27 Budget — 5% of Budget

Conducts services related to the permitting and inspection of public swimming pools within the Amarillo Area Public Health District. Services include plan reviews, construction, and compliance inspections, permitting, routine inspections, and investigations of waterborne illnesses and complaints.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Complete public swimming pool plan reviews within ten calendar days of request	100%	100%	100%

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Inspect all annual public pools at least two times per year	100%	75%	100%
Attend hotel owner meetings two times per year	100%	100%	100%
Attend apartment association meetings two times per year	100%	100%	100%
Total number of completed inspections	450	500	500

Administration and Support

2026/27 Budget — 4% of Budget

Manages and provides support to all staff to ensure appropriate and timely service delivery by assisting with data entry, customer interaction, technical guidance, and other administrative duties; furthermore, engaging the community and our partners to share resources and provide education and training on important public health and safety topics. Outreach includes program safety courses, association meetings, career days/fairs, and other community-based engagement and outreach presentations.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
All permit and license applications will be entered into the database within the same day of receipt	100%	100%	100%
Once permits and licenses have been processed, they will be sent to the permit/license holder within thirty days	100%	100%	100%
Attend at least two Panhandle Restaurant Association regular meetings to conduct education and/or updates	100%	100%	100%

Public Health Nuisances

2026/27 Budget — 1% of Budget

Investigates and mitigates threats to public health and the environment.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Investigate sanitary nuisances within three business days	100%	100%	100%
Issuing orders to reset water meters within one business day of resolution of sanitary nuisance	100%	100%	100%

Group Care

2026/27 Budget — 1% of Budget

Provides permitting and inspection of Day Care Centers and Foster/Adoption homes.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Conduct inspections within ten business days from request	100%	100%	100%
Conduct required reinspection's within three business days	100%	100%	100%
Conduct complaint investigations within three business days	100%	100%	100%

Mission

To provide the public with access to official and vital records in a courteous, professional, and legally compliant manner. We are committed to serving the best interests of the City of Amarillo by delivering efficient, innovative, and high-quality services with fairness and impartiality to all.

Strategic Approach

The Vital Statistics Department of the City of Amarillo is dedicated to preserving the integrity, accuracy, and security of birth and death records for individuals within Amarillo city limits and Potter County. Our mission is supported by a strategy that emphasizes timely service, legal compliance, and

exceptional customer care. We continuously seek to improve operational efficiency through staff development, the adoption of secure technologies, and proactive engagement with our community.

As part of the City's ongoing investment in modernization and service excellence, the Vital Statistics Department now operates from the newly constructed City Hall, which includes a state-of-the-art high-security vault. This facility—featuring concrete-reinforced walls and a controlled badge-access system with one-way entry and separate exit—ensures that vital records remain protected, confidential, and well-preserved for future generations.

An additional enhancement at the new location is a dedicated Acknowledgment of Paternity (AOP) room. This private, secure environment provides individuals with the dignity and confidentiality needed to complete sensitive legal documentation. The department currently has three certified staff members authorized to process AOP forms, two of whom are bilingual—ensuring both compliance and compassionate service to our diverse community.

To further improve record accuracy and service delivery, the department utilizes the **TxEVER** system (Texas Electronic Vital Events Registrar), a statewide electronic platform that allows real-time data entry, verification, and management of birth and death records. TxEVER enhances the integrity of our data and ensures full compliance with regulations established by the Texas Department of State Health Services.

We are proud to serve our community with a team of bilingual clerks and certified Deputy Registrars. Their cultural awareness, language skills, and technical expertise ensure every resident has equitable access to services and support in both English and Spanish.

For added convenience, the department continues to offer secure online record requests through **Permitium**, a user-friendly platform that enables remote access to vital documents. We also process traditional mail-in applications, providing multiple pathways to accommodate the varied needs of our residents. By integrating both digital and in-person service models, we uphold our commitment to efficient, inclusive, and accessible public service.

