The combined amounts of insurance purchased for both portability and conversion coverage cannot exceed the amount you had in effect under your employer's group policy.

How Do I Calculate My Premium and How Much Should I Send in With My Application?

To calculate your premium for portability or conversion, locate the premium rates on Page 2 of either application and follow the instructions provided.

For portability, if your application period is 45 days, then one full quarter's premium is required before your coverage can become effective. If your application period is more than 45 days, please contact The Standard for the amount of premium that is required before your coverage can become effective. For conversion, at least two months' of premium is required before your policy can become effective.
