

TAKE THE HIGH ROAD PROGRAM

Call for a ride and
send the bill to us.

AllOne Health remains committed to your safety and the safety of those around you.

If you are ever in a situation where you feel unable to drive due to alcohol, medication, or emotional distress, we encourage you to take a safe ride home.

With your EAP benefit, you can take an Uber, Lyft, or Taxi and still be reimbursed—through a future Uber ride credit.

The process is simple, fast, and completely confidential.

**Your safety comes first—
always take the high road
and get home safely.**

HERE'S HOW IT WORKS

Take a safe ride using **Uber, Lyft, or a Taxi.**

Submit your receipt
and basic trip details.

Once processed, you will **receive an
Uber Voucher via email.**

The voucher can be added directly to
your **Uber account** and used for a
future ride.

This benefit is available for **you and your
dependents (18+ years), up to \$45**
(excluding tip), **once per year.**