Programs of the Vital Statistics Department

Birth Records

2026/27 Budget — 48% of Budget

The Vital Statistics Division provides certified copies of birth records for individuals born within Texas. Our services also include certifying home birth records, processing record amendments, and administering acknowledgment of paternity (AOP) requests. We remain focused on timely, accurate, and respectful service delivery—balancing legal compliance with customer care.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Birth Records Issued	11,721	11,525	11,700
Attendance of annual conference	2	2	2
Deputy Registrar Certification	2	2	2

Death Records

2026/27 Budget — 28% of Budget

This program supports families, funeral homes, and legal entities by issuing certified copies of death records in compliance with local, state, and federal regulations. Services include issuing fetal death certificates, processing amendments, and granting burial transit permits—always with a commitment to confidentiality, accuracy, and compassion.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Death Records Issued	3,681	4,049	4,100

Attendance of annual conference	2	2	2
Death Registrar Certification	2	2	2

Qualified Applicant Determination

2026/27 Budget — 24% of Budget

This program ensures that vital records are released only to individuals who meet the legal qualifications outlined in Texas state law. By carefully verifying identity and eligibility, we safeguard the privacy of sensitive personal information.

Birth records remain confidential for 75 years, and death records for 25 years. During this time, only qualified applicants may request copies. These include the registrant, immediate family members, legal guardians, or legal representatives. In certain cases, government agencies or individuals with a direct legal interest may also qualify, in accordance with Section 181.11 of the Texas Health and Safety Code.

Performance Measures/Indicators:	**2024/25 Actual**	**2025/26 Estimated**	**2026/27 Projected**
Lobby Orders	13,419	13,570	13,600

Mission

Committed to
improving the community, alleviating poverty, and finding lasting solutions to homelessness.

Goals & Objectives

Community
Development is focused on three components to assist the Amarillo community in the goal to combat poverty and homelessness which includes housing, administration of federal and state grant programs, and homeless services.

Community
Development actively participates in the City's Strategic Pillars and Milestones. Specifically, Community Development has prioritized Pillar Two: Communications, focusing on customer service to internal and external partners. Pillar Four: Infrastructure in our ongoing partnerships with the Parks and Planning departments. Lastly, Pillar Five: Public Safety is a significant focus with the frontline work being undertaken by our Homeless Outreach team and our collaboration with Transformation Park.
Making contacts, cultivating positive relationships, and supporting law enforcement has contributed to a positive partnership to make our community safer.

Programs of the Community Development Department

Housing

2026/27 Budget — % of Budget

According to
the most recent U.S. Census Bureau data, Amarillo's estimated poverty rate was 15.8%, meaning nearly 32,000 residents live below the poverty line. Many households experience a cost burden—spending over 30% of their income on housing—or a severe cost burden, spending more than 50%. These challenges leave families just one emergency away from housing instability.

Amarillo's
Housing program was established to provide safe, decent, and sanitary housing for eligible low-income families while ensuring rents remain fair and reasonable. Housing has a positive impact on Strategic Pillar One: Business Friendly Community. Administering hundreds of new and ongoing vouchers not only benefits tenants but also helps local landlords grow and sustain their businesses.

The
Housing team experienced tangible successes in 2025. The Family Self-Sufficiency (FSS) Program celebrated the successful graduation of three participants who completed the voluntary five-year program focused on achieving economic independence. Through goal setting, financial coaching, and structured savings incentives, these participants made meaningful progress toward

self-sufficiency. As a result of their efforts, a combined total of $23,971 in escrow funds was earned by and distributed among the graduates, reflecting both their commitment and the program's impact in supporting long-term financial stability.

Additionally, the HUD-Veterans Affairs Supportive Housing (VASH) achieved a significant milestone by housing 148 more Veterans than in the previous year, reflecting our continued commitment to expanding access to stable, supportive housing. Through the effective utilization of VASH vouchers, we have strengthened our efforts to provide long-term housing stability for Veterans in our community. This progress underscores our dedication to honoring and supporting those who have served our nation by ensuring they have a safe and secure place to call home.

Program Allocations:	**2024/25 Actual**	
Administration	$986,975

Total Units/Vouchers Available	18,912	
Leased Units/Vouchers Issued	13,283	

VASH Units (Veterans)	1,336	

Entitlements
(HOME & CDBG)
2026/27 Budget
— % of Budget

Entitlement programs include CDBG (Community Development Block Grant) and the HOME Investment Partnership programs. In addition to the cost burden experienced by low-income households, ensuring safe housing that is in good repair is another demonstrated need in Amarillo. Nearly 65% percent of the total housing units were built prior to 1980, creating a need for rehabilitation of some units along with the construction of new, decent, and affordable units for low-income families.

A portion of the CDBG entitlement supports the CARE housing repair program, assisting elderly, disabled and other low-income homeowners, to provide critical home repairs enabling families to remain in their homes. CDBG also provides for needed demolition and clearance projects along with a variety of public services.

This year, Community Development completed two major community improvement projects that enhance accessibility and quality of life in Amarillo's neighborhoods. In October, we opened a new, accessible playground in Thompson Park, on the site of the former swimming pool. This vibrant recreational space was made possible through CDBG funding and in partnership with the Parks and Recreation Department.

Additionally, Community Development partnered with the Planning Department to complete a long-awaited sidewalk improvement project in the North Heights neighborhood. Community Development remains committed to using future CDBG funding to support infrastructure and accessibility improvements in additional neighborhoods within our designated target areas.

HOME funding supports low-income households by providing rental assistance with a focus on self-sufficiency and by financing the construction of new, affordable housing units. These efforts help address the critical need for safe, modern, and affordable housing in Amarillo. By expanding housing options and improving

housing quality, HOME-funded programs play a vital role in reducing poverty and enhancing the overall quality of life for residents.

Homeless Services
(CoC, HMIS, ESG, & Coming Home, PREP Academy)

2026/27 Budget — % of Budget

The 2026 Point in Time count, which is a 24-hour snapshot of homelessness, revealed that Amarillo had 728 individuals experiencing homelessness on a single night in our community. This number was an increase of 87individuals from the 2025count. While the overall count increased +87, the data show that for the first time in four years, more people utilized shelter (418) than those unsheltered in places not meant for human habitation (310).

-

On April 23, 2026, Transformation Park celebrated its first anniversary as a safe, low-barrier shelter for many unsheltered people of the community. In its first year of operation, Transformation Park provided shelter for more than 300 unduplicated individuals, moved 82 residents into the cabin community, assisted 35% of cabin residents secure employment, and helped 13 residents transition into permanent housing or rehabilitation programs.

The Continuum of Care (C.O.C.) is a collaboration of all homeless service providers in the city of Amarillo. The C.O.C. is charged with developing a community plan to organize and deliver housing and services to meet the specific needs of people who are homeless as they move to stable housing and maximize self-sufficiency. The Community Development Department is the lead agency and collaborative applicant responsible for the C.O.C.. The mission of the C.O.C. is to build a stronger community through collaborative solutions to ensure homelessness is rare, brief, and non-recurring.

Another key component is the Community Development's management of the Homeless Management Information System (H.M.I.S.). HMIS is a locally administered, electronic data collection system that stores information about persons who access the homeless service systems in a Continuum of Care. It is very important for the C.O.C. to collect and share this data to strengthen the collaborative effort to end homelessness.

The Coming Home program is a homeless service program, adopted to assist those experiencing homelessness in Amarillo. Since November 2018, the Coming Home Program has served hundreds of individuals experiencing homelessness through supportive housing case management, outreach, and housing navigation services.

With the addition of HOME-ARP funding, Coming Home has expanded its scope to serve not only individuals experiencing homelessness, but also other qualifying

populations identified under the HOME-ARP guidelines. The HOME-ARP program has assisted 100 households since its initiation and has partnered with local organizations to provide services such as financial literacy classes and counseling.

The Extreme Weather Assistance Fund, approved by City Council, supported critical services during the 2025-2026 winter season. Through this funding, the program documented 536engagements, including transportation to emergency shelters and the distribution of essential cold-weather supplies. This life-saving outreach helped ensure that individuals at risk of severe injury or death from exposure were able to access shelter or receive the critical supplies needed to survive dangerously cold temperatures. Additionally, the funding enabled the Coming Home team to provide Shelter services during Winter Storm Fern at the Guyon Sanders Resource Center. The shelter reported an average of 100 individuals per night over 3 nights of activation.~~A~~

The Emergency Solutions Grant (ESG), funded by the Texas Department of Housing and Community Affairs (TDHCA), supports critical services for individuals experiencing homelessness or at risk of losing their housing. In Amarillo, ESG funding is used to provide targeted street outreach and rapid re-housing assistance, ensuring individuals are quickly identified and connected with stable housing solutions. Early intervention is essential to achieving positive outcomes and long-term housing stability. This year, Community Development received a continuing award in recognition of strong performance during the most recent grant cycle.

PREP 2.0 is a phased employment-readiness and workforce stabilization initiative designed to support individuals facing barriers to entering and maintaining employment, including those experiencing or exiting homelessness, individuals with justice involvement, limited recent work history, or other barriers to stability. The updated model builds on the original PREP Academy by providing a structured pathway that includes readiness and documentation support, job-readiness training, transitional work and stabilization opportunities, City Work Placement, and retention follow-up. Participants receive case management, workforce skill development, resume and interview preparation, support obtaining employment-related documents, and coaching to strengthen communication, reliability, and workplace readiness. Through partnerships such as Bridging the Gaps and City of Amarillo departments, participants can build recent work history, gain supported work experience, and prepare for long-term employment. PREP 2.0 supports individual growth while contributing to Amarillo's workforce development goals by helping participants move toward employment, housing stability, and self-sufficiency.

Each program and system work cooperatively to combat and prevent homelessness in Amarillo.

Mission

Promoting and protecting health while preventing disease with integrity and compassion for our community.

Vision

We believe in equitable health for all.

Goals and Objectives

Amarillo Public Health (APH) receives primary local funding through the Amarillo Hospital District, which supports essential public health activities not otherwise funded through Federal, State, or local grants. These funds allow the department to maintain critical infrastructure, respond to emerging public health needs, and sustain services that protect the health and safety of the community.

APH collaborates with the Texas Department of State Health Services to manage budgets, work plans, and deliverables for more than 20 grants. Additional support from private granting agencies strengthens targeted programs and creates opportunities for future funding partnerships. Through these funding sources, APH fulfills responsibilities under Texas law and local ordinances while implementing innovative, community-focused public health strategies.

The department also receives limited revenue through service fees. Fees are intentionally kept low to maintain access to care and services for the community while balancing operational needs.

APH prioritizes fiscal responsibility, communication, preparedness, and public safety. The department continues to strengthen public health outcomes through technology, innovation, collaboration, and investment in public health infrastructure.

Programs of Amarillo Public Health

Administration/Support

2026/27 Budget

Public Health Administration provides oversight of daily operations and support for departmental activities, with a workforce of 56 public health professionals supporting nearly 20 grants and multiple public health initiatives.

The Director of Public Health also serves as the Amarillo Area Public Health District Director. In 2019, the Amarillo Area Public Health District expanded to include Timbercreek Canyon, Lake Tanglewood, Bishop Hills, and Palisades. The Cooperative Agreement was updated in both 2019 and 2023 to support regional collaboration and public health coordination.

Communicable Disease

2026/27 Budget

The Communicable Disease Program conducts epidemiology, public health follow-up, provider coordination, outbreak response, and community education. More than 88 conditions are reportable to APH under Texas law, with approximately 45 or more conditions reported annually.

Program staff investigate each report to ensure patient and community safety, provide education and treatment recommendations, identify contacts when necessary, and respond to outbreaks. APH also leads PanIC, the Panhandle Infection Control group, supporting regional collaboration and preparedness.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Total number of cases worked	1,062	900	900
Number of Notifiable Conditions Investigated	502	475	475
Disease investigations are reported to the Texas Department of State Health Services within the required time. (State average 82%)	90%	95%	95%

Reported January – December and Perinatal Hep B reported Sept-Aug

Immunization

2026/27 Budget

The Immunization Program provides adult and childhood vaccinations through both clinic-based and mobile services, conducts outreach and education, and performs school and daycare immunization compliance assessments.

The mobile clinic targets shelters, low-income housing areas, community centers, and public events to increase access to vaccines. APH provides a full range of recommended immunizations, including vaccines for Hepatitis A and B, DTaP, Polio, Flu, MMR, HPV, Meningococcal disease, COVID-19, Rabies, and others, totaling 19 vaccine types.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Patients seen	5958	7,000	7,000
Vaccines given	20514	20,000	20,000
Number of Outreach Events	100	160	160
Total Number of Vaccinations at Outreach Events	828	1300	1300

Reported October – September

Refugee Health

2026/27 Budget

The Refugee Health Program provides comprehensive health screenings for newly arrived refugees within 90 days of arrival, including tuberculosis testing, medical history review, physical assessments, immunizations, referrals, and assistance with medical documentation for immigration processes.

Although changes in federal policy are expected to reduce refugee arrivals, APH remains committed to supporting current refugee populations as long as services are needed. Funding for this program remains uncertain.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
VOLAG capacity for Primary Refugee arrival	250	0	0
Primary refugees: health screening within 90 days of arrival (%)	91%*	0	0
Green card assistance	212	150	75

Reported October –September

*Texas had a waiver from the Office of Refugee Resettlement to see clients within 365 days of arrival during this reporting period. Under that metric, 100% of clients were seen within their determined eligibility period.

Tuberculosis/Hansen's Control

2026/27 Budget

The Tuberculosis Control Program provides testing, treatment, case management, public health follow-up, and community education for both active and latent tuberculosis cases.

In 2017, APH opened the first Hansen's Disease clinic in the Texas Panhandle. Grant funding obtained through the Texas Department of State Health Services in 2018 supports continued care coordination and medication management for Hansen's Disease patients across the region.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
TB skin tests were placed	622	650	650
Latent Tuberculosis patients seen in clinic	82	100	100
Latent Tuberculosis therapy completion rate	92%	85%	85
Active Tuberculosis patients seen in clinic	4	5	5
Active Tuberculosis therapy completion rate	100%	100%	100

Reported October –September

STD/HIV Prevention and Treatment

2026/27 Budget

The STD/HIV Program operates a full-service clinic providing testing, treatment, disease intervention, outreach, and public health follow-up services.

The program focuses on increasing testing and education among high-risk populations while identifying trends that contribute to disease transmission. Public health follow-up has identified increased use of anonymous dating applications and unprotected sexual activity as contributing factors in local disease spread. APH utilizes both traditional outreach methods and social media platforms to provide education and increase awareness.

Expanded testing efforts continue to identify previously undiagnosed cases, allowing earlier treatment and reducing transmission within the community.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Patients seen in STD clinic	1950	2,000	2,000
Patients tested through HIV Outreach	2,030	1,900	1,900

Testing numbers reported October - September

Public Health Preparedness

2026/27 Budget

The Public Health Preparedness Program conducts all-hazards preparedness planning, training, response coordination, and public education

The team works closely with local, State, and Federal partners to develop emergency plans and conduct exercises ranging from tabletop discussions to full-scale response operations.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Whole Community Preparedness Outreach: Individuals Reached	722	1000	1000
Preparedness training, exercises, and live responses	17	20	20
Preparedness meetings with local, regional, and state agencies	28	50	50

Public Health Promotions

2026/27 Budget

The Public Health Promotions Program continues to expand as grant opportunities become available. Through coalition building, assessment, and strategic planning, the Healthy Amarillo Women initiative works to strengthen community resources that support families and improve long-term health outcomes.

The department also participates in the Community and Clinical Health Bridge grant, supporting efforts to reduce obesity and chronic disease in Potter and Randall Counties.

In response to community needs identified in 2019, APH began providing portable cribs to local homeless shelters to support infant safe sleep practices and reduce sleep-related infant deaths. The program has since expanded to serve families throughout the entire community, with APH continuing to secure grant funding to increase access to safe sleep resources and education.

APH also maintains five certified Child Passenger Safety Technicians who provide car seat inspections, education, and installation assistance for families throughout the community. APH operates a Safe Kids Program focused on preventing unintentional childhood injuries through coalition development, education, and community action. This team also serves as the operational arm of the Panhandle Child Fatality Review Team.

In collaboration with Texas Tech University Health Sciences Center, APH also participates in the Vibrant Moms Project, which focuses on improving maternal health outcomes through education, support services, and community partnership initiatives designed to strengthen maternal and infant health in the region.

	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Number of car seats inspected	41	60	60
Number of new car seats installed	548	500	500
Number of cribs provided to families	151	175	175
Individuals completing the RESET program	36	35	35
Participants in Walk With Ease	12	40	40
Total garden production	1700 pieces	1000	1000

Health Informatics

2026/27 Budget

Health Informatics is an expanding field within healthcare that includes electronic medical records, health information exchange, billing, HIPAA privacy and security, provider credentialing, staff development and training, data analysis, and quality improvement. Focused on technology, efficiency, and innovation, the Health Informatics team supports departmental operations through the following functions:

- Coordinates electronic medical record activities for the department and serves as backup to the Local Responsible Party for information privacy and security.
- Establish and oversee departmental billing practices.
- Maintains the department's pharmacy license and CLIA certification.
- Provides staff onboarding support and coordinates the Learning Management System (LMS).
- Conducts and coordinates program evaluations and quality assurance activities.
- Supports the department with logistics, IT training, administrative support, data analysis, and communication coordination.

Women's Health

2026/27 Budget

The Women's Health Clinic opened on April 22, 2025, following funding approval by the Amarillo City Council during FY24. The clinic was established to improve access to preventive and wellness healthcare services for women in the community.

Services provided include Pap testing for cervical cancer screening, mammogram referrals for breast cancer screening, STD/HIV testing and treatment, contraception services, and pregnancy testing. The team also provides resource navigation for pregnant patients, including assistance with Medicaid enrollment and referrals to prenatal care providers.

Amarillo Public Health looks forward to continued growth of the Women's Health Program as community needs and funding opportunities evolve.

Performance Measures/Indicators:	**2024/2025 Actual**	**2025/2026 Estimated**	**2026/2027 Projected**
Patients seen in Women's Health	76	1000	1000
Pregnant patients referred to prenatal care	7	200	200
Number of clients enrolled in Pregnancy Medicaid	23		

Community Mental Health

2026/27 Budget

Amarillo Public Health received the Community Mental Health Grant in March 2020. From March 2020 through September 2024, APH partnered with Family Support Services to provide program services. APH recognizes and appreciates the foundation and support Family Support Services provided in establishing the LOSS Team.

In September 2024, APH transitioned the program back under direct public health operations. Texas Health and Human Services substantially increased funding in recognition of the program's impact, allowing APH to expand services for survivors of suicide loss.

The Community Mental Health Grant supports the LOSS Team, which stands for Local Outreach to Survivors of Suicide (LOSS). The LOSS Team partners with local law enforcement agencies to respond directly on scene when there has been a death from suicide. The LOSS Team provides immediate emotional support, hope, resources, scene restoration assistance, and connections to counseling services for survivors.

The team also facilitates monthly survivor grief support groups and ongoing outreach efforts. Research shows survivors of suicide loss are seven times more likely to die by suicide themselves. Historically, survivors may wait an average of 4.5 years before reaching out for local support services. Following intervention from the LOSS Team, survivors are connecting with resources in approximately 39 days, significantly improving opportunities for support and recovery.

	2024/2025 Actual	2025/2026 Estimated	2026/2027 Projected
Grief Groups Held	14	24	35
Survivors Served	208	150	175
Response Calls	30	25	30

Mission

Safeguard the health of low- and moderate-income women, infants, and children (up to age five) who are at nutritional risk by providing nutritious foods to supplement diets, information on healthy eating, and referrals to health care.

Strategic Approach

The mission and role of the WIC Nutrition program serves low- and moderate-income families, provides health screenings, nutritious foods to supplement their diets, and referrals to health care and social service agencies. Participation in the WIC program is associated

with a reduction in the number of poor birth outcomes and a reduction in the amount spent on Medicaid costs. Participation in the WIC program supports cognitive development, helping children to enter kindergarten ready to learn.

The WIC Nutrition Program is federally funded by USDA through a grant to the State of Texas. The state administers the program and contracts with the City of Amarillo to provide services in accordance with state and federal guidelines. The WIC Nutrition Program delivers the highest quality services with integrity and with respect to the WIC-eligible population. The department serves an average of 6,310 participants per month or 75,719 participants per year. The department has an operating budget of $2.5 million. Additionally, the department oversees $7.5 million in food benefit issuances.

There are two major types of nutrition risks recognized for WIC eligibility: medically based risks such as anemia, underweight, history of pregnancy complications, or poor pregnancy outcomes; and dietary risks, such as inappropriate nutrition/feeding practices or failure to meet the current Dietary Guidelines for Americans. Women, infants, and children at nutrition risk have a much greater risk of experiencing health problems.

Programs of the WIC Department

Administration

2026/27 Budget

This program provides the administrative expertise for the administration of all aspects of the WIC Nutrition Program in accordance with federal and state regulations and internal policies and procedures.

Education

2026/27 Budget

This program is responsible for delivering nutrition education to participants enrolled in the WIC Nutrition Program according to state and federal regulations. The Nutrition Education section provides concise, accurate, and up-to-date nutrition education to participants through individual or group nutrition counseling sessions along with printed nutrition education materials. It is the goal of the WIC Nutrition Education section to provide nutrition education that will address the specific categorical and dietary needs of the participants at a level they can easily understand, and in a language that is common to them. Nutrition education is provided through nutrition Zoom cooking classes, nutrition classes, Zoom gardening classes, Zoom breastfeeding classes, individual nutrition counseling, and online classes available through the state web site. The Zoom classes in cooking, gardening, and breastfeeding provided by the department are popular with WIC participants. This form of nutrition education offers participants an opportunity to learn by participating more actively in education classes and thus retaining and applying more nutrition information/principals in their lives.

Performance Measures/Indicators:	**2023/2024 Actual**	**2024/25 Actual**	**2025/26 Actual**
Strive to maintain percentage of WIC participants receiving nutrition education above 95% (state standard)	100%	100%	100%
Annual number of families receiving nutrition education and	68,265	73,851	75,719

counseling services at the time of benefit issuance			

Breastfeeding Education

2026/27 Budget

This program is responsible for providing breastfeeding information, education, and support to pregnant women and breastfeeding women enrolled in the WIC Nutrition Program, as well as those in the public requesting such. Services are provided by Breastfeeding Educators, Lactation Consultants, and Peer Counselors.

Performance Measures/Indicators:	**2023/24 Actual**	**2024/25 Actual**	**2025/26 Actual**
Percent of infants enrolled in WIC that are breastfed.	44%	44%	47%
Number of breastfeeding women receiving breastfeeding counseling/education	7,853	8,148	8,655

Client Services

2026/27 Budget

This program provides support for the delivery of services to WIC participants in the most efficient, timely, accurate, professional, and pleasant manner possible. These support services include performing anthropometric body measurements and plotting results on growth grids; assessing eligibility for the program based on financial, residency, medical/nutritional factors; computer data entry of participant information; issuance of program benefits; scheduling certification and nutrition education appointments; copying/reproduction of materials; filing; and telephone and reception activities. In July 2024 the
state WIC Program rolled out the myWIC app that allows WIC Participants to upload their financial documents prior to their appointments and enables WIC staff to complete the financial eligibility portion of the WIC certification as a measure of streamlining service and reducing the length of time the appointment takes. However, if participants can't upload their documents via the app, the WIC staff are happy to assist them in the clinic. The myWIC app can also be utilized by the WIC participants to check for WIC approved food products in the grocery store, view their benefit balances, take online nutrition classes, make/change appointments, and receive personal messages from the WIC Nutritionists concerning their individual case. During 2026 State of Texas WIC is moving from an off-line to an on-line system with full implementation being July 1, 2026. Having an on-line system offers many additional features such as being able to change and update clients' food benefits without them having to come to the clinic for such things as formula prescription changes as well as being able to load benefits for clients that have completed on-line classes.

The COVID-19 pandemic had a severe impact on the overall caseload for the department, creating a 20% drop in caseload from Jan. 2020 to March 2021. The department is proud to report that caseload grew by 19% from 2022 to 2024 and grew by an additional 8% during 2025, resulting in a caseload that has returned to rates higher than the department was at right before the pandemic. During 2026 the caseload stabilized and had a slight decrease. The decrease is attributed to the declining birth rate in Amarillo, the high employment rate in Amarillo, and the rise in average income in Amarillo.

Performance Measures/Indicators:	2023/24 Actual	2024/25 Actual	2025/26 Actual
Percentage of total caseload that is infancts	26%	26%	25%
Percentage of total caseload that is children	47%	47%	48%
Percentage of total caseload that is women	27%	27%	27%
Average number of participants served monthly	5,689	6,154	6,310
Total number of WIC participants receiving food benefits annually	68,265	73,851	77,719
Percentage change from previous year	+7%	+8%	+2.5%
